LEADING METALLURGIST OPENS OFFICE HERE

A. G. Harbaugh, formerly chief assayer of the Goldfield Consolidated Mines company, has opened offices in the bank building where he is prepared to undertake any commissions in the line of metallurgical research. Mr. Harbaugh is reputed to be one of the best men in his line and for many years before coming here was engineer for the American Smelting and Refining company in Madison county, Montana, and before that was associated with the Hearst mines in Durango, Mexico. He is also representative in this country for the A. G. Farmer syndicate operating mines and kindred industries.

BURIAL OF ALEX. RAE

Funeral arrangements for the burial of the late Alex. Rae will be settled tomorrow morning on the arrival of Mrs. Emily B. Rae, a sister-in-law who is coming from Pleasant Grove, Utah. Mrs. Will Kent, a sister, will arrive this evening from Venice, Cal. The deceased had been a resident of Tonopah for 15 years and was employed at the Ohio shaft until he was taken sick with pneumonia last week. He was 41 years of age.

VETERAN MINER DIES

Peter Nestander, an old miner who formerly was employed by the Midway mine, died last evening at the county hospital after a lingering illness. The funeral arrangements will not be made until advices are received from a sister in Minneapolis.

Want a tip on a sure thing? Well, Tonopah will win both games tomorrow night. High School gymnasium at 8 o'clock. Dance afterward in Eagles' Hall. Tickets for 50 cents. Adv. A41.

FIRST BOXING CONTEST OF THE BUSINESS MEN'S ATHLETIC CLUB

The Business Men's Athletic club will stage the first of a series of monthly glove contests at the Alrdome on Tuesday night, April 15, at 8:30 o'clock, when Sailor Lloyd, one of the best middleweights in Uncle Sam's navy, meets Welch of New York in the first long distance contest consisting of 20 rounds held in Nevada since the famous Jeffries-Johnson fight in Reno.

The late legislature reinstated the 25 round boxing law over the veto of the governor and the fans can now witness some real live sport and the Athletic club considers Tonopah at present is the proper place to hold these big contests.

Tickets were wired the boxers yesterday and word was received that they would leave for Tonopah immediately in order to commence preparing for the long distance route, as the altitude of Tonopah is so much higher than the coast it requires careful preparation to be able to stand the gruelling pace.

In addition to the big fight a fast four-round preliminary between Kid Doherty and Jack King has been arranged by Cal Dittmar, who is handling the shows under the personal direction and supervision of the club.

The basement under the Tonopah club is being fitted up in fine shape as a gymnasium for the boxers to work in and everybody is cordially invited to drop in and see the boys condition themselves.

Joe White will referee the contest while Harry R. Grier will act as announcer.

The advance sale of seats will be placed in the next few days.

PORTLAND AND SPOKANE BUY TELEPHONE GIRL

James Shea and James R. Moffat are among the late arrivals. Messrs. Shea and Moffat are well known throughout the southern part of Nevada, Shea having leased in Manhattan along with C. L. "Brz" Putman who is expected here from Portland, Ore. in a few days to join them in the development of the Telephone Girl group of six claims on the Divide which they took over last night from Messrs. Farrell and Mitchell.

Mr. Moffat is interested in mining property in Sinaloa, Mexico, which at present is tied up by the trouble existing down in that country. They represent Portland and Spokane capitalists and expect to leave tomorrow morning to organize a company so that they can begin operations as soon as possible.

ENGINEERS SECURE OFFICES IN THE BANK BUILDING

Stevens & Harkins, is the business style of a new partnership of engineers who have opened offices in room 512 State Bank building where they may be consulted on field and construction work. The members of the firm are Lieut. P. K. Stevens, formerly of the U. S. engineers who recently returned to civil life after having had charge of extensive construction work for the government. C. L. Harkins came here recently from completing a chrome mill for the Noble Electric steel company at Folsom, Cal. He is familiar with local conditions, having practiced his profession here in 1904 and having spent some time in the Wonder district during the boom of 1906.

PIONEER DAIRY NOTICE

Beginning Sunday, April 6, there will be two deliveries daily owing to the warm weather.—Adv. A412.

BANKING HOURS ENFORCED

TO THE PUBLIC: In view of the enormous increase in business conditions at Tonopah, by reason of the activity now prevailing in the Gold Mountain Divide district, and the immense amount of additional labor necessary to handle the situation, it is necessary for the banks of Tonopah to adhere strictly to their schedules of banking hours, from 10 a. m. to 3 p. m.

There has been so many interruptions, both before and after closing hours that the banks find it absolutely impossible to handle their business properly unless this practice is discontinued, and we respectfully request our patrons to transact their business during the regular banking hours.

This arrangement to be effective Monday, April 7, 1914.

TONOPAH BANKING CORPORATION. NEVADA FIRST NATIONAL BANK OF TONOPAH.

Tomorrow night the last chance to see the Tonopah and Goldfield lads and lassies scramble for honors on the basketball floor. Two corking good games and dance afterward—all for 50 cents. Adv. A411.

ROSETTA

Was the leader and favorite again today with 133,500 shares bought. Rosetta is going ahead on its own merit alone. No manipulation or bull. People who have visited the property and have seen for themselves the magnificent surface showing, believe that Rosetta is without any doubt the next ten dollar stock in the Divide District.

AMUSEMENTS

SPECIAL ATTRACTION AT THE BUTLER TODAY

The great Caruso, the world famous singer, is at the Butler today. In his first picture "My Cousin" he takes the part of a poor sculptor and that of a great Metropolitan tenor.

Mario Nanni (Caruso) a poor artist is employed by Luigi Veddi. Mario is proud of being the cousin of Cesare Carulli, the famous tenor. Mario is in love with Rosa Ventura, the cashier in her father's restaurant; and although she occasionally flirts with Bombardi, proprietor of a vegetable stand, she shows a decided preference for Mario. Her father, however, favors Bombardi, who has a bank account. Rosa accompanies Mario to the opera. After the opera, Mario takes Rosa to a restaurant where they meet some sailors. Carulli, attired in old clothes, comes later and none recognize him, as he takes a side table and watches the others unnoticed. Mario asks Rosa to marry him and she assents. Bombardi declares that Mario's alleged relationship with the tenor is false. For Carulli has failed to recognize him. Rosa becomes angry at Mario and refuses to listen to him. Mario calls upon Carulli the next day. When he is finally admitted to Carulli's presence, he falls to give a coherent reason for his visit. Mario wins back Rosa and all ends well. Added to this program is a Bray cartoon.

Doctor Tonopah Divide Mining Company

This company was known in the pre-organization stage as the Denver Divide. Owing to the names of the claims the Denver stockholders decided to conform to the suggestion of changing the name to avoid confusion. The Doctor Group consists of 70 acres South of the High Divide, East of the East Divide and bordering the Allied Divide.

A. H. Warner, M. E., of Denver, reports that a strong dyke runs through the Doctor claim for a distance of 100 feet. The group has also been closely examined by Hon. Thos. J. O'Donnell, attorney of Denver, representing Denver interests and meets with his endorsement.

A small allotment of stock will be placed in Tonopah at
