HUNS FAIL TO MAKE OPENING IN EITHER FRANCE OR FLANDERS

Only Trifling Engagements Are Reported on Italian Border or it the East

(By Associated Press) The entire allied line in France and Flanders still stands firmly. Nowhere have the Germans been able to make a further dent in it.

reciprocal bombardments north of the Avre river and in the region of Lassigny and Noyon. As a whole there is no essential change in the situation along the entire front since Saturday, and it is not evident that the Germans are prepared for the present to resume the offensive, which has cost them so dearly in men killed, wounded or made prisoner.

FIGHTING BOTH SIDES OF THE YPRES CANAL

(By Associated Press) LONDON, April 29.—Yesterday afternoon a hostile attack developed in the neighborhood of Voormezele. The enemy succeeded in capturing the village but was driven out early in the night by our counter attack.

BRITISH RETIREMENT ON FLANDERS FRONT

(By Associated Press) BERLIN, April 29.—The British have made a retirement on the Flanders front before Ypres, it was announced officially this evening. VIOLENT ARTILLERY FIGHTING REPORTED

(By Associated Press) PARIS, April 29.—Violent artillery fighting occurred Friday night north of the Avre (southeast of Amiens) and in the region between Lassigny and Noyon (on the southern side of the Picardy battle front), the war office reported yesterday afternoon. French troops repulsed German attacks northwest of Rheims and in the sectors of St. Mihiel (near which are stationed American troops) and Lunerville.

VIOLENT CANNONADING NORTH OF THE AVRE

(By Associated Press) PARIS, April 29.—In the course of the night there was violent artillery fighting north of the Avre and in the region between Lassigny and Noyon. North of the Chemin des Dames we made two successful raids on the German lines and brought back twenty-five prisoners. The French repulsed German attacks, made after spirited bombardments northwest of Rheims and in the sectors of St. Mihiel, Lunerville and Lepretre wood. Prisoners remained in our hands. Elsewhere on the front the night was calm.

GERMAN ATTEMPTS CHECKED

(By Associated Press) PARIS, April 29.—French fire checked several German attempts at advance in Hangard wood.

CANADIANS MAKE RAIDS

(By Associated Press) LONDON, April 29.—The Canadians have carried out three successful raids opposite Lens, taking sixty prisoners and four machine guns and killing many Germans, says a dispatch from Reuter's correspondent at headquarters in France.

LLOYD GEORGE SAYS FREEDOM WILL WIN

(By Associated Press) LONDON, April 29.—In a special preface announcement containing extracts from the prime minister's war speeches, Mr. Lloyd says: "I never believed that the war would be a short war or that in some mysterious way by negotiation or compromise, we could free Europe from the malignant military autocracy which is endeavoring to trample it into submission and moral death. I always believed that the ma-

chine which has established its despotic control over the minds and bodies of its victims and has then organized and driven them to slaughter, in order to obtain that control to the rest of the world, would only be destroyed if free peoples proved themselves strong and steadfast enough to make the attempt in arms. "The events of the last few weeks must have made it plain to every thinking man that there is no longer room for compromise between the ideals for which we and our enemies stand. Democracy and autocracy have come to the death bar; one or the other will fasten its hold on mankind. "I have no doubt that freedom will triumph. But whether it will, soon or late, after a final supreme effort in the next few months, or long-drawn agony, depends on the vigor and self-sacrifice with which the children of liberty, especially those behind the lines, dedicate themselves to the struggle. "There is no time for ease, delay or debate. The call is imperative; the choice is clear. It is for each free children to do his part."

LIBERTY LOAN WILL BE OVERSUBSCRIBED

WASHINGTON, April 29.—Over-subscription of the three billion dollar war minimum of the third Liberty loan now is looked for during the campaign's final week, but treasury officials declared yesterday the five billions needed would be subscribed only if millions of citizens take shares of the loan in the next six days. It is considered certain that reports this week will include a great number of pledges from wealthy men and corporations which heretofore had held off hoping for the government to arrange a system of installment payments for income and excess profits taxes. The number of subscribers and distribution of bonds by states is shown by the following federal district reports: Iowa, 508,000; Kansas City district: Nebraska, 175,000; Oklahoma, 165,000; Kansas, 160,000; Missouri, western part, 150,000; Colorado, 132,000; Wyoming, 30,000; and New Mexico, 15,000. Total \$22,000. San Francisco district—California, 398,458; Washington, 97,182; Oregon, 85,042; Idaho, 44,385; Utah, 34,227; Arizona, 10,850; and Nevada, 8,043. Total \$22,187. Dallas district shows 70,000.

