TONOPAH, NEVADA, WEDNESDAY EVENING, JUNE 11, 1919.

PRICE 10 CENTS

"STRIKE A COMPLETE FAILURE"

So Says Newcomb Carlton President of the Western Union

URGE ARMY AVIATORS TO VISIT THIS CITY

Harry R. Grier, chairman of the Fourth of July celebration committee wired United States Senators Pittman and Henderson and Congressman Charles R. Evans the following telegram last night to Washington, D. C. invoking their aid with the government to send a couple of the army aviators from Mather Field, near Sacramento, to Tonopah for exhibition flights on July 4th and 5th.

Tonopah and her twelve thousand people with the best war record of Nevada are contemplating a big victory celebration July 4th and 5th. All citizens and executive committee join me in urging you to have a couple of aviators from Mather Field near Sacramento appear here on those dates. Southern Nevada is so far removed from large centers greater part of our population have been unable to view these latest air wonders. Kindly advise what we can do and prospects for getting them. Conditions in southern Nevada booming with splendid prospects for the future.

The following reply was promptly received from United States Senator Charles R. Henderson this morning: "Washington, D. C., June 11, 1919. Telegram received. Have taken the matter up with department of aeronautics regarding planes for Tonopah. Colonel Tearson promises to do what he can and will let you know in a few days."

As the government is using Mather Field for a flying base to experiment with it is to be hoped that a cross-country flight can be arranged between that point and Tonopah. Four of these machines recently flew over the high Sierras without any trouble stopping at Carson and Reno and returning to Sacramento without any delay or accidents. The flight from Reno to Tonopah would cause no inconvenience as there are no high summits and the conditions are ideal. This afternoon the following responses were received from Congressman Evans: "Wire received. Will immediately take up matter of securing aviators from the government for exhibition flight on Fourth of July and fifth of July for Tonopah."

NON UNION LINEMAN KILLED AT DALLAS

(By Associated Press) DALLAS, Texas, June 11.—A non-union lineman was killed in a clash between strike sympathizers and non-union men employed by the Dallas light and power company in place of the strikers.

BENNY LEONARD WINS

(By Associated Press) MONTREAL, June 10.—Benny Leonard, champion lightweight of the world, defeated Charlie Pitts, Australian, in a ten-round bout.

TODAY AND A YEAR AGO

Official readings of the thermometer by the United States observer at Tonopah:

	1919	1918
5 a. m.	43	68
9 a. m.	55	79
12 noon	58	86
Maximum June 10	75	90
Minimum June 10	56	66
Relative humidity at 2 p. m. yesterday, 29 degrees.		

GERMANY HAS THE ULTIMATUM

(By Associated Press) PARIS, June 11.—The reply to the German counter proposals agreed upon by the peace conference heads, refuses the German request for a mandate for the former German colonies. A lengthy memorandum gives reasons for the refusal and explains the operation of the league of nations on colonial matters.

The reparations portions of the reply has been completed. This does not fix the total sum which the Germans must pay. The text of the treaty itself remains unaltered. The reply contains assurances to Germany regarding the methods of the reparations process explaining that it is a workable agreement.

President Wilson tonight to include a fixed reservation in the treaty that was the best plan. It is understood the president said he would sign the treaty inasmuch as he had signed the original draft and as Clemenceau had insisted to the contrary.

It was stated in French circles that the treaty, as actually submitted to the Germans, would be much less altered than generally had been supposed in dealing that France still was determined not to agree to any material changes.

Premier Clemenceau especially, was firm in his refusal to agree to the admission of Germany to the league of nations immediately. The French hold they understand German psychology better than the allies and realize what the increasing arrogance of the Germans during the last few weeks means. They say they appreciate how much this arrogance would be increased if the peace conference yielded to German demands for immediate admission to the league.

It is understood that the French are willing that the Germans be admitted later but insist that admission must not be in compliance with what they term Germany's present haughty demand.

APARTMENT BUILDING IS A PRESSING NEED

The apartment building projected by Architect Holesworth to relieve the congestion for housing accommodation in camp is taking shape through numerous inquiries from prospective tenants who express themselves ready to subscribe to the stock offered for subscription. The promoters of the enterprise state that the improved condition and outlook on the Divide presages a serious congestion early in the autumn when permanent residents return from the summer resorts. This is the time to build when material can be delivered promptly and labor can be had in camp without having to go to the expense of bringing in special artisans.

JOHN LAWTON BUTLER SELLS FAMOUS RANCH

John Lawton Butler has sold his ranch property at Currant Creek to Frank Calloway of Ely for a cash consideration of \$40,000. Mr. Butler has established a residence in Tonopah and will devote his entire time to Nevada Chemical company's business at Searles Lake and Tonopah.

