Table with columns for stock names and prices. Includes MANHATTAN Morning Sales (White Caps-1000, 14, 1500, 14, etc.)

W.J. PIKE APPOINTED

(Continued from Page One.)

to Park City, Utah, and then was transferred to the Tonopah Belmont and placed in charge of mine construction work when the company was installing its present huge plant. He remained with the Belmont in different capacities for three years until Manager Bradshaw sent him over to the Jim Butler as superintendent where he remained five and a half years until he resigned to assume the position of superintendent of the Spanish Belt Mining company, operating the old Bracelona mine, which he succeeded in reopening last month by driving a tunnel to the former workings and tapping the rich ledges that were famous thirty years ago when the mine was in the prime of production. Lieutenant Pike is married having been united to Miss Vivian Warren.

Lieutenant Pike gains his preference in the ordnance department probably owing to his familiarity with the artillery service and his military experience gained in the national guard of Utah in which he served sixteen years, beginning with Co. D, First Infantry, from which he transferred to Battery C, Volunteers, in 1898, and altogether put in three years and eight months with the field artillery. He has one year's experience in the signal corps of the Utah guard in his credit with the rank of first class sergeant. In the course of his service in Utah he was appointed twice student with the 12th C. S. field artillery and at another time acted as student with the 22nd battery, U. S. field artillery.

APPOINTED ASSISTANT MATRON Mrs. Harry K. Haines of this city has been appointed assistant matron at the Orphans' home, vice Mrs. Hatfield Mason, who has resigned—Carson Appeal.

A blue and desponding letter to a soldier overseas is not a good remedy for mustard gas. Don't write them.

REGISTRATION DAY CLOSED HAPPILY

The demonstration last evening in honor of the successful accomplishment of the registration was carried out with a vim and expression that left no doubt as to where popular sentiment stood. At 7 o'clock the whistles summoned the public to Main street where the Musicians' band and the Tonopah Drum corps had already assembled with the flags of the allies ready to lead the parade on a nocturnal joy march. It did not take long to organize for, with previous experience to guide them, the masses fell in wherever they could find an opening and began the round of the business district to the inspiring strains of the band and the thrilling staccato of the drum corps. The parade had a double significance as celebrating the advent of the first American army in action and in attesting the alacrity of citizens of military age to get their names on the list. The outpouring also served to dedicate the latest addition to the civic flag-staffs and the handsome speaker's stand which represented the gift of the Jim Butler Mining company. The boy and girl scouts were there in force and the Elks turned out in greater numbers than at any of the preceding affairs and their service flags received an enthusiastic welcome whenever it passed up and down the street.

Harry H. Atkinson, district attorney, was introduced by Harry R. Orier, launched into a fervent tribute to the patriotism of the American people and cited statistics to prove that the United States had accomplished more in the comparative short time it had been in the war than Germany had done in the fifty years of preparation for the grand conflict. The speech was punctuated with applause and at the conclusion the band played the national anthem and the crowd dispersed.

The special dance at the Alrdome was well patronized.

COMSTOCK PIONEER DIES ON THE COAST

John Hurley, father of Mrs. J. J. Fenley, of Tonopah, died yesterday morning at 8 o'clock in San Francisco after suffering from pneumonia which did not prove serious until Wednesday afternoon when his daughter was notified and left yesterday morning for the bedside. The sympathy of a wide circle of friends will be extended to Mrs. Fenley in her bereavement, especially when it is known that she was preparing to visit her father, whose last illness was not deemed of sufficient grave character to warrant the family in fearing a fatal ending.

Deceased was 73 years old and born in Ireland. He came to Virginia City from East St. Louis, Illinois, 33 years ago, and lived in Virginia City for 20 years. He then moved to San Francisco with his family where he has made his home for the past 19 years. The surviving members of the family are: One son, Thomas J. Hurley, of Virginia City, Nevada; four daughters, Mrs. O. L. Egan, Mrs. J. H. Heney, Miss Anita Hurley, of San Francisco, and Mrs. J. J. Fenley. His wife passed away thirteen years ago this month.

