RED CROSS BUSY IN BUDAPEST

(Correspondence of Associated Press) PARIS, Oct. 2.—By Mail.—Hungary is the first of the late central powers to receive an official commission of the American Red Cross for civilian work.

The unit is in charge of Major S. A. Moffatt, of Brooklyn and Major B. E. Bethany, of Seattle, both of whom, like Red Cross experience in other parts of Europe.

The commission was sent to Budapest at the request of the inter-allied commission in Paris. Hospitals in Budapest were reported as crowded to overflowing but without the basic necessities.

RED CROSS DID A NOBLE WORK

WASHINGTON, D. C., Oct. 18.—On behalf of the war council of the American Red Cross, Henry P. Davison, its chairman, today authorized publication of the first installment of the complete report to the activities of the American Red Cross during the war.

A statement of the American Red Cross effort and finances since the war council relinquished its control will be made to the public through the executive committee and it is important, therefore, that the fact that this report covers the period only until March 1, should be carefully noted.

Following are certain round figures covering American Red Cross participation in the war:

Contributions received \$400,000,000 Red Cross members 31,000,000 Red Cross workers 8,100,000

Soldiers' articles by Red Cross workers 21,277,000 Soldiers' families aided 500,000 Refuse articles received 10,000,000 Nurses stationed 22,822

Kind of hospital articles distributed 2,700 Kind of articles given 10,000,000 Total articles sent 10,000,000 Foreign countries reported 25

Patent medicines 1,550,000 French hospitals visited 1,780 Splints for France soldiers 250,000 Gallons of various fluids and oxygen for France 1,210,000 Men worked in France 75,500,000

Refugees aided in France 1,250,000 American convalescent soldiers attending 104,000 Crosses given in France 1,110,000 Soldiers nursed in Italy 148,000 Children nursed in Italy 155,000

The following table shows the receipts and expenditures of chapters and National Headquarters combined for the twenty months ending February 28, 1919, round figures, unless noted for simplicity.

National headquarters \$2,570,000,000 chapters \$117,000,000 total \$2,687,000,000

Expenditures: National headquarters \$1,000,000,000 chapters \$1,500,000,000 total \$2,500,000,000

MAY BUILD R. R. INTO EUREKA

It is not improbable that the recent purchase of the Eureka-Palmdale narrow gauge railroad may have something to do with the development of the consolidated Copper Mines company and may in the near future bear the same relation to the Copper Mines company as the Nevada Northern does to the Nevada Consolidated Copper company, says The White Pine News.

The distance from Kimberly, where the Copper Mines company is located, is only about eighty miles from Eureka and it is possible that a connecting road may be built running south of Kimberly and through the Pinto pass into Eureka to connect with the reconstruction road to Palmdale.

SAVED SURGEON FROM TROUBLE

(Correspondence of Associated Press) BREAST, Sept. 22.—A few days ago, according to a story in the French papers, a street row occurred here in which some American soldiers took part, one of whom was hit by a revolver bullet. The hospital surgeon took a long time probing the wound, but the American stoically bore the pain.

"What are you doing, anyway?" he asked finally. "Looking for the bullet," said the doctor.

"Why didn't you say so? I've got it in my pocket. I took it out myself," was the retort.

When a woman spends her time in behalf of some "movement," unless she's paid for it she's usually very young or old or else she's homely.

A bachelor always puts his friend's opinion on the head and remarks, "Children are great institutions" and then tries to change the subject.

Not Your Money But Your Good Will

We want the good will of every car owner in this town.

We want everyone to say what lots of folks say now—"Willard? That's where you get a square deal and value for every dollar."

We'd rather have your good will than an extra dollar or two on a repair job.

We'd rather sell you a battery that will give longer and better service than to make a living by repairing poor batteries.

Of course good repair work and good batteries cost more, but we believe they make friends and buy good will.

Let's get together.
