Congress to Make Sedition Bill Drastic and Sweeping

SENATE DEVOTES ENTIRE TIME TO DISCUSSING THE SEDITION BILL

Wilson and Cabinet Review Lynching of Pro-German at Collinsville

(By Associated Press.) WASHINGTON, April 6.—All other business was laid aside by the senate yesterday for denunciation of disloyalty, sedition, German spies and the I. W. W., and discussion of how the espionage act should be extended so as to curb these evils and avoid mob law, without abridging the fundamental liberties of American citizens.

though there were criticisms that its prohibitions against disloyal and seditious utterances are already too broad. Senator Lodge of Massachusetts introduced an amendment prohibiting transmission through the mails of any matter printed in the German language, and Senator Lewis of Illinois, offered one which would forfeit the citizenship and property of persons adjudged disloyal by a jury.

FRENCH HOLD BACK FOUR TIMES THEIR NUMBER OF HUN TROOPS

Seven Entirely Fresh Divisions in Attacking Party; Enemy Suffers Heavy Losses

(By Associated Press.) WITH THE FRENCH ARMY. FRANCE, April 6.—There was no relaxation of German efforts today north of Mont Didier. Between Thennes and Grivesness a few French divisions faced and held back nearly four times their number of selected German troops. One division of the German guard suffered especially heavy losses. Seven entirely fresh divisions were among the enemy attacking the French troops. The French artillery, composed mostly of field guns, was brought forward and it battered the Germans unmercifully until the supplies of ammunition were exhausted.

The prisoners taken affirm that the German losses were terrible. Many of the attacking companies were reduced below fifty men. Each German prisoner captured had two days' rations and two water bottles. Each had a map showing the proposed arrival of the attacking troops and the various objectives, one of which was Paris.

HOUSE OF HOHENZOLLERN A DEN OF THIEVES, SAYS CHURCHMAN

Delivers Patriotic Address Before Methodist Episcopal Conference at Newark

(By Associated Press.) NEWARK, N. J., April 6.—Count Von Bernstorff and all of his aides should have been hanged when the Lusitania was sunk, Bishop Cooke of Helena, Montana, declared in addressing the Newark Methodist Episcopal conference. America should have entered the war "When the water was fine," he said, which would

have heartened Belgium, England and France. He added, "But we are now in to stay and the only peace the American nation will endorse will be a peace coming from an unconditional surrender. The House of Hohenzollern has been from the beginning a house of thieves and scoundrels, that never respected the laws of either God or man."

GERMANS ADVANCE IN DENSE WAVES

(By Associated Press.) LONDON, April 6.—The British by a counter attack late yesterday in the neighborhood of Hangard improved their positions south of the Somme somewhat. Below Ayette, in the sector north of the Somme, the struggle continued in violence until late yesterday evening. The Germans attacked incessantly. The Germans attacked Corbie, in the valley of the Somme, at daybreak today, according to Reuter's correspondent. The enemy advanced in dense waves. The main German thrust appears to be west of the Vaire wood, towards the principal Amiens road.

NEBRASKA SOLDIERS CAN VOTE BY MAIL

(By Associated Press.) LINCOLN, Neb., April 6.—The senate this afternoon passed the sedition bill fixing a penalty of not less than \$100 or more than \$10,000 or imprisonment of less than 30 days or more than ten years, or both, for any one found guilty of the crime of sedition. The bill is amended from that passed by the house. A bill permitting Nebraska soldiers to vote by mail was unanimously passed by the senate. The house had previously passed the bill.

JAPAN WON'T SEND FORCE TO SIBERIA

(By Associated Press.) WASHINGTON, April 6.—Since the return to Japan from Russia of Baron Uchida, the Japanese minister to Petrograd the Japanese prime minister has indicated clearly that Japan does not intend at present, at least, to enter Siberia in a military way without reference to the wishes of the Russian government, unless some extreme emergency should arise. It has been assumed here that such an emergency would be organization of the German military prisoners in Siberia into an armed force designed to seize control of the country, or the taking possession by factious hostile to the entente allies of the great quantity of military stores accumulated at Vladivostok.

(By Associated Press.) COLLINSVILLE, Ills., April 6.—Formal investigation of the death of Herbert F. Praeger, who was hanged following charges of disloyalty, will not be made until next Monday when Roy A. Lowell, coroner of Madison county, will hold an inquest over the body. At that time representatives of the state attorney general and the adjutant general will be present, prepared to carry forward any measures deemed necessary to apprehend those who participated in the hanging.

(By Associated Press.) CAMP LEWIS, Tacoma, Wash., April 6.—When war was declared the Rev. Milton Charles Lutz, pastor of the First United Brethren church at Walla Walla, Wash., resigned his pastorate and volunteered for service as a chaplain. He was assigned to Camp Lewis with the Three Hundred and Sixteenth Engineers with the rank of a first lieutenant.