Frost Damages Alfalfa In Northern Sector

Joe Nay reports that the frost of last week did serious damage to alfalfa in the northern part of the county where the Page boys told him that their entire crop of alfalfa was blistered right down to the ground. On Barley Creek the damage was not so great as the top of the hay only suffered. The storm next day did great damage to the road beyond Belmont which was drifted full of sand so deep that it is impossible for teams to pull a load through. The wash extends for a distance of seven miles.

TREATY COPIES TRACED BACK TO THE OWNERS

(By Associated Press) WASHINGTON, June 11.—Elihu Root appeared at his own suggestion at the senate foreign relations committee investigation of how copies of the treaty reached private interests in New York. He said for several weeks he had a copy of the treaty which was given him by T. P. Davidson.

Senator Lodge said the copy he had seen was shown him by Root. Davidson said he brought a copy of the treaty to America but that it had never been read by any man except himself and Mr. Root.

Senator Root said he understood that Davidson had a copy in Paris in connection with Red Cross affairs and brought it away with him there "before at the time no injunction against bringing copies to the United States." He remarked that in Germany the Government had made the treaty public in detail. He added: "It doesn't become public property. There are two parties to the negotiations and either has the right to make it public. I should be inclined to resent the suggestion from anybody that I was not entitled to it and to use it as I see fit."

Senator Knox interjected: "Then I gather you do not consider yourself in possession of stolen goods, obtained by bribery, as has been charged on the senate floor."

Senator Root replied: "I feel a strong resentment to such suggestion from any source. Nothing could be more baseless." There is nothing material in the copy it had not seen in the Paris papers, Senator Root added.

J. P. Morgan testified that he had not seen a copy of the treaty. Frank Vanderlip gave similar testimony.

GOLDSMITH IN MAGNATE TEAM

According to a report circulated on the street today Julius Goldsmith is now permanently enumerated with the magnate class owing to the sale of his interest in Divide Dividend of which he held control with Ed Cullinan. The story goes on to relate that Julius disposed of his 350,000 shares at 50 cents for the block but that his partner refused to entertain the offer preferring to take his chances on the open market where the quotations ranged around the 90-cent mark. The bidders were alleged to be Zeb Kendall and Herb Humphrey who wished to secure control of the property owing to its proximity to the Extension and the certainty of the Caldwell ledge going through. When it was seen that absolute control could not be purchased it is narrated that the interests proceeded to hammer the stock. This movement is said to have been engineered to the extent of withdrawing support with the result that quotations tumbled and 118,200 shares of Dividend were brought out of safe deposit boxes.

RANCH FLOODED RESULT OF BIG CLOUDBURST

As a result of a cloudburst Thursday, the Young ranch about five miles northeast of Lovelock was flooded to quite a depth. The debris, which was washed down by the flood, blocked up the dam on the Young property on the Humboldt river and the waters backed up, flooding the ranch. The water covered the floor of the power house.

No great damage was done but for a while it looked as though the crops would be ruined but the water subsided before they were permanently injured.

All Business Handled Over the Brokerage Wires, Few Men Strike

(By Associated Press) CHICAGO, June 11.—Union officials estimate that 60,000 telegraphers will join the strike called for today by S. J. Koenekamp, president of the Commercial Telegraphers' Union of America, who seek the right to organize and bargain collectively for better wages and working conditions.

DEATH OF FORMER U. S. SENATOR

(By Associated Press) NEW YORK, June 11.—John C. Spooner, former United States senator from Wisconsin, died here last night.

BURLESON DECLARES TRAFFIC NOT DELAYED

(By Associated Press) WASHINGTON, June 11.—Postmaster Burleson stated the strike of telegraphers was "wholly without justification," and said he had information that telegraphic traffic had not been delayed and would not be delayed. He said the government wire control board would adhere to the regulations already established.

TONOPAH MAY PHONE THE EAST

A direct telephone toll line from Tonopah to Atlantic and Pacific cities will be constructed by the Bell Telephone company of Nevada.

J. W. Kilkison, division commercial superintendent of the Bell company; P. H. Colledge, general commercial superintendent; C. H. Dobson, chief clerk; and F. G. Waterhouse, general manager of the Nevada Telephone company are making an inspection of the route and will arrive in Tonopah this evening.

The new line will be a "loaded copper circuit" of No. 8 wire and will be constructed on Western Union poles from here. At the present time Yerlington is as far south as telephone connections can be made from Reno.

LABOR STANDS FOR WET LAWS

(By Associated Press) ATLANTIC CITY, June 11.—Nearly all delegates attending the convention of the American Federation of Labor go to Washington Saturday to participate in the labor demonstration in protest against further enforcement of wartime prohibition. The convention adopted resolutions protesting against wartime prohibition and in favor of the exemption of beer containing 2 1/2 per cent alcohol from wartime prohibition and from the provisions of the national prohibition amendment.

