Foch Snatches the Initiative From the German Generals and Defeats Fifteen Divisions

16,000 PRISONERS IN HANDS OF THE FRENCH SAY OFFICIAL REPORTS

(By Associated Press) WASHINGTON, July 19.—Eight divisions of American troops are believed to be represented on the Aisne and Marne front, said Chief of Staff March.

Furthermore his gains during the entire operation were considerably smaller than those of any previous offensive. While the American forces present in the battle were small in comparison with the total allied strength it may be said that it is greater than any participating in a

battle since the civil war. The conduct of the men is eliciting the commendation of the French. They have performed the part assigned them with steadiness, courage and skill.

Friday, July 19 (1 p. m.)—The American and French forces are continuing to advance their spearhead midway between Soissons and Chateau Thierry. The Americans took several towns during the night. Early this morning the Americans also made further progress.

2 p. m.—Vierzy, six miles south of Soissons, and other towns, have been taken. During the night German reinforcements were coming from the region in the north, but the expected counterattack had not appeared up to an early hour this afternoon.

American troops continue to hold the plateau southwest of Soissons where on Thursday the Germans made their first organized counter attack. This fell down, however, as soon as American heavy artillery got into action. This was one of the fiercest struggles in connection with the Franco-American offensive battle that raged southwest of Soissons for some time, and resulted in the Germans falling back finally under the rain of heavy gunfire of the Americans.

(By Associated Press) PARIS, July 19 (Official)—Between the Aisne and Marne rivers, in spite of new arrivals of German reinforcements, the allies are making sensible progress and capturing a large number of prisoners. Between Rheims and the Marne Italian troops have taken Moulin D'Arde, south of Marfaux and northwest of Pourcy.

VIENNA AMAZED BY THE AMERICANS

(By Associated Press) THE HAGUE, July 19.—The Socialist Arbeiter Zeitung of Vienna says there is not a doubt that more than a million American troops have arrived in Europe and it declared this as a feat of organization, is amazing. MUST ELECT REPUBLICANS TO PROPERLY CONDUCT THE WAR

(By Associated Press) SARATOGA, N. Y., July 19.—"Wherever danger from disloyal votes does not threaten, we should strive vigorously to elect Republicans to the senate and house of representatives," declared former United States Senator Ellis Root in an address here last night before the informal Republican state convention. "The proper conduct of the war requires loyal Republicans in congress. No government can afford to go on without the tests and criticisms of policy and performance which can hardly be furnished during the continuance of this war by putting Republicans in congress."

legislation to the process of correction by discussion and amendment—yet without this, terrible mistakes are certain to be made. "A study of recent war legislation will show that the independent support of the Republicans in the senate and house given to every forward step of the president has been of the highest value. No nation can dispense with the kind of independent and fearless service which was rendered by Augustus Gardner of Massachusetts when he led the fight for preparedness, and by Julius Kahn of California, when he led the house of representatives in the passage of the selective draft act.

"It is a moderate statement that a large part of the Democrats who exercise power in Washington are not very familiar with the vast and complicated industry and commerce

By taking the initiative, it is held, that General Foch has compelled the Germans to use their reserves at the point and time selected by the generalissimo.
