HUNGER HELPS THE ALLIES

People of Austria and Germany Are Clamoring for Food

NON-PRODUCTIVE LINES WILL BE CLEANED UP UNDER MILITARY RULE

(By Associated Press) WASHINGTON, June 21.—Provost Marshal General Crowder issued new regulations governing application of the work or fight order which does not rule specifically on the status of professional baseball players or other classes. The order emphasizes the section placing games and sports among the non-useful occupations. Officials in General Crowder's office said: "At present the occupation of baseball players is regarded as non-productive, but until a case

has been appealed from a local board there will be no ruling on the subject." General Crowder's instructions are to name, illness, vacation, or impossibility of securing productive employment without a change of residence as reasonable grounds for waiving general orders. While sales and office clerks are classed as non-producers, the boards are directed to exempt department store executives and skilled workers attached to such establishments.

CRISIS IMPENDING AND TROOPS HELD AT HOME TO SUPPRESS RIOTS BORDERING REVOLUTIONS

(By Associated Press.) LONDON, June 21.—An Amsterdam dispatch says former Premier Tisza told the Hungarian parliament that many provinces have only one-fourth or a third of the food necessary to maintain health.

(By Associated Press.) LONDON, June 21.—Austrian newspapers quoted in dispatches from the Hague say among subsidiary causes of anger over a reduction of the food ration in Austria the fact was not announced until noon Monday, although it had been enforced from early morning when louder and excited protests were raised. The Socialist Arbeiter Zeitung of Vienna accused Premier Von Zeidler of producing a disastrous situation by favoring the agrarians and traders. The newspaper said the authorities must call the attention of Germany and Hungary to the fact that food conditions of Austria are intolerable and demand necessary assistance.

The Socialist paper is quoted as giving the weekly ration in Austria as 22 ounces of bread, 1 1/2 ounce of fat, 6 1/2 ounces of sugar and 7 ounces of meat. If the applicant waits all night for it he may receive one egg, a little jam and a coffee substitute.

(By Associated Press.) COPENHAGEN, June 21.—A Vienna newspaper says the situation at Prague, Bohemia, and other industrial centers in that district, is so serious that Austria must increase its bread ration or risk further exciting the people and possibly causing a revolution.

(By Associated Press.) LONDON, June 21.—Food conditions in Germany are becoming worse and there is great discontent owing to another reduction of the bread ration, according to a Dutchman arriving from the Hague, according to a Times correspondent. This man just left the Krupp plant at Essen because he couldn't stand the food, he said. The correspondent said he would corroborate the statement by others, and added one popular saying is: "The people pay a hundred marks for a sick dog to eat." He said the war is becoming unpopular among the workers, but the feeling ebbs and flows with the tide of Germany's successes and the English generally are cursed.

BIG DRIVE IMPENDING IN FRANCE

(By Associated Press.) PARIS, June 21.—The Havas agency reports grave events are impending on the British front, according to military experts, who regard the intensity of the German cannonade as preliminary to a new attack. It is believed that the fourth German army group, after three weeks' leisure, has been reorganized and made ready for a new effort. It has been established the units of Crown Prince Rupprecht's army were engaged in the abortive attack on Rheims Tuesday night. This is considered proof that Rupprecht's army is tired and exhausted.

ENEMY PATROLS SUFFER SEVERELY

(By Associated Press.) WASHINGTON, June 21.—General Pershing reported today that enemy patrols suffered considerable losses northwest of Chateau Thierry and Woivre. Artillery fighting continues there and in the Lorraine regions.

(By Associated Press.) SAN FRANCISCO, June 21.—The Union Iron works has begun the construction of a new ten-way shipyard at Alameda.

SILVER WEDDING OF BRITISH KING WILL BE CELEBRATED MODESTLY

(Correspondent Associated Press) LONDON, June 21.—The English people will, on July 6, have the first opportunity since the days of George III to celebrate the twenty-fifth wedding anniversary of their king and queen and are preparing to make the event to the fullest extent that war necessity and war sentiment will permit. King George and Queen Mary have decided to accept a personal silver gift from the city of London and the lord mayor of London is raising a sum of money which will be bestowed upon some charity their majesties may select in honor of the anniversary. Formal ceremonies of the day will be confined to special services at St. Paul's cathedral from which the king and queen will go to Guildhall to receive the good wishes of the city of London. It is presumed that the people will take advantage of these drives to voice their congratulations. British writers, deploring the fact that it would be improper during the war to have elaborate ceremonies, point to the contrast between the feeling of animosity toward the "German George" of the eighteenth century and the attitude of the people toward the present king. The bitterness toward George III has lost nothing in the re-telling of conditions of that time. King Edward and Queen Alexandra celebrated their silver wedding thirty years ago when they were the Prince and Princess of Wales and the nation joined in the celebration.

