In cases where a man more than carried a girl in her early twenties it is hard to guess who is most disappointed.

The war is over, but the fate of the Nye boys and his family is still undetermined. All sorts of rumors are coming out of Ekaterinburg in the Trans.

COBLENTZ TO BE HEADQUARTERS

(By Associated Press)

COBLENTZ, Saturday, Aug. 2.—Coblenz will become the headquarters of the American forces in Europe when the American grand headquarters in Paris is closed about August 20. Coblenz will be the base port for the American continent that is likely to remain indefinitely on the Rhine. Pershing said he intended to call from Brest about September.

FRANK GOLDEN RETURNS

Frank Golden, former member of the state legislature and manager of the Golden hotel, has returned from active service in France, where he spent several months. He enlisted in the motorcycle corps soon after the United States declared war, and after serving some time in Texas, was sent overseas and traveled all over France and Germany.

GERMANY CLAIMS CREDIT FOR FIRST OCEAN FLIGHT

(Correspondence Associated Press)

BERLIN, July 19.—The Rundschau states that the credit of the R-34's trans-Atlantic flight was due to Count Zeppelin and adds that the inventor had been spared the pains he would have experienced had he lived to see England reap the credit and reward of his labor and his invention.

FILLERS ocala HOLAURH

Columbia is at last to get that \$25,000,000 for her rights in the Panama Canal zone. The "regret" clause is to be eliminated. Columbia is not standing on ceremony just now; she needs the money.

If this prohibition craze goes much further it will soon be a misdemeanor to report that snatch of Ben Johnson's, "Golla," running "Drink to me only with thine eyes, and I will pledge with mine," etc.

CRUDE OIL IN THE FRACTURES

The Nevada Oil Basin Co., Inc., is the first company to acquire ground and establish itself in the now famous Oil Basin in White Pine county, near the Nye county line. The avowed intention of this corporation is to determine the worth of its holdings from a petroleum standpoint and adopt a program of wide publicity.

Since Anderson and Nance returned from that district several weeks ago with a black fossil shale which produced pure crude oil when treated, a party of enthusiastic promoters immediately seized upon this unusual formation as a basis of strong argument for an organization to dig up the money and go after it. Inasmuch as the general public points favorably to the existence of oil.

Presented by a number of determined officials, business men for the most part, it is to be hoped they will meet with rapid success in acquiring sufficient funds for rigging and general expenses for prosecuting this work to the limit.

One producing well in this part of the state would lend a mighty impetus to its present magnificent strides in its output of natural wealth.

Possibilities of commercial oil in this state have been released and thrashed out from time to time, but now that general interest is aroused there is only one solution to this long standing enigma. It is up to some reliable organization to drill and drill deep.

MEXICO CALLS TURN ON LEAGUE NATIONS

(Correspondence Associated Press)

MEXICO CITY, July 28.—Luis Cabrera, secretary of the treasury, is quoted in El Democrata as saying in an address before the chamber of deputies: "The league of nations continues to be a dream for those who see one nation that carries a sacrifice a part of its sovereignty as a sacrifice to the good of the rest."

Mexico is gallivanting around and shifting its feet of lace at Uncle Sam. But she will change her mind—she always does.
