ELKS, TAKE NOTICE. Goldfield lodge 1072, B. P. O. E., extends invitation to Tonopah lodge 1062, B. P. O. E., and also to all stray Elks, to participate in the dedication of their service flag on tomorrow (Thursday) evening at their home in Goldfield. It will also be the initial visit of District Deputy Grand Exalted Ruler H. H. Atkinson to Goldfield lodge in his official capacity. A fine program has been prepared and a good time is promised, as that is always the way the Goldfield bunch have it. A class is also waiting to be introduced to the ways of the antlered herd.

SHIDLER ARRESTED ON CHARGE OF SEDITION

DEPUTY SHERIFF WILL BE TAKEN TO CARSON CITY AND TRIED IN FEDERAL COURT.

Deputy Sheriff Al Shidler must answer to the United States government on the grave charge of making seditious utterances. He was placed under arrest this morning by Richard Tatum, deputy United States marshal, who will take him to Carson City tomorrow morning. Meanwhile Shidler is in the custody of Sheriff Thomas. The defendant is alleged in affidavits by a number of men to have expressed commendation of the work of destruction by German submarines and to have criticized the government for entering into the war. Several of the witnesses who made affidavits went to Carson City several days ago and gave testimony against Shidler before the federal grand jury, which brought the indictment.

MRS. MARY MASON DIES AT ROUND MOUNTAIN

Mrs. Mary Mason, aged 66 years, died at Round Mountain yesterday morning. She retired Tuesday night in the best of health, but early in the morning she was stricken with heart failure. For the past six years Mrs. Mason, who had been a resident of Sonora county, Cal., made her home with her daughter, Mrs. Frank Gendron, of Smoky valley, and her granddaughter, who accompanied her from Sonora. Miss Lillie McGowan. During her residence in Nye county the deceased endeared herself to all with whom she came in contact. She leaves three daughters and three sons to mourn her demise. The sons are Louis of Round Mountain, Edward of Yerington, and Frank of Sonora. The daughters are Mrs. I. Standway of Milton, Cal., Mrs. W. H. Mosley of San Francisco, and Mrs. Frank Gendron, besides a sister, Mrs. Ida Folsom, who resides in Oakland. The remains were shipped today to Sonora, where they will be laid beside the body of her husband, who died several years ago. The remains were accompanied by Mr. and Mrs. Frank Gendron, Louis Mason and Miss Lillie McGowan.

HALF MILLION DOLLARS IN BULLION SHIPPED

(By Associated Press.) SAN FRANCISCO, Cal., Feb. 27.—Details of the shipment of \$500,000 in gold bullion, weighing 2,500 pounds, through tremendous snow barriers from Iditarod, Alaska, to Seattle, Wash., a distance of 1045 miles, have been made known by the Alaskan Commercial company offices here. The shipment was started December 5, 1917, from the Riley placer holdings in the Iditarod district. Dog teams took it to Tanana, and regular horse-drawn stages to Fairbanks and Chitna. It was then loaded on the Copper River railroad for the seacoast, 131 miles distant. At Parsons and Yost, stations between Iditarod and Tanana, there was one snowfall of thirty-six inches in twenty-four hours. Because of this it took the dogs twenty-four hours to make twelve miles one day and fifteen hours to make sixteen miles the next. During the battle with this storm R. D. Benzie, who had charge of the shipment, dislocated his shoulder while aiding in shifting the load. He was forced to ride for three and one-half hours before he could obtain relief. While it was being taken on the horse-drawn stages the bullion had to be cached in the snow and left alone several times while the drivers went to distant road houses for fresh horses. The shipment reached Seattle February 2, 1918. The stage between Chitna and Fairbanks, a distance of 310 miles, is drawn by four horses. A single horse stage line operates between Fairbanks and Tanana, a distance of 161 miles.

FOUR MEN ENLIST IN THE ENGINEERS

LIEUTENANT JOYES MAKING A WHIRLWIND CAMPAIGN FOR PATRIOTS.

Four men were accepted for the 319th engineers on Tuesday. Three of them, Clarence Mayes, formerly a truck driver in the fire department; John Neabitt, clerk and bookkeeper; and Leslie Mellor, an electrician with the Esmeralda Power company, were inducted from the draft. Mike Burke, aged 40, and a miner, was enlisted. More miners are wanted for the 319th, as they are not coming forward as they should. It will only be a very short time before this regiment is filled up and there will be no further opportunity for the men in the draft to pick the branch which they prefer. The time to go is now and the men that hold back will lose out by their lack of decision. The soldier that gets the head start will have a better chance for promotion than his friends who cannot make up their minds. Lieutenant Joyes, who is at the Mizpah hotel, expects to leave Tonopah at the end of this week. This means that those men who want to join the 319th engineers must act immediately and get in touch with the recruiting officer.

