TAKEN TO JAIL TO STOP HEMORRHAGE OF THE NOSE

Alex McGibbons, recently released from the county jail, proceeded to celebrate the event in his customary style and was seized with nose bleed so violently that Chief of Police Jack Grant thought he would be better off back in the old quarters on the hill where he could have medical attendance.

SIX FOOT COLLEGE BOY JOINS NAVY

Will Lyons, the handsome young Apollo who does the swimming stunt every day at the city plunge, is only nineteen years of age, although he is six feet in height and tips the scale at 160 pounds. He is spending his vacation here and earning money to help defray his tuition at the University of California, but he is not a slacker even though he has two years to go before he comes within the law. He left last week to visit San Francisco for the purpose of offering his services to the naval reserve and was accepted pronto. He has enrolled for the engineering corps of the naval reserve and will complete his course of study while enjoying training in the navy and qualifying for an ensign's commission. He will finish the season at the baths.

20,000 ACRES RECLAIMED AND PLANTED TO WHEAT IN ONE TRACT

(By Associated Press) SACRAMENTO, July 22.—A sea of wheat replacing a sea of water, 20,000 acres on one tract bringing forth the cereal of which Uncle Sam and his allies in the world war are in such great need, is a transformation accomplished on what was overflowed land, near Sacramento. The huge tract formerly covered with the flood waters of the Sacramento and the American rivers lies in a fertile basin of some sixty odd thousand acres, most of which has been reclaimed and turned to agriculture through the efforts of the federal and state government, at the cost of millions of dollars. The reclamation of this land in permanent fashion was made possible by the progress of the Sacramento river flood control project which, after endorsement by congress and the California legislature,

is being steadily rushed to completion by the federal authorities, the California debris commission, on one hand, and the state authorities, the reclamation board, on the other. The project eventually will cost about \$42,000,000 and is designed to take care of the floods of the Sacramento river; these amount to five times as much as the river channel can carry. The interests of navigation, reclamation and flood control are so intermingled that it is necessary to adopt a plan which will provide for all three. The partial completion of the big project, with its accompanying putting to use of the reclaimed land, indicates in a measure what the final results will be. This one great tract of 20,000 acres, a solid ocean of wheat, is one of the largest, if not the greatest, American fields grown to this grain.

PRO GERMAN GRABBED WHILE MAKING TALK

Bert Steinberger, lessee of the Casino, may have a German name, but he has nothing of the German nature as he is a 100 per cent American and wants everybody to know that before they get foot in his house. This afternoon Pete Kristich, who had been reading the bulletins and imbibing Dutch courage, floated into the Casino and engaged in a war talk during the course of which he remarked that he hoped the Kaiser would win the war and that he would win it anyhow. How much further he would have gone with his assertions and predictions remains unknown, for in about ten seconds the stalwart form of Jack Grant, chief of police, who had been summoned by phone, loomed up in front of the bar and Mr. Kristich was jugged off to the town bustle.

POWER COMPANY ISSUES WARNING

Superintendent Bruce of the Nevada-California Power company has received a quantity of mail posters which he is affixing to the substation and all property of the company. These notices convey a warning to everybody that the property is engaged in government service by furnishing power for war activities and any interference with the lines or equipment will bring the offender under the espionage act.

AROUSING NATIVES TO WAR ACTIVITIES

(By Associated Press) HONOLULU, T. H., July 18.—(By Mail)—Because of the present serious labor shortage on the sugar and pineapple plantations of Hawaiian Islands, due largely to operation of the selective service act, it has been suggested that an effort be made to recruit workers from among the native Hawaiians, who thus far have not shown an inclination for field labor, engaging in other lines of work. Developing this plan, the Hawaiian Protective association is preparing to appoint a committee to investigate conditions, wages and housing facilities on the plantations. If its findings justify the step, according to John C. Lane, a leader of the association, an appeal will be issued to Hawaiians, urging them to accept employment on the plantations. Mr. Lane says that as he now understands labor conditions, a male plantation worker, with wages and bonus, can earn about \$45 a month, which he deems sufficient.

REDUCTION OF QUOTA IN NEXT LIBERTY LOAN

A delegation of Nevada residents representing the bankers of the state and the state council of defense left for San Francisco Saturday to take up the question of reducing Nevada's quota in the fourth Liberty loan to a point that is in some measure commensurate with the state's resources, says the Reno Gazette. Under the plan used now to apportion the quotas of the different states in each district nothing but the bank deposits are taken into consideration and it is claimed that Nevada's bank deposits are far in excess of the real money here and hence the quota is larger than it should be. In the previous Liberty loans considerable money that was subscribed for other states was deposited in Reno or other banks and Nevada received no credit for these subscriptions.