REFUSE TO ARREST LYNCHING MEMBERS

(By Associated Press.) COLLINSVILLE, Ills., April 6.—Four justices of the peace have refused the coroner's requests for warrants to arrest five men alleged to have perpetrated the lynching of Praeger because they "didn't care to get mixed up in the matter." The coroner said he would ask the state's attorney to act. Mose Johnson, a district board member of the United Mine Workers, promised at the "proper moment" to issue a statement showing that the members of the mob have possession of information that caused the drastic action.

SPRINGFIELD, Ills., April 6.—Governor Lowden has ordered Adjutant General Dickson to take whatever steps are necessary tomorrow to maintain order and suppress any sedition in the Socialist meeting in Chicago at which Victor Berger and others are to speak. NATION CELEBRATES ANNIVERSARY OF ITS ENTRY INTO THE WORLD WAR

(By Associated Press.) WASHINGTON, April 6.—The opening today of America's third big campaign for popular war credits, on the anniversary of the declaration of war, promises to resemble Independence day as an occasion for patriotic celebrations. Reports last night to headquarters of the third Liberty Loan told of enthusiastic preparations for parades and bonfires, public meetings and loyalty speeches, to drive home appeals for subscriptions to government bonds. In many states it is a legal holiday, and in scores of cities business is to be suspended part of the day to assist the celebration. Indications last night were that only a small part of the \$3,000,000,000 war credit would be subscribed today. Loan organizations probably will be too busy promoting spectacular features to actually take in subscriptions, and that the real soliciting would start Monday. Small towns promise to be notable exceptions, however, for many of these are anxious to roll up their entire quota of subscriptions within a few hours after 9 o'clock, the official opening time, and thereby win for their communities the third Liberty Loan flag. President Wilson will speak at Baltimore in the evening. Secretary McAdoo at Philadelphia this afternoon. Vice-President Marshall at St. Louis and Secretary Daniels at Cleveland. Millions of persons throughout the country will receive their first reminder that the day is of special importance in American history when they opened their home doors this morning and found hanging on the knob paper designs of the Liberty bell, with the inscription "Ring it again, buy Liberty bonds." At the rising hour, church and fire bells in many communities were rung and Boy Scouts run from house to house pressing door bells. These arrangements have been made secretly in most cities, in order to give the citizens a surprise. A feature of the celebrations nearly everywhere will be the parade of troops. Cities located near training camps have "borrowed" units for the day to impress the citizens who stay at home with their duty to make their dollars enlist in the Liberty war. War exhibits were arranged in some cities, with popular speakers to emphasize the lesson of bond buying. Through St. Louis, Dallas and Atlanta federal reserve districts, special trains of French and American war exhibits were run. Another feature of the early days of the campaign will be the tour of the Great Lakes Naval Training Station band of which John Phillip Sousa is leader, through the midwest and east. Sousa will lead a big band of 350 pieces at St. Louis today. Airplanes from the Mineola training field "bombed" New York with Liberty Loan literature and the "Liberty bank," a reproduction of the sub-treasury there were opened in Madison Square. A parade of citizens marched from Liberty Loan headquarters to the city hall to be received by Mayor Nylan.

SUBMIT PLAN ON NATION'S LABOR

(By Associated Press.) WASHINGTON, April 6.—The war labor department has submitted to the president a program designated "Purity," which will effect the second, third and fourth classes of draft registrants and the lower sections of class one of the men who are not engaged in the productive industry. Farmers believe that the plan is a solution of the nation's labor problem. Officials appeared confident that the president would regard the plan favorably. The principal increase in the labor supply is expected to come from men in the lower section of class one whose position is practically that of deferred classification. With the addition of those who have reached the age of 21 since the passage of the selective service act, class one will include not less than two million two hundred thousand men.

MONSTER PARADE

(By Associated Press.) BOSTON, April 6.—The greatest parade ever held here signified the first anniversary of America's entry into the war and the opening of the third Liberty Loan drive.

CALLS FOR HEAVY MOVEMENT OF MEN

(By Associated Press.) SACRAMENTO, April 6.—The provost marshal general has instructed Adjutant General Borree to be prepared for a movement of 4363 men to Camp Lewis beginning on April 25. This is 12 1/2 per cent of California's gross quota in the first draft. It will make California's total of drafted men sent to the camp under the second draft 5606.

SALVAGE BARBED WIRE

(By Associated Press.) CAMP LEWIS, April 6.—Seven hundred thousand miles of barbed wire are being salvaged at Camp Lewis on the artillery range where the old farm houses have been abandoned and the need for fences has disappeared since the peaceful habit of the farmers has been over due to America's preparation for war.

GERMANS CEASE THE ATTACK ON FRENCH

(By Associated Press.) PARIS, April 6.—The German attack against the French on the battle front has ceased. There was violent artillery fighting last night north and south of Ayre, but no infantry actions. The long range bombardment of Paris was resumed.

(By Associated Press.)