FAILURE OF DRIVE ON MONTELO IS OFFICIALLY TOLD

ITALIAN PREMIER ANNOUNCES REPULSE OF ENEMY ON STRONG SALIENT

(By Associated Press.) ROME (Thursday), June 21.—Premier Orlando has announced that the Austrian efforts to widen the north-eastern salient on Montello has failed. Toward the south the enemy succeeded in crossing the railway at several points near Niverna station, but was stopped. The Italians gained more ground on the lower Piave. Enemy losses today are enormous. The Italians captured several hundred.

(By Associated Press.) SACRAMENTO, June 21.—The provost marshal general has called 1350 men of class one, California draft registrants, to move to Fort McDowell in five days beginning July 15th. Instructions to send questionnaires to June 5th registrants beginning June 25th, were received today by the adjutant general.

AMERICAN AIRPLANES WILL CROSS ATLANTIC UNDER OWN POWER

(By Associated Press.) WASHINGTON, June 21.—Major General Brancker, of the British air ministry, said American air and sea planes should be flying in Europe next summer. He is here to cooperate with the American aircraft officials.

He believes they should attempt soon a transatlantic flight. He said the British decided upon such flights to find a route for the movement of American aircraft to the front and expected a British seaplane would make an initial flight by autumn. The start will be from Newfoundland and touch at the Azores and Portugal before arriving in Ireland. The crew will include an engineer, two pilots and a navigating officer.

General Brancker said: "There is no reason why a considerable number of big aeroplanes and seaplanes shouldn't cross the Atlantic during next summer." He estimates the trip would require forty hours.

HANDSOME SUM FOR RED CROSS

A check for \$203.90 was handed this morning to Robert J. Highland, chairman of the Nye county chapter of the Red Cross, as the net results of the box sale held last Saturday evening on Main street. The affair was directed entirely by Mrs. John C. Martin and Mrs. T. A. Musante, who succeeded in bringing about the sale after many vexatious delays and they are thankful to the many contributors who sent in packages and made donations to help the movement, which was the first of the kind attempted in Tonopah. Before when the sale was announced the ladies generously postponed action owing to the Liberty loan drive, the Red Cross drive, the Y. M. C. A. drive and the Knights of Columbus drive, all of which came in rapid sequence and it was deemed expedient to defer the sale until a more propitious time, which arrived with the cloudburst of Saturday afternoon, which would have led to another postponement had it not been for the enthusiasm of the ladies who insisted on the sale going through. The thanks of the promoters are extended to Milton M. Detch, who so ably and genially officiated as auctioneer, Miss Helen Case and Miss Helen Spratt, the charming representatives of the Red Cross, who took an active part in conducting the sale, the Musicians' Union and W. B. Rountree, who acted as cashier. A second storm at 10 o'clock last Saturday night forced a hurried adjournment although the auctioneer said he would stay at his post as long as the ladies desired. This resulted in leaving unsold a number of boxes which will be held until some future time when another opportunity is presented.

would require forty hours. The British are convinced that the Liberty motor which will be used next year will carry long range American bombing planes to Europe, upon which the British are relying for their determination to bomb Berlin. It is said the success of overseas flights are dependent upon engine reliability and accurate weather forecasting.

FLEE FROM BERLIN IN AIRPLANES

DESPERATE FLIGHT OF MEN SICKENED BY INTOLERABLE CONDITIONS

(By Associated Press.) COPENHAGEN, June 21.—Two residents who fled from Berlin by aeroplane because of conditions landed in Denmark today. German guard ships brought down two other in the Baltic. One reserve officer and a professor escaped.

BRITISH REPULSE GERMAN PATROLS

(By Associated Press.) LONDON, June 21.—The British conducted further extensive raiding patrol operations last night in the Arras region, and towards Albert. German attempts to regain ground won yesterday near Merris were repulsed.

(By Associated Press.) NEW YORK, June 21.—Five men, one connected with the army transport service as a buyer, were arrested on federal indictments today, charging them with offering and receiving bribes.

