GARMENTS FOR THE BELGIAN REFUGEES

Mrs. Charles Calhoun, head of the refugee garment department of the Red Cross, made a shipment yesterday of 88 garments for children and one layette. Of this number the Women's Relief Corps bought the material for and made twelve pinafores for children twelve years of age, twenty-one undergarments and six dozen diapers. This means quite an expenditure of time and money on the part of these patriotic women and their work is deeply appreciated.

JUNIOR RED CROSS EXHIBITS FRIDAY

The Junior Red Cross exhibition in the domestic science rooms of the old high school next Friday afternoon promises to be of varied interest. Samples of all the war work done during the past school year will be shown. These will include comfort kits, layettes, refugee garments of all kinds, knitted articles, cases, hospital furniture and many other articles. One of the most important phases of the work done cannot be shown. This is the 44 shipping boxes delivered to the Tonopah Red Cross chapter. Fifty more of these well made containers will be finished before school closes. It is estimated that this will be enough to keep the Red Cross going until school begins next fall.

EMIL ELKNER RAISED TO EXALTED RULER

To fill the vacancy caused by the resignation of George J. Murphy as exalted ruler, Tonopah Lodge, No. 1062, R. P. O. E., last evening elected the following: Exalted ruler, Emil Elkner; esteemed leading knight, Mark R. Averill; esteemed loyal knight, William B. Evans; esteemed lecturing knight, J. Fitzgerald; tiler, W. S. Marks. The appointive officers will probably remain as before. Emil Elkner, the new exalted ruler, has always been an active member of No. 1062 and famous for doing his share of all the heavy duties imposed by the numerous activities of the order which he joined in February, 1915. At that time Joe Gori was in the first chair and Elkner was member No. 500. He was in the office service of the West End Consolidated Mining company, where he remained until the Nye County Council of Defense was organized when he was chosen for the office manager and executive of the body. After the council had completed organizing the outside districts, Mr. Elkner accepted a flattering offer from S. H. Brady to join his staff at the Reno headquarters and resigned. He continued as a member of No. 1062 and, as good fortune decreed, the Brady company returned to Tonopah and established headquarters here for the several corporations involved in the enterprises at Jefferson Canyon and Horseshoe. Mr. Elkner is office manager. The new exalted ruler is well known as an extemporaneous orator and in his present position his talents in this direction will find excellent scope in representing the lodge at public demonstrations. Incidentally it may be mentioned that Mr. Elkner is not married.

EAGLES BARBECUE IS PUT OFF TWO WEEKS

Owing to the exceedingly cold weather the Eagles big barbecue and picnic, which was scheduled for Alkali hot springs tomorrow afternoon and night has been postponed by the Goldfield and Tonopah aeries until Sunday, June 16th. The committees in charge of the arrangements had completed all preparations for pulling off the big show but decided to take no chances on inclement weather conditions and thought it best to delay the event until after the present storm has passed over. The big show with all the features scheduled will be staged at the springs on the 16th and the public is cordially invited to attend on that date.

SCUM OF THE MELTING POT

J. B. Tregloan, who had reprinted at his own expense several hundred copies of the editorial in the Saturday Evening Post, has received a letter of acknowledgement from George H. Lorimer, the editor, thanking him for the reprint and adding: "I firmly believe that the country is waking up to the necessity for a vigorous Americanization movement."

LECTURE ON WOMANHOOD

This evening Rt. Rev. Monsignor Cushman of Ogden will repeat his famous lecture on "American Womanhood" at St. Patrick's church, following the evening devotions which begin at 7:30 o'clock. Isn't that our luck to have coming the biggest rye crop ever heard of just as the whole country is going prohibition?—New York Morning Telegraph.

SPANISH CLASSES ENTERTAIN FRIENDS

Miss A. R. Jewett, instructor at the high school of Spanish and Latin, entertained in the high school gymnasium last evening about 40 students of the Latin and Spanish classes. The affair was given in honor of the two Latin classes, which Miss Jewett explains proved to be the best classes in her whole experience of teaching. The first on the program was a ravioli supper served in the gymnasium at 6 o'clock. It was the real thing and cooked by a person skilled in the art of making raviolis. The accompaniments of ice, cake and salad finished the little feast. Then an operetta, in which the cast were dressed in character, a cornet solo by Roy Cross, a mandolin selection by Murdoch McLeod, two songs by Miss Jewett, "La Paloma" by Mary Cavanaugh, in costume; "Guadeamus," by the Latin class, and "La Boca del Peppita," by the Spanish class, rounded out the evening. Dancing and games were the final diversion.

Miss Jewett returns to her work here next season. She will probably spend the summer in Berkeley pursuing some line of recreation and study. Her efficient work in the class rooms of the high school has been very marked and shows in the appreciation of the students under her tutelage.

WHAT'S WHAT

(By L. L. Mudgett)

Vol. 1, Tonopah, May 28, 1918, No. 58

Nye county is certainly there when it comes to filling its quota on any old kind of a war drive. Here is a new one, listen very carefully. The state of Nevada is called upon to raise another vast sum through the medium of war savings stamps—\$2,225,680 for the state—and that will mean something like \$300,000 as Nye county's proportion. I guess we are in some war, and I guess its going to take a lot of silver to win, but the results will be worth the price and we can figure that future generations will have a "World worth living in."

Briefly, this campaign will commence as soon as we can get our machinery overhauled a bit and the procedure will be practically the same as that of the third Liberty loan drive. From the information at hand it is figured that the quota will amount to about \$25 per capita for the entire county. Pledge cards will be issued and subscribers will have the remaining seven months of the year in which to fulfill their pledges.