BOLSHEVIKI DEFEAT KOLCHAK'S FORCES

(By Associated Press) LONDON, June 11.—Bolshevik forces on Monday captured Ufa, one of the cities recently taken by the troops of Admiral Kolchak, after three days of sanguinary fighting, according to a Russian wireless dispatch.

MURDERER ATTEMPTS ESCAPE

(By Associated Press) YAKIMA, Wash., June 11.—Roy Wolf, said by the authorities to have confessed that he murdered Elmer Greer, driver of a rent automobile at Bakersfield, is reported to have attempted to escape from the city jail here last night.

Postal officials said some of their young men might strike, but that they expected the older men to remain. A small disturbance occurred in front of the Postal building and the police told one picket they would give him two hours to leave town. At a meeting of the telegraphers here "peaceful picketing" was decided upon.

In addition to the Postal and Western Union the strike was called against the American Telephone and Telegraph company and a number of smaller companies in various parts of the country. Union officials said that 60,000 telegraph workers would join the strike on June 16. Koenekamp said probably it would be two or three days before the full strength of the strike is known. He said reports indicated the men are going out steadily.

Officials said about 20 per cent of the Postal operators is striking. The union claimed 90 per cent.

(By Associated Press) SAN FRANCISCO, June 11.—One hundred and forty telegraphers of the Postal company quit their posts. Western Union officials claimed that 400 keymen are still working. M. T. Cook, division superintendent of the Western Union, said only four employes in California, Nevada, Arizona and Oregon struck.

(By Associated Press) PORTLAND, Ore., June 11.—A total of 166 persons, including 124 operators are the only members of a union of 40,000 employed by the Western Union.

FLIVVER TIPS OVER WITH BEN HUR MEN

Ernest Dodson almost met death last evening while going to work on the Ben Hur. In company with Tom Johnson and Lou Coen he was driving to the mine and had reached a point about four miles out when the wheels of the flivver in which the party was riding, struck sand and before the skidding could be stopped the whole party tumbled in the ditch. Dodson was caught under the machine and sustained serious injuries which, however, are not likely to prove fatal. Examination at the Mine Operators' hospital disclosed that Dodson was suffering from a dent in the skull and had two broken ribs.

HAIR TONIC AS BEVERAGE FAVORED IN PORTO RICO

SAN JUAN, June 10.—Hair tonic has leaped in favor as a drink in Ponce. In one week more than 4350 bottles of a kind manufactured by a local firm under a formula registered with the insular government was sold in that city. The tonic said to contain more than 60 per cent alcohol is reported to have been selling at 15 cents a drink, despite the fact that it contains drugs, which, although reported to be of benefit to the hair when externally applied are said to be somewhat harmful to the system when imbibed.

As the formula was registered with the insular government by the manufacturers, no legal action has been undertaken against them but the manufacture has been stopped and the police have been endeavoring to round up all the supplies of the hair tonic that can be found. It is reported that about 75,000 bottles have been shipped to Ponce during the last few weeks, of which the greater part has been recovered.

HELD FOR ASSAULT

Nick Buzanovich will have a hearing before Justice Grier tomorrow afternoon on a charge of having assaulted Nick Valach.

ern Union throughout the country, who joined the telegraphers' strike. Newcomb Carlton, president of the company said. He termed the strike a "complete failure."

FEVERISH DAY OVER THE WIRES

Population of the heart suspended by shrinking pocketbooks due to violent fluctuations kept the brokerage offices crowded today. The first feeling of uneasiness through fear that the telegraph strike would paralyze business was dissipated when the market quotations came up regularly up to the noon hour, but it was conclusively that the operators had not watered out. Then San Francisco came through regularly and the game was on in full swing with a nerve-racking race that kept the people guessing as lively as a horse race. Tonopah Divide reached \$1.70 and closed at \$1.80 the lowest since the big boom started. Zone dropped to 75 and closed with the last sale at 80. Extension was the best opening at \$2.15 with a lively demand the price suddenly broke to \$1.75 and in half an hour reacted to \$2.15. Dividend sank to 61 and the last sale was at 71 on sales of 15,000. Divide Consolidated was in active demand on a report that the Extension ledge failed and went through that week. The demand carried the security to 40 cents from which there was a reaction which took the price down to 20 and closed. Divide City rose to 34, broke to 21 and went back to sales at 20. Reaction was one of the surprises, running strong from the opening at 22 at which it held closely to the final. Total sales were 825,000 shares distributed among the leaders as follows:

Gold Zone	22,000
Divide Ext	24,800
Dividend	118,300
Brougher	6,700
Horsehoe	80,500
Divide Cons	72,000
Divide City	49,500
Myra	52,000
Rescue-Ebla	81,500
Midway	23,000

GAS GOES UP

(By Associated Press) SAN FRANCISCO, June 11.—The Standard Oil company today announced a one-cent increase in the price of gasoline in California, Oregon, Washington and Arizona.