CRITICISES THE KAISER FOR TALK

GERMAN EDITORS OPENLY FLAY THE KAISER FOR ANNIVERSARY SPEECH

(By Associated Press.) GENEVA, June 21.—Several German newspapers openly attack the speech of the emperor at German Great Headquarters on the anniversary of his accession. The Munich Post says the feast should have been celebrated by a measure of clemency and humanity instead of with a speech of warlike tenor against England without containing thanks to his own people. The article concludes that the Anglo-Saxon races are powerful enough to accept his challenge.

NO TRAIN CAN ARRIVE BEFORE EARLY MORNING

The section of the Tonopah & Goldfield railroad between here and the southern terminus will not be opened for through traffic until Monday, when trains will be handled both ways. Tomorrow the south-bound train will transfer at the break in the tracks and the accumulation of express matter and other shipments held here since the wash-out will be sent to their destination. Train No. 24 due here at 6 o'clock in the morning, did not arrive today and probably will not come in before tomorrow morning. At first it was reported that the train would leave Mina somewhere around noon, and therefore would reach Tonopah by 3 o'clock this afternoon. Later advices went to show that a washout at Thorne was much worse than the company had been led to believe. The trouble is six miles west of Thorne. As soon as 24 arrives the equipment will be overhauled and turned back for the return journey to Reno as it is impossible to procure other motive power from Goldfield owing to the washouts between this place and the southern terminus.

(By Associated Press.) LONDON, June 21.—Arthur Griffin, a Sinn Fein leader, arrested recently in Ireland, was elected to the house of commons from East Cavan. He defeated the Nationalist candidate by more than 1200 votes.

CASUALTY LIST

(By Associated Press.) WASHINGTON, June 21.—Army: Six were killed, 3 died of disease, including Private Garrigues, of Imperial, Cal., and 1 died of wounds; 27 were wounded severely, including Corporal Ross, of Crass Valley, and 1 to a degree undetermined. Marines: Ten were killed and 19 died of wounds; 34 were wounded severely, including Private Hebert, of Berkeley.

I. W. W. TRIED FOR HAVING EXPLOSIVES

SUSPECTED OF ATTEMPTING TO BLOW UP THE EXECUTIVE MANSION

(By Associated Press.) SACRAMENTO, June 21.—William Hood and George Voetter, alleged Industrial Workers of the World, will be brought to trial in the United States district court today on a charge of having high explosives in their possession without a government permit.

The real crime is said to be complicity in an attempt to blow up the executive mansion of the governor of California. Hood pleaded guilty to charges of having dynamite in his possession illegally and transporting high explosives unlawfully. He will be sentenced later. The trial of Voetter was begun on charges of having dynamite in his possession unlawfully.

HALF HOLIDAY FOR ELKS BALL GAME

The coming baseball game between the traveling Elks' club and the boys of the local B. P. O. E. is creating a lot of interest among the fans of Tonopah. It has been a good many years since Tonopah has gotten together such a strong aggregation of players and "Mickey" Johns is confident that his team will put up a splendid exhibition against the visiting brothers and is even optimistic enough to think that his boys will bring home the bacon. In any event it will be some game. To add to the occasion it is planned to hold a half holiday on the 25th and thus create an additional spirit of patriotism, which it is hoped will result in additional large subscriptions for war saving stamps. Everybody will be expected to turn out and for the time forget the cares of business and the worry as to how we are going to meet our numerous patriotic financial efforts to stand behind the government.

YANKEE AVIATORS BLOW UP BRIDGE OVER THE PIAVE

COMMANDER OF ITALIANS EXPRESSES SATISFACTION OF U. S. AVIATORS

(By Associated Press.) ITALIAN ARMY HEADQUARTERS (Thursday), June 20.—The first American aviators to fly on the Italian front was when a bombing expedition blew two holes in a new Austrian bridge over the Piave. The Italian commander expressed satisfaction with the work of the Americans. There is intense aerial activity on this front.

PROHIBITION TO BE POSTPONED

(By Associated Press.) WASHINGTON, June 21.—The senate agricultural committee decided today to postpone action on the Jones prohibition rider to the agricultural bill and reopen hearings for the purpose of investigating the statement that prohibition will reduce the shipyards output.

YANKS NOW HOLD DOWN 38 MILES

(By Associated Press.) WASHINGTON, June 21.—Americans are holding thirty-eight miles of the fighting line on the western front, the house military committee learned today in conference with Secretary Baker and General March.

(By Associated Press.) WASHINGTON, June 21.—The house today passed unanimously the bill authorizing the immediate deportation of aliens subscribing in whole or part of the tenets of anarchism.
