**ARNOLD H. HOWE** is registered at the Mizpah from Reno.

**JAMES C. ROBERTSON**, the well known broker, came in from Reno this morning and will spend a few days looking up mining conditions.

**A. H. HOWE**, senior partner of the firm of A. H. Howe & Co., of Reno, is expected here tomorrow.

**J. GRANT CRUMLEY** is back from San Francisco where he went ten days ago to be treated for ptomaine poisoning.

**HARRY H. ATKINSON**, the district attorney, arrived last evening by the southern route from a professional visit to Los Angeles.

## MINING MEN AND LADIES VISIT ALUM PROPERTY

As the guest of James A. Roberts and W. B. Roberts, a motoring party yesterday visited the property of the Silver Peak Chemical company which is now in active operation and were greatly entertained by the hosts, who showed them through the workings which disclosed an entirely new phase of the mining industry. The start was made from Tonopah at 3:30 and after examining the mine and listening to an account of what the company proposes doing the guests sat down to luncheon set in the new cook house where an appetizing spread was discussed. The return trip was made at midnight. The guests were Mrs. John G. Kirchen, Mrs. H. H. Atkinson, Mrs. Arthur G. Rayercraft, Mrs. Stuart F. Lane, Mr. and Mrs. H. A. Reid, Mrs. Allene Case, Mr. and Mrs. Otto Wise, Miss May Corson, Miss Claire Tarpey, Miss Helen Case, Mr. and Mrs. John L. Dyman, George D. Chase, Guy Corson, Clark Clemmens, Ed M. Kirchen, John Drew, Walter Roundtree and George Christian.

## AMUSEMENTS

### HALE HAMILTON IN CLEVER PLAY AT BUTLER

"That's Good," adapted from the story of the same name by Richard Washburn Child, published in the Saturday Evening Post, will be the attraction at the Butler theater today with Hale Hamilton, the popular Metro star in the leading role.

The entertaining story is of a wise young man thought foolish by his neighbors because of his complacent outlook on life and of a young woman who, in her own opinion, is unusually clever. How unexpected adventures come up which turns the tables and makes the young man the wisest of the two is cleverly told in this alluring tale of love and adventure. One of the features of the picture shows a cabaret in full swing. All the varied and unusual entertainments seen on the famous New York roof garden.

Added to the feature will be a two-reel Tom Mix comedy, entitled "Six-Cylinder Love."

### FRAMED UP BY BUSH STREET

Charles Knox denies the reports that gained circulation through San Francisco that Herbert Humphrey had refused to exercise the option on a block of the treasury stock of the Knox Divide and adding that Mr. Humphrey was highly pleased with the prospect of the company making good. The depreciation of the stock, he stated in a telegram to Herman Albert, was a deliberate raid engineered by San Francisco brokers who would be unable to make deliveries on their contracts as all the stock of the Knox was held in the east and none of it was coming out.

The hole where the ledge was exposed is looking better than ever with the wedge-shaped ledge widening both ways. At a depth of 14 feet that panned wire gold freely intruded and samples taken this morning brought returns from the assayers this afternoon of \$72.60.

## TEXAS AIRPLANES MAY NOT COME TO TONOPAH

The De Havilland bombing airplanes scheduled last month to arrive in Tonopah from Texas about July 15th may not appear here, according to a statement which gives their itinerary from Los Angeles up the coast to San Francisco and then over the mountains to Reno. Four De Havilland planes equipped with Liberty motors are being used by the men and the trip is being made in the interest of recruiting for the air service. The pilots of the planes are Sergeants C. C. Nutte, E. W. Killgore, E. H. Nelson and C. V. Rught.

The man who expects nothing has the best chance of being happy, for everything he gets is extra.

## PURVEYORS OF PUBLICITY FOR DIVIDE DISTRICT

Angelina Kearns, associated with the brokerage firm of Stimler & Co., has resigned her position and together with "Doc" Billy Morris, former newspaper man, have launched out as purveyors of publicity. Miss Kearns says that an advertiser must lay out the plans for effective advertising just as the architect must plan the home if striking effects are desired. The firm of Morris, Kearns Co., is prepared to turn out "exclusive styles in progressive publicity that has pulling power"—the kind that will assist those who are endeavoring to tell the world about the Divide district, added the breezy Miss Kearns.

**TREASURY STOCK:** 1,000,000 Shares Donated to Treasury  
**LISTING STOCK**  
Application to list Big Ledge stock on the San Francisco Stock Exchange is now being prepared.

**PROPERTY**  
Divide View Group, in Divide district, near the Myra; Pinion Group in Sylvania. Five year lease on Sylvania group in Sylvania. A mine with few equals in this country.

**WHAT CONSERVATIVE ENGINEERS SAY:**  
Mr. Robert J. Anderson, of Philadelphia, says: "It is phenomenal in the history of mining to see such a large body of ore exposed over so great a distance and in many openings, yielding such phenomenal values as are shown by the assay sheet attached, which were made on the ground."

Mr. Rolla E. Clapp, of Salt Lake City, says: "The Sylvania property possesses merit and justifies the recommendations herein stated with reasonable expectations of developing a paying proposition."

Mr. D. E. McPherson, of Salt Lake City, says: "The showing at Sylvania is the greatest for the development I ever examined in my twenty years of field experience."

Mr. W. J. Cooper, of Denver, says: "When properly managed the property should make one of the largest and most profitable mines in the State of Nevada."

Mr. W. J. Brumblay, of the U. S. Smelter says: "After going over the remarkable showings on the property, I was so confident of their enormous possibilities that a very favorable basis for smelting contract was made to the management."

Mr. L. T. Brockbank, Chemist, of Reno, says: "The Sylvania claims leased to the Big Ledge for a number of years present available ore sufficient to pay dividends, since the ore is an ideal smelting composition."

**VALUES**  
All of the above engineers have sampled the Sylvania—Reports show average of ore above \$35 per ton, with large quantities of shipping ore in sight. Anderson says there is 20 feet of ore averaging above \$50 in the Oneida shaft.

**DIVIDENDS**  
Taking technical reports as a basis dividends are in sight for Big Ledge.

**FIRST DIVIDEND**  
If all indications do not fail **BIG LEDGE DIVIDE OUGHT TO PAY AN INITIAL DIVIDEND BY JANUARY 1st, 1920.**