War savings stamps are all that their name implies and are to be purchased with the money saved through the medium of thrift and economy. Nobody need fear overstepping themselves in subscribing for stamps as they will be redeemed at their face value in case of necessity and the fact that they bear interest at the rate of 4 1/2 per cent makes them a desirable investment. We gotta get behind the guns.

WALKER LAKE ROAD BUILDING MAY BE COMPLETED THIS YEAR

John H. Miller and his brother Alva will meet the state highway commission Friday morning at Walker lake with a couple of motor boats for the purpose of escorting the board and its engineer across the lake to study the situation involved in building the state road through that section. Mr. Miller today said that the state highway on the western bank of the lake would open one of the most charming resort sections of the southern country to tourist travel and shorten the distance between Tonopah and Reno to a sensible degree. Such a road would cut out the Lucky Boy summit and furnish an open all-winter route. Mineral county has combined with Lyon, Douglas, Esmeralda, and Nye counties to finance the road and Mineral county has contributed \$15,000, which would entitle the road to another \$15,000 from the state and \$30,000 from the national government.

Reports from Elv are to the effect that 90 per cent of the eastern tourists travelling through Nevada want to visit the mining camps of Tonopah and Goldfield and when they find that the Yosemite can be reached by way of Hawthorne and Tioga Pass and reducing the distance 100 miles, a great many more travelers would come this way.

Mr. Miller will suggest to the state highway commission the importance of beginning work at once so that the counties may complete temporary construction on both ends of the heavy rock work which is the most expensive part of the section by early in the fall. This would enable

REGISTER AT THE COURTHOUSE JUNE 1

Every voter should be impressed with the necessity for registering under the new law which makes the county clerk the official registrar who does the work without any extra compensation. The justice of the peace in each township is ex-officio precinct registrar receiving 15 cents for each name he enrolls.

If every citizen will go to the court house and file his application with the county clerk he will save the county a considerable sum in fees and do his bit in holding down the taxes.

The attorney general in a letter to County Clerk Glass defines the law as follows:

"The county clerk is the registrar of the county of Nye. He receives no compensation for registrations made by him except those provided under the provisions of section 22 of the act, wherein he is entitled to receive for the use and benefit of the county, the sum of five cents for each and every name for poll lists furnished by him in municipal or school district elections.

"The justices of the peace of the county are the deputy registrars for the respective township and for the whole territory covered by their justices' precincts. They receive compensation at the rate of 15 cents per name for each registration made.

"Deputy registrars are to be appointed by the clerk in precincts where no justice of the peace resides and which are distant five miles from the county court house.

"Under section 13 of the act, any person residing within the county may register by appearing before the county clerk.

"By section 34 of the act, it is made the duty of the county commissioners of each county to furnish the clerk thereof with sufficient help to enable him to properly perform the duties imposed upon him by the registration act."

The following are authorized to make registrations:

- Round Mountain: Al Morris Carrara, A. B. Perkins, R. C. Johnson, R. C. Johnson, Ralph Irwin, Belmont: F. R. Brotherton, Rhyolite: L. D. Porter, Beatty: C. W. Thomas, Current: Mrs. Etta M. MOTHER IS RECOVERING

Mrs. J. W. Webb, whose husband is employed on the Victor, is at the Mine Operators hospital recovering from a delicate operation necessary to the delivery of a child that was born dead.

The Kitchen in War Time.

The private kitchen has got to go. It is scarcely possible to doubt that now. With gas and fuel at their present prices, and likely to mount steadily higher, the great majority, as winter advances, will certainly be driven to living in one room. The economy effected by that simple measure will be enormous, and it entails no very serious hardship, given a satisfactory arrangement of the cooking problem. That problem could be practically solved tomorrow by the voluntary surrender, even in a very limited degree, of the domestic isolation in which the British family lives. If every two households agree to dine together only, it would be more than half solved. It is a matter in which the merits of a voluntary system over any compulsory arrangement are more obvious even than usual. But if the public continues to set its face obstinately against it, the compulsion will certainly come.—London News.

ATTENTION, MOOSE!

No regular meeting tomorrow, May 30, account of Memorial day. By order of Dictator.

WILLIAM MITCHELL, Secretary.

AMUSEMENTS

SPECIAL AT THE BUTLER

"The Garden of Allah," Robert Hildens' wonderful love story, has been made into a ten-reel screen version, directed by Colin Campbell, who is known far and wide as the producer of "The Spoilers," "The Rosary," "The Ne'er Do Well," "The Crisis"—and now "The Garden of Allah," which will be shown as a special attraction at the Butler today. "The Garden of Allah" has been called the most wonderful love story ever told. It is the one elaborate spectacular production which does not allow its wonderful scenic attractiveness to detract from its soul-stirring romance. Helen Ware, as the gifted daughter of a nobleman, with a soul whose depth is unfathomable, achieves a triumph unequalled hitherto on the screen. Playing opposite Miss Ware is the famous Thomas Sanchi, who will never be forgotten for the role of "McNamara" he portrayed in "The Spoilers." Aside from the wonderful love theme, some of the exciting situations are the attack on the desert caravan; charge of the Bedouins; the escape from the monastery; the fight in the dance-hall; the rescue of Domini and Boris from the dance-hall; the run-away in the desert. There will be no preliminary reel, and the first show will start at 7 p. m. prompt.

Tomorrow, beautiful and talented Lina Cavallera, in "The Eternal Temptress," and the Tonopah motion pictures of the big Red Cross parade of May 18th.