NEW DEMANDS OF JAPAN ARE ACCEDDED TO

SHANGHAI, China, April 29.—The statement is made in the first issue of the Shanghai Gazette that the Chinese government has agreed to new demands made by Japan, which are of such a nature that the country has virtually been turned over to the Japanese. The Gazette asserts it has been informed by a high official at Peking that the Japanese demands are far more serious than those in Group V, of the famous twenty-one demands made by Japan in 1915. "Notwithstanding the fact that the almost secrecy is being observed," says the Gazette, "it may be stated safely that the following is not far from the true terms of the agreement: "Chinese expeditionary forces sent to Siberia shall be commanded by a Japanese. "Chinese police shall be organized by Japanese officers. "Japan shall control all of China's arsenals and dockyards. "Japan shall have the privilege of working mines in all parts of China. "Special privileges shall be granted to Japan in outer and inner Mongolia and the whole of Manchuria. "A dispatch filed in Peking April 4 said it was reported there that Japan had submitted a new series of demands to China, including complete control of China's finances, the purchase of 50 per cent of China's armament in Japan, operation of China's iron mines and dockyards under Japanese control and recognition of special Japanese interests in Mongolia as in Manchuria.

GERMANS TAKE TOWN BUT HAND IT BACK

(By Associated Press) LONDON, April 29.—The Germans made an attack Saturday afternoon on the northern side of the Flanders salient, capturing the town of Voormezele, two miles south of Ypres, but were driven out Saturday night by a counter attack, the war office announces. Late at night the Germans again attacked on this front.

TRANSPORT TORPEDOED AND SINKS

(By Associated Press) LONDON, April 29.—Fifty-seven Young Men's Christian association workers have arrived. Their ship was torpedoed. It sank in twelve minutes. Three of the crew were lost. Lifeboats picked up the passengers and landed them at a British port. The Americans are all safe. About 250 persons were aboard. Ship owners told the Associated Press that the Americans conducted themselves in admirable manner. They had spent most of the time aboard the ship in military drills and daily and nightly lifeboat drills. The vessel was struck amidships while in a large convoy under the protection of destroyers. Gale Seaman of Los Angeles and E. C. Pullen of New York narrowly escaped drowning when their feet were caught in ropes by which the lifeboats were being lowered. Seaman was thrown into the water head downward. Robert Peckham of Springfield cut the ropes and rescued Seaman. Pullen saved himself.

FRENCH REGAIN LOCRE

(By Associated Press) LONDON, April 29.—Heavy fighting continues on the Loire since the French recaptured it Friday with fluctuating results, according to the Reuter correspondent at headquarters in France. (By Associated Press) HONOLULU, T. H., April 29.—Merchants on the island of Kauai have voluntarily agreed to stop all sales of ham and bacon beginning May 15, according to a message received by Federal Food Administrator Child. This is the first instance of this kind known in the territory.

(By Associated Press) CINCINNATI, April 29.—Christie Mathewson, manager of the Cincinnati Nationals, announced that he will remain with the local team for the present at least and will not accept the invitation of officials of the Y. M. C. A. to go to France and promote baseball among American soldiers over there.

PATHWAY IS CLEARED FOR OVERMAN BILL

(By Associated Press) WASHINGTON, April 29.—Prospects of passage by the senate early this week of the Overman bill, giving the president authority to reorganize government departments, promises to open the way for enactment of a miscellaneous lot of war legislation. On the program for completion during the week are the bills to extend the selective service draft law to youths now 21 years and establish draft quotas on the basis of the number of men in class 1, the sedition bill, the housing bill and other measures. The miners control bill, apparently encountering rising opposition, is awaiting disposal in the house, but it is to give away, according to present plans, for disposal of conference reports on the draft legislation.

STERM OPPOSITION BEING MET BY GERMAN FORCES IN SOMME

Enemy Loses Large Number of Men But Fails to Make Advance in Picardy

(By Associated Press) WITH THE FRENCH ARMY IN FRANCE, April 29.—The stern opposition encountered by the Germans in their attacks in the region of the Somme and in Flanders near Kemmel hill, has prevented them thus far from developing their success on a great scale which they undoubtedly intended. Each of their attacks may be regarded as an effort to prepare the way for a more extended action in the event of an important initial success at either point, but the resistance offered at both places apparently discouraged the German commanders from launching more serious attempts to break through. In Picardy where the Germans attempted to divide the French from the British around Villers-Bretonneux and Hangard the line remained yesterday much the same as it was before the attack begun three days ago.

The only result of the German onslaught in which they utilized eight divisions is the loss of a large number of men without any advance and certainly without obtaining a jumping-off place for which they hoped. Further north where the Germans gained Kemmel hill by the employment of nine divisions, the allied commander-in-chief regarded it as unnecessary to make the sacrifice which would have to be entailed to regain the lost territory since it is not essential to maintenance of the allied positions. In this way the allied reserves are spared intact for future use. There is confidence among the allies in the ability to hold the Germans wherever they choose to make a stand.

GERMANS INTERNED IN HOLLAND ESCAPE

(By Associated Press) AMSTERDAM, Holland, April 29.—The report current last week that Germany had sent an ultimatum to Holland led to a revolt among Germans interned at the Vapenveld camp, according to a dispatch from Hattem, Holland, to the Het Volk. The guards are said to have been overpowered by 1000 Germans who fled in all directions. Many Germans succeeded in passing through Almelo or Hengelo on the way back to Germany, but the police rounded up the majority of them in groups of twenty-five or fifty.

