TRAGEDY OF COSSACK REPUBLIC EXPOSED

(Correspondence Associated Press)

PARIS, June 23.—A Cossack herdsman from the eastern corner of the Black Sea, in high astrakhan cap and faded long coat, recently wandered into American Red Cross head-

JAPAN PLAYING BIG BROTHER IN THE ORIENT

(Correspondence Associated Press)

TOKIO, June 12.—Japan does not pretend to be wholly unselfish in her policy toward China," says the Herald of Asia, a conservative journal of Japanese thought. "Japan is protecting China chiefly for the sake of her own security," the paper continued.

"Japan cannot allow China to barter away her birthright even if she is simple enough to engage in such folly. If China wants to test Japan's sincerity let her refuse all further concessions to occidental nations and secure for all time the inalienation of her territory, and Japan's task to China will be finished."

"It is a question, however, whether China is yet able to do without the assistance of Japan in keeping foreign nations at bay; and this help, strange to say, is just what China does not want. It is that China would rather be a slave of the white races than the equal of Japan? We can hardly credit this."

"There is no need for China to be anxious about the return of Kiao Chow. Japan has promised to restore the territory to China just as soon as China is able to guarantee that it will not again fall into the hands of a third party. What more can China desire? And does justice require more? China talks as if she were an absolutely independent nation, granting concessions to no country. If she will take this attitude toward all western countries, Japan will be ready to concede China her new status. But to show a desire to cast out Japan while leaving others in place, is something no one can expect Japan to approve."

APPROPRIATIONS AVAILABLE

(Associated Press)
WASHINGTON, July 15.—The six hundred and thirteen million dollar sundry civil appropriation bill, as revised by congress to meet the president's objection, was signed by President Wilson today.

quarters in Paris. He had sold everything he owned in order to meet the expense of a journey across Europe to tell the Red Cross that the Cossacks of Kuban were dying of typhus.

He told his story to the commissioner, who ordered an immediate investigation. Major Edwin C. Dexter of Urbana, Ill., formerly head of the Montenegrin unit of the American Red Cross, was sent to Kuban to report on conditions. He found there were 100,000 cases of typhus on the slopes of the Caucasus and that throughout the Kuban district there was a lack of drugs and medical supplies. Not only were the people dying of disease, but the wounded soldiers of the army engaged in frontier fighting, were without dressings or anaesthetics for even major operations. Not in the whole of Kuban was there a single ounce of ether or chloroform.

As a result of these reports, the American Red Cross has outfitted a ship to proceed to Kuban with complete equipment for a five-hundred bed hospital, 1500 tons of drugs and 1500 tons of clothing. Ten Red Cross officers and fifteen American Relief Administration workers make up the unit, which will establish a hospital and distribute the supplies, with the full authority of the de facto government of the Kuban republic.

BRAVELY EARNS SILVER MEDAL

(Correspondence Associated Press)

LONDON, June 29.—The president of the board of trade has recommended to King George that a silver medal be awarded to Lieut. Ross P. Whitmarsh of the United States navy, for gallantry in life saving, when the British steamer Dwinsk was sunk by an enemy submarine in the Atlantic ocean about a year ago.

Lieutenant Whitmarsh was in charge of a lifeboat in which nineteen British subjects took refuge. The boat encountered a cyclone but the lieutenant brought her through it safely, and the record states that his bravery and devotion saved the lives of all.

PRICE OF RAW SILK PASSES THE PEAK

YOKOHAMA, June 15.—Prices of all grades of raw silk which dropped disastrously with the beginning of the war have since mounted far above the high tide of the last ten years. Japan exported \$190,000,000 worth of raw silk last year, it is announced.

BABY WONDERS EXCITE EUROPE

(Correspondence Associated Press)

LONDON, June 28.—Infant prodigies are being discovered in England almost daily. Some connect this with the psychology of war. One of the youthful marvels is Pamela Bisco, a thirteen-year-old girl artist whose drawings were given the place of honor in an exhibition at one of the principal London galleries. Critics dealt with them quite seriously, and said that the work was suggestive of Botticelli and some of the other old masters. Pamela is an Italian girl who was born in England and never had taken any drawing lessons.

Ronnie Routledge, four years old, is more than a baby, whose parents know nothing of music, has enjoyed six months of tuition on the violin. At the Grimsby College of Music recently he outplayed for three competitors, most of them in their twenties and scored 114 points on a possible 120. Professor D'Almeida describes him as a miracle.

Little Bobbie Day, aged seven, of Brighton, son of a motor mechanic, has wonderful powers of clairvoyance, according to the Weekly Dispatch. Blindfolded he describes a number of articles. These included a treasury note (giving its color, number and writing on the back), the color and texture of a piece of fabric he had never seen, the correct answer to a complicated sum in mental arithmetic and figures written down at random.

After five minutes' test he complained of feeling icy cold. "I just see little pictures, and I just say them," is Bobbie's explanation.

(Correspondence Associated Press)
BUCHAREST, June 12.—Artificial leg factories have been established under American auspices in Bucharest, Belgrade and Athens. In these workshops the latest models of American legs are made for the war-wounded under the direction of American workmen. In all Rumania, Serbia and Greece, native workmen are being taught the latest American methods of manufacture.