LAYING FOUNDATION OF HEBREW SCHOOL

(By Associated Press) JERUSALEM, Sept. 13.—The ceremony of laying the foundation stone of the Hebrew University on Mount Scopus was witnessed by 6000 people. The site is on the eastern slope of the mountain, overlooking the valley of the Jordan as it enters the Dead Sea. Dr. Weizmann, head of the British committee in charge of the work, said in his address: "Out of the misery and desolation of war is being treated the germ of a new life. This university, although intended primarily for Jews, will give an affectionate welcome also to members of every race and every creed, and will be accessible to all classes of the people."

NEVADA CITIZENS URGED TO USE WOOD FOR FUEL

The United States fuel administration at Carson City, Nev., has advised all local fuel committees and all county councils of defense that the use of wood in place of coal should be encouraged whenever possible as a coal conservation measure. "By advising the people of your community of the opportunity of offering them to obtain their wood from government land, it is very likely that many will take advantage of it and thus reduce our coal needs to some extent," the notice reads. A copy of the government order allowing \$50 stampage is enclosed.

NEXT WAR DRIVE CALLS FOR \$90000

CARSON CITY, Sept. 13.—Nevada's share in the next campaign to raise funds to be used for the welfare and benefit of the soldiers has been fixed at approximately \$90,000, and to consummate plans for the consolidation of the work in raising the amounts for the various branches Governor Boyle has asked members of the legal advisory committee of the state to attend a conference to be held in Reno on September 20. During the week November 11 to 18 all of the war welfare work activities will unite in a campaign to raise an unprecedented sum for the benefit of our soldiers. The total sum thus secured will be divided among several activities, according to a proposition agreed upon by national leaders of those activities. These activities, by request of the president, include the Y. M. C. A., the Y. W. C. A., War Camp Community Service, American Library association, National Catholic War Council (Knights of Columbus), Jewish Welfare Board and Salvation Army. The Red Cross has its own plan.

HEWITT OF MINDEN JOINS THE ARMY

Harry Shaw, head clerk of the Travelers' hotel of Sacramento, has assumed management of the Minden Inn. Mr. Shaw is an experienced hotel man, having been connected with several of the large hotels on the coast. Jack Lewis of the Golden hotel of Reno will assist Mr. Shaw as clerk. Mr. Hewitt, who has been manager of the Inn for the past year, is leaving the hotel business to join the commissary department of the army.

Mr. Hewitt is one of the best known hotel managers in Nevada having managed the Goldfield hotel for six years and the Feather River Inn.

Mrs. Hewitt will leave for St. Louis where she will visit with her father.

STATE TAX BOARD ADJUSTS VALUES

CARSON CITY, Sept. 13.—The state board of equalization has gone over most of the rolls and it is not likely that very many changes in the valuations will be ordered. The live stock committee will probably recommend that the same valuations be placed on live stock in 1919 as were fixed for 1918. Some changes are likely to be made in land valuation.

The total valuation of assessable property in the state is approximately \$198,000,000 as against \$183,000,000 last year. On the whole the recommendations made by the board last year have been very closely followed by the assessors.

A committee has been appointed to formulate recommendations for changes in state laws governing assessments, the recommendations to be presented to the next legislature.

LOS ANGELES COMPLAINS ABOUT CUTTING PIE

(By Associated Press) LOS ANGELES, Sept. 13.—The seemingly impossible in pastry geometry has been accomplished. The ten-cut pie has arrived—you get one-tenth of a pie for a nickel instead of one-fourth that prevailed before a certain pair of kaisers declared war on the rest of the world.

The mathematician who accomplished the difficult problem only smiled when asked how he figured it out. He pointed to a half pie divided into fifths. "I merely press that on each side of the pie, and behold ten lines that show me how to cut. It is my own idea. I had a tinier make it, and thus the arithmetic is done with a die," he explained.

And it is so. A pie yields 50 cents to the pie vender and the nickel portion a bitter memory to the customer. But then we must save wheat.

DIVORCE GRANTED WIFE OF YALE FOOTBALL PLAYER

MINDEN, Nev., Sept. 13.—A decree of divorce was granted, Anne T. Morse of San Francisco from S. F. B. Morse of New York on the grounds of extreme cruelty in Judge Langan's court. Mrs. Morse, who was represented in court by Attorney Huskey of Reno, was granted the custody of the three minor children. S. F. B. Morse, who is a Yale graduate, was one of the most famous football players the college has ever known. His team was known as Morse's men and a song was composed in their honor.