CHECK SYSTEM USED IN PUBLIC SCHOOLS

(By Associated Press.) LOS ANGELES, Cal., Feb. 27.—Suffering in homes, due to the induction of men in the families into the military service, has been prevented, in many instances, by a check system handled through the public schools, according to a report on war work in the schools just issued here. The report states that in order to get a list of homes where suffering or hardship might have followed the draft, teachers were asked to learn from the pupils in each room whether any member of their families had joined the service. If they had relatives in the service, the teacher filled out a simple card, adding checks which indicated whether, from her acquaintance with the pupil and his circumstances, any possibility of hardship existed. The cards that indicated such a possibility were turned over to the relief division of the Red Cross, and the cases investigated, many families being thus saved from real hardship and suffering. The plan, it was said by the report, had the advantage that the pupils did not know of its operation, and as the queries were made quietly, no one was wounded by any suspicion of misplaced charity, while others who needed help were found. A complete survey of the city was made, it was reported, without any expense and within a few days of its initiation.

SERIOUS CHARGES BROUGHT.

(By Associated Press.) A PACIFIC PORT, Feb. 27.—Federal officers have ordered the arrest of three officers of the steamship Centralia. It is alleged they took supplies to Germans interned in Lower California and explosives to South America and attempted to obstruct the draft.

DIVIDE LEDGE SHOWS 52 FEET OF PAY ORE

DRIFTS WILL BE RUN IN BOTH DIRECTIONS AND ANOTHER LIFT THEN SUNK.

The footwall of the ledge in the Tonopah Divide on the 265-foot level was reached last night. The vein is 52 feet wide at that point, exactly twice the width on the level above. While there are some portions of the ledge that are low grade, as would be natural in such a huge body, there are places where the grade is so high that the entire mass may be broken at a profit for the gold and silver values alone, while the molybdenum content is extremely valuable. Superintendent Watters has started a drift to the eastward in the ore and will also run westward, a distance of about eighty feet in each direction, and after this proving up work is done the shaft will be sunk for an additional lift and another crosscut run to the ledge.

REVOLUTIONISTS WILL ATTEMPT A DEFENSE

(By Associated Press.) LONDON, Feb. 27.—A Russian official statement has been received by wireless saying that the revolution party will defend itself against Germany. It is announced that Germany refused to sign an armistice, but said "we are prepared to sign their peace of usurpation. We have already declared this but there are indications that German imperialists don't desire peace, but instead an immediate strangling of the revolution."

Special dispatches indicate that it is not likely the Germans will encounter difficulty in occupying Petrograd. The Russian soldiers frantically refuse to fight. The workmen are more enthusiastic over offering resistance. Some correspondents say the bulk of the population are bewildered and apathetic and think that resistance would be of little consequence. The Daily News correspondent says: "Immediately after the first few German troops appeared the Russian peasant soldiers, who, being peasants, were interested merely in the land question and cared nothing for the revolution, started eastward in an uncontrollable wave, threatening to sack towns. The Russian army was Germany's strongest weapon. Revolutionary workmen could have put up a real fight against the Germans, but the workmen could do nothing against the Russian army, which must disappear before the revolution can begin to create any real military force in itself."

WILL INVESTIGATE REPORTS.

(By Associated Press.) ST. JOHNS, Feb. 27.—Rescue steamers are ordered to investigate the report that signals received here indicate that persons are still alive aboard the Red Cross liner Florizel that was wrecked Sunday near Cape Race.

AMUSEMENTS

MAE MARSH AT THE BUTLER TONIGHT.

"Fields of Honor," in which Mae Marsh plays the leading role, at the Butler tonight, pictures the shot that caused the war. Austrian archduke's assassination vividly reproduced in the Goldwyn-Cobb film, the story of which was published in the Saturday Evening Post, and read by millions of people. The shot that rang around the world—the murder of the archduke of Austria—never was more vividly reproduced than in "Fields of Honor," the pictureization of Irvin A. Cobb's stirring story. For realism and fidelity to detail the scene portraying the assassination of Francis Ferdinand at Sarajevo, Bosnia, has never been approached. So realistic is the screen version of the tragedy that one is forced to doubt whether it could be more so had a photographer clicked the actual killing—the event that transformed a peaceful world into a bloody battleground. "Fields of Honor" is replete with historic scenes, though the tragedy at Sarajevo will perhaps be best appreciated because of its significance in connection with the world war, and Mae Marsh avails herself of every opportunity to prove her right to the title, "The Bernhardt of the Screen." The latest release of Hearst-Palms News will also be shown, presenting all notable events. Tomorrow, Jack Pickford and Louise Hoff, in "The Varianet." Coming, "The Birth of a Nation."

FLOUR HOARDERS ROUNDED UP.

(By Associated Press.) SAN FRANCISCO, Cal., Feb. 27.—The California food administrators have completed a roundup of alleged hoarders of flour and grain. It is said that about twenty-five dealers are involved. They are now compiling a list of those from whom supplies of flour and grain were taken. It is announced that 727 pounds of sugar and 1960 pounds of flour were seized by the food administration. It made public a list of the sellers and purchasers of hoarded foodstuffs. It included the Felghusen company of Sacramento, which sold to A. L. Dophehart of Coalinga eighty pounds of sugar.

FOOD VIOLATIONS FOUND.

(By Associated Press.) SACRAMENTO, Cal., Feb. 27.—State Superintendent of Weights and Measures Johnson said today that his department has unearthed 219 violations of food regulations and has forced the return of 100,000 pounds of restricted commodities to the avenues of distribution.