HUNGARIANS PLEDGE LOYALTY TO COUNTY

(By Associated Press) SAN FRANCISCO, July 22.—More than eight hundred people of Hungarian origin, including many not yet naturalized citizens of the United States, attended meetings here for the organization of a patriotic body which should express loyalty to the United States government and denounce Austria and Germany as the enemies of the freedom of the world and the country of their birth. This was created from among five thousand peoples of Hungarian descent in this district the League of Americans of Hungarian Origin. The purpose of the league is the unification of the Hungarians under the American flag. The league's officers are Bela Puri, president; Dr. James Geggey, first vice-president; Charles Haber, second vice-president; Maurice S. Amsterdam, secretary; Joseph Oberlander, treasurer, and the following directors: Bernat Jaulus, Inre Sugar, Geza Saabo, Carl L. Unger, Benjamin Burjan, John Foster, Engen Wollak, S. Szegedy, Maurice Weiss and Desso Szekany.

The purposes of the league are set forth by its president, Bela Puri: "To enlighten the Hungarian born about the issues of this war, and by holding meetings to show them historical facts to prove the United States is fighting for the same principles of freedom for which their own native land has been fighting for them in the past. They will be taught to be good Americans, act as such, and support the government with heart and soul. "The league will endeavor to help the government in every possible way to Americanize the population and will give assistance in any future bond drives or movements of a similar nature. "The past history of Hungary clearly connects the Hungarians with the United States in this fight for freedom. If properly explained, they cannot help becoming enthusiasts for the cause this country is fighting for."

MRS. MAYBERRY FOR ASSEMBLY

Late Saturday afternoon Mrs. James Mayberry filed her intention of making the race for the legislature by clinching the nomination for one of the vacancies in the assembly. Mrs. Mayberry will run on the Republican ticket and expects to make a canvass that will land here among the lawmakers at Carson City. Adele Mayberry, as the ballot will carry the name of the candidate, is one of the best known women of Tonopah, having been here for the past fourteen years. Coming from California, of which state she is a native, Mrs. Mayberry was married here and has maintained residence in the camp without a single interruption and during that time has figured as a taxpayer who has always taken a keen interest in public affairs. In the recent drive for the third Liberty loan Mrs. Mayberry was chairman of the women's committee and in that capacity districted the city and personally supervised the work of canvassing so that every house was visited and the Nye County Council of Defense was furnished with an individual report of every resident. This was done through the use of a card system devised by Mrs. Mayberry which will prove valuable every time there is a call for Tonopah to go over the top in war activities. The candidate has been a consistent supporter of woman suffrage and has been tendered a position on the committee for food conservation in checking up stocks of food in possession of local consumers.

BOSTON BULL KILLED BY USE OF POISON

"Bloody," the pretty thoroughbred Boston bull belonging to Mr. and Mrs. Roy Thomas, which was taken with the family to Placerville last week, died the day of its arrival at the new home. The cause of death was poison administered either on the train or at Placerville shortly after the family arrived there. "Bloody" was a pretty specimen of his race and was known to almost every child in Tonopah.

EGG FAMINE IN HAWAII (By Associated Press) HONOLULU, T. H., July 17.—(By Mail)—Honolulu is threatened with an egg famine. Because of the high price of feed Japanese and Chinese poultrymen are disposing of their hens. Eggs now are a luxury, selling from 80 to 90 cents a dozen, with prices of cold storage eggs, imported from the mainland, almost as high.

WHAT'S WHAT

By L. L. Mudgett Vol. 2, Tonopah, July 27, 1918, No. 6 We hit the nail on the head in the last issue. The subject of the high cost of living seems to have interested everybody. Leading citizens have taken up the matter and petitions are being circulated asking the county commissioners to appoint a commission to investigate conditions. If one of the petitions is not presented to you, by all means hunt one up and sign it. This is as important as going after your paycheck as it means more money for war savings stamps and Liberty bonds.

Another Big Parade A bunch of our colored boys are going to leave on the morning of the first to join the fighting legions of Uncle Sam. Turn out in the parade and give them a good hearty send-off. They will have a good big demonstration and dance for the boys Wednesday night. Everybody get in line.

IMITATION SHRAPNEL SHOWN ON MIZPAH

Saturday afternoon frequenters of Mizpah Hill and resident along the trail leading to the property of the Tonopah Mining company were treated to an exhibition of war that threw a scare into the district. The powder gang working on the dump which is being shipped to the mill at Millers put in two shots that evidently were too strong for a surface display with the result that rocks as large as a man's head were strewn all over the neighborhood. Some fell on the firehouse and the gymnasium and the water office was peppered as though it was an outpost of Chateau Thierry. Fortunately no damage was done.

POSTMASTER EXAMINATION The civil service commission has announced an examination to be held at Ely, Nev., on August 10, 1918, to fill a contemplated vacancy in the position of fourth-class postmaster at Curran, and other vacancies as they may occur at that office. The compensation was \$185 for the last fiscal year.

MORNING SWIMS GROWING POPULAR Morning parties are becoming so popular at the swimming pool that there are conflicts in times. To avoid this the directors have made the following rule: Persons or parties wishing to have the pool to themselves in the morning must make arrangements with Thomas J. Lynch either by phone or at his office, 203 State Bank building, at least twelve hours in advance. All persons are welcome to have these private morning parties so long as they make the required arrangements. The youngsters of the town are making great progress in swimming. Every afternoon at 2 o'clock there is a race and diving contest for the youngsters. There are several and these races are quite spectacular. The public is invited to witness.