PARTNER OF ENEMY ALIEN EXPLAINS

William Vetter, of the firm of Hoffman & Vetter, owners of the farm at Manse which was taken over by the custodian of alien property, declares that he knew nothing of what was going on in the southern end of Nye county where his partner was defying the federal authorities to such an extent that he was ordered interned. The Los Angeles Times in investigating the case has the following to say about the senior member of the firm: "The ranch is owned jointly by Hoffman and William Vetter, a wealthy bean farmer, who lives on his 1000-acre farm between Redondo Beach and Wilmington. Mr. Vetter's attorney, Edward T. Sherer, said today: "Mr. Vetter had not visited his ranch in Nevada for over two years until Hoffman's trouble came recently. It was not until then that Mr. Vetter knew of the existence of the ranch. We have taken the matter up with the internal revenue officers at San Francisco, with a view to straightening out the matter. Mr. Vetter is a thoroughly loyal American and has lived in this country twenty-five years. He has absolutely no intention of trying to defraud the government."

Hoffman came to this country from Germany about twenty-five years ago, and worked as a farmer in this county for fifteen years. Then he and Mr. Vetter became partners in the Nevada ranch, nine years ago, and Hoffman has been living there ever since in charge of the property. The ranch is one of the finest in the west, being situated in the semi-tropical climate, thus enabling the owners to farm the year around. The property also includes a store and extensive warehouses. Hoffman was once a laborer on the ranch of which he is now part owner."

HER PRAYER WAS ANSWERED

Little Girl's Appeal for Automobile Ride Proved That Her Argument Was a Good One. The six-year-old daughter of an attorney has been taught from infancy to have implicit faith in prayer. So strongly has this been impressed on her mind that practically all of her desires and childish wishes sooner or later find expression in prayerful appeal. "The child is a motor enthusiast, and on the first warm day after the severe winter weather she asked her father to take her out for a ride. He explained that their machine was put away for the winter, and that it could not be used at that time. The child then sought her mother and asked her to pray for somebody to come around and take them out for a ride. The mother tried to explain that such a prayer would be unavailing, but, undaunted in her firm belief, the child went to her room and prayed that she might have an auto ride. An hour or so passed, and the little girl waited expectantly and anxiously for the automobile to arrive. Seeking to allay the child's disappointment the mother started to explain more fully, when the shriek of an automobile horn was heard outside. The child rushed to the door, and to the amazement of the mother, a neighbor asked the girl whether she desired to take a ride. "Will you have room for mother, too?" the girl asked. "No, we just have room for one little girl," replied the man at the wheel. The child hurriedly put on her coat and cap, and as she left the doorway she turned to her mother and said: "See, mother, if you had prayed with me you could have gone, too." The mother is still wondering.

COPY OF KING GEORGE'S LETTER TO THE SAMMIES

Private Michael Del Pape of the 624th U. S. Infantry has sent his sister, Mrs. James Del Pape a copy of King George's letter to the American soldiers which is printed in lithograph form and presented to every man wearing the American uniform. The letter reads as follows: "Soldiers of the United States: The people of the British Isles welcome you on your way to take your stand besides the armies of the many nations now fighting in the old world the great battle for human freedom. The allies will gain new heart and spirit in your company. I wish that I could shake the hand of each one of you and bid you God speed on your mission. George R. I."

A novel baseball game was that played recently at Bridgeport, Ct., between a nine made up of sailors who came from their sea base in submarines and a nine of soldiers who came from their camp in airplanes. The British army spends half a million dollars a year for the paste with which to polish brass buttons on soldiers' uniforms. A pure white mineral wool is being manufactured at Yarraville, a suburb of Melbourne, from basal rock or "blue stone."

Another increase of pay for railroad men, affecting more than a million employes, has been ordered by Director General McAdoo. The owners of the lines could not do it because the interstate commerce commission refused to allow them to raise the rates, which the government can do without asking anybody.