BARRAGE FIRE LAID DOWN BY THE ENEMY

(By Associated Press) WITH THE AMERICAN ARMY IN FRANCE, April 29.—The enemy laid down a heavy barrage in front of the American trenches in the Toul sector at 3 a. m. yesterday morning, the bombardment lasting an hour. After an interval of silence he repeated the performance and half an hour later the German infantry started for the American lines. So intense was the American counter attack that the enemy was repulsed without getting close enough to be engaged by the American infantry. The Germans have been stripping the bodies of dead French soldiers in other sectors and, wearing these clothes, have come over at the point where the French and American lines join.

EVACUATION OF YPRES MAY BE NECESSARY

(By Associated Press) BERLIN, April 29.—The advances of the Germans in the last few days on the northern side of the salient created by their drive in Flanders and particularly the capture of Kemmel hill have rendered it more difficult for the British to maintain their positions on the front before Ypres, as high ground to the south as well as to the northwest now is in possession of the Germans. It has been expected that if the allies did not recapture Kemmel hill they would evacuate Ypres.

DUTCH CHEER ENTENTES

(By Associated Press) AMSTERDAM, April 29.—Vienna newspapers say that crowds of Dutchmen almost destroyed the German club at La Bach. They smashed windows in German stores and cafes. Troops were called out. The demonstrations continued. Ententes were cheered by the crowd.

ARTILLERY ACTIVITY ALONG WHOLE FRONT

(By Associated Press) PARIS, April 29.—The war office announcement last night reads: "There were violent bombardments from Villers-Bretonneux to the Luce river and in the region west of Noyon. "Eastern theater, April 27: The artillery activity was weak along the whole front save in the region of Monastir and on the Sierra where our heavy artillery carried out fires of destruction. In the region of Verlorenhoek, a Serbian assault section at night halted a Bulgarian section. Numerous aerial bombardments were carried out by allied aviators. Two enemy machines were forced to make a landing."

ENGLAND IS PREPARED FOR BAD TIDINGS

(By Associated Press) LONDON, April 29.—Some of the newspapers appeared to be preparing the public for the loss of the channel ports. The Times yesterday says: "There is no denying that the loss of Kemmel hill is a considerable tactical success for the enemy and it will be well, therefore, to prepare for the receipt of other disagreeable news. If the enemy is able to extend his grip on Kemmel we may be compelled to evacuate Ypres. Such evacuation would not inevitably entail the abandonment of Dunkirk, Calais and Boulogne but it is well to realize that these consequences might ensue. We must remember that the Germans cannot win the war by the occupation of Ypres and the channel ports." The Evening News said Saturday night: "The capture of Kemmel hill undoubtedly is a useful step in the direction of Calais and Boulogne and it is frankly admitted that its loss gravely imperils Ypres."

TWO AMERICAN SHIPS IN COLLISION AT SEA

(By Associated Press) WASHINGTON, April 29.—Two American transports recently collided at sea. They returned safely to an Atlantic port, the navy department announced. The two vessels were in convoy and were running unlighted. Neither was seriously damaged. Both were ordered to return for repairs. No lives are reported lost. The board of inquiry will investigate.

LOCAL CLASHES OCCUR ON DIFFERENT FRONTS

(By Associated Press) LONDON, April 29.—A hostile attack in the neighborhood of Loere was reported to be developing yesterday afternoon. Otherwise, the infantry action yesterday has been confined to local engagements on different parts of the battle fronts. South of the Somme a number of prisoners have been brought in by our patrols in the neighborhood of Villers-Bretonneux. Artillery activity continues on both sides. Yesterday afternoon the hostile artillery heavily bombarded our positions in the Ypres sector.

RETREAT IN FLANDERS

(By Associated Press) BERLIN, April 29.—The English have left in our hands further parts of the territory in Flanders. We have reached a line from southwest of Langemarck to Verlorenhoek, Hooge and Zillbeke.

FORTRESS OF KARS OCCUPIED BY TURKS

(By Associated Press) CONSTANTINOPLE, Turkey, April 29.—(Via London).—The Turkish official communication, issued yesterday, says: "We have occupied the fortress of Kars and captured 850 guns." Recent dispatches have reported success for the Turks in Transcaucasia where they already had captured the port of Batum on the eastern shores of the Black sea and were pressing on toward Kars. Kars was a strongly fortified town and of great strategic importance to Russia.

GERMANY DEPRESSED BY LOSSES

(By Associated Press) LONDON, April 29.—(To Reuter's Ottawa Agency).—A telegram from Reuter's correspondent at Amsterdam says: "Extraordinary nervousness and depression prevail in Germany on account of the losses in the western offensive, revealed with remarkable frankness in an article by Captain Von Salzman in the Vossische Zeitung in which he endeavors to restore their lost confidence to the Germans by emphasizing the importance of the capture of Kemmel hill. "Captains Von Salzman enumerates a few of the series of rumors current in Germany. All these stories are prefaced by the remark, 'in the recharging it is said,' and go on to say: "It goes without saying that there are big losses in such a struggle. Our losses in one part of the front have been heavy. Two-thirds of the company leaders in many regiments have fallen. "It is said that a certain deputy thereupon told his hearers in an ante-room: "The minister of war has openly declared our losses to be so heavy that the offensive must be abandoned."