The federal trade commission, in discussing the high prices of some things, mentions "inordinate greed and bare-faced fraud." The language has a severe ring to it.

PERSONAL

H. A. DARMS, of Coaldale, came in this morning from the mine. S. F. HUNT, assayer in charge of the Spanish Belt mine, came in this morning from the property.

JOE CONNORS and Slim Harris of Manhattan returned to the Pine Tree camp last evening.

JAMES MCKAY, who covered the eastern end of the county for the exemption board, returned this morning at 2 o'clock with the returns.

SENATOR J. WESLEY STEWART and wife came in from the northern precinct of the county at 1 o'clock this morning bringing in the returns of the registration.

OSCAR FISK, of Butte, Mont., who is interested with Oscar Daube in running the long crosscut from the Great Western to the Bonanza mine, arrived this morning.

SCHOOL CLASSES FOR CURRENT YEAR

Superintendent Dilworth has completed the organization of his classes with the following teachers assigned: Kindergarten, Christina Garvin; first grade, Miriam Egan; first and second, Ivy Cross; second, Edna Sullivan; third, Georgie Bennett; third and fourth, Lessie Wardle; fourth, Ellen Sheerin; fifth, Anna Malley; sixth, Rowena Laque. Departmental work in the seventh and eighth grades—Anna Bradley and Helena Slavin. Drawing, penmanship and mathematics—Mamie Sullivan. Latin, Spanish and French—Agnes R. Jewett. English history and physics—Pearl Shannon. Commercial—Elizabeth Jacobson. Chemistry and general science—Ellsworth R. Bennett. Manual training—Roy H. Cross. Domestic art and science—Verna Johannesen.

ANNE MARTIN SPEAKS AFTER THE BIG PARADE

Anne Martin spoke last evening from the flag pole platform to an audience that steadily diminished during the talk. H. H. Atkinson introduced Miss Martin, and she opened her speech with the declaration that she stood squarely behind President Wilson. Miss Martin declared her belief that the big land monopolies of Nevada should be broken up to make room for new settlers and returning soldiers. She said the government must take steps for further development of the water supply to irrigate lands, and aid the small farmer by loans at low rates of interest. She further stated that mining should be made an essential war industry and pledged herself, if elected, to do everything in her power for the encouragement of the miner and to work for the fixing of railway and smelting charges by the government to protect the prospector and small operator.

WIFE OF ARMY CAPTAIN DIES

Mrs. Paula R. Doll, wife of Supt. Frederick S. Doll, who is now in France, died in Reno yesterday at the home of her parents from pernicious anemia. She was twenty-six years old and a native of Colorado. Mrs. Doll came to Reno three weeks ago from San Diego, where her husband was stationed before being sent to France. He was formerly a real estate man in Denver and was made a captain after training in an officers' training camp.

DISSOLUTION NOTICE

Notice is hereby given that the firm of Tom Foo and Ah Wing, operating as the Shanghai Western Company has sold out to me and that all debts contracted by that firm up to and including September 13 will be paid by them. I will not be responsible for any debts contracted prior to that date. All bills will be payable to the old firm. adv311110 CHUNG PO.

W.S.S. WAR SAVINGS STAMPS ISSUED BY THE UNITED STATES GOVERNMENT

AMUSEMENTS

BILL HART TODAY There is no let-up in the interest and action of "Wolves of the Rail," and the millions of admirers of "Big Bill" Hart will find much in this new offering to enthuse over. First of all there's the new character, in which Hart takes the side of law and order, and his strenuous but none the less effective methods for ridding the Box Canyon country of the dangerous gang of outlaws formerly commanded by himself. During the course of the five reels "Big Bill" performs enough deeds of daring to please the most exacting. Most of the scenes in "Wolves of the Rail" were photographed in the mountains of California, where a complete railroad station, switch tower and division superintendent's office were erected. "Wolves of the Rail" is a thriller. There is no let-up in the action, scene following scene in rapid sequence. Of course Hart is prominent in the episodes, and consequently there is sufficient action to delight the admirers of the star. "Bill" Hart, idol of picture patrons, has a new role today and he is considered by motion picture critics to surpass all acting heretofore and throughout the story there is a wealth of spirited action. Pathe News and it is always good.
