## TRAIN ON WAY FOR A MONTH

(Correspondence of Associated Press)

WARSAW, Sept. 20.—A special train of nineteen cars of American Red Cross relief supplies, urgently needed in the desolated parts of Poland, has just arrived in Warsaw. The train was on the way from Paris for nearly a month. It came through Italy, Austria and Czechoslovakia, and was composed of surrendered German freight cars, formerly part of a munition train on the Argonne front. Delays were encountered throughout the journey, which consumed four times as much as the schedule.

This is the eighth train to reach the American Red Cross commission to Poland in four months from Paris. The cargo is made up principally of refugee clothing and hospital bedding. It is estimated that only half of the Poles who were forced to flee from the country during the war have as yet returned, and the American Red Cross is making energetic preparations for furnishing needed clothing for ragged refugees who will return during the coming winter.

Several cars of hospital supplies which came on this train will be forwarded, at once to the commission's southern field headquarters at Lemberg, for the new Polish hospitals in Galicia. Tremendous demands are being made on these hospitals by the present typhus wave that is sweeping into Galicia from the east.

In spite of the great transportation difficulties that lie between Poland and the source of supplies on the Atlantic coast, the Red Cross has announced that its program for keeping a steady stream of food, clothing and other relief supplies coming into Poland will continue throughout the winter.

### WYATT FINDS RICH SILVER VEIN

Another mining magnate in the making is Clarence Wyatt, who has been in search for the past several years in the Forest service of his 1914 Sam and started out to do a little on his own. He prospected in the hills to the west of Snooky valley and discovered a lode vein which he keeps its surface prominent, in going to make not only him, but several of his friends wealthy.

He has what is described as a very large vein in the granite hills of the Tonopah region, a short distance from the new discovery of Jack Cahill, from which he has had assays running as high as \$472 per ton. With W. G. Adams he has gone out to work on his new find, and there is hope that it will prove as good below the surface as it seems on top. Mr. Adams has taken over an interest, and is with him at the strike.

Mr. Wyatt's property is very near to that of Schwab and Olson, which property is known to be very valuable, so much so that they have refused to place any of the stock on the market at this time.—Roché River Payette.

### SEATTLE PLAYER WILL MANAGE CALGARY TEAM

(Associated Press)  
CALGARY, Canada, Oct. 25.—Joe Devine, Seattle, former Pacific Coast baseball league, Union association and Western league player, has been named to manage the Calgary club in the Western Canada Baseball league.

Work has started on Calgary's new baseball park, which, it is planned, will be one of the finest ball plants in Canada.

## OPPORTUNITY FOR PROFIT 100,000 Shares of Treasury Stock Now Offered

of the

# ARROWHEAD ANNEX

## MINING CO.

# 7c Share 7c

The property of the ARROWHEAD ANNEX MINING COMPANY consists of eighty acres (4 claims) adjacent to the Arrowhead Mine, where four feet of ore, averaging better than \$200.00 a ton has been opened up. Experts who have visited the Grand View group, owned free of debt by the ARROWHEAD ANNEX MINING COMPANY, were delighted with the surface showings and were unanimous in advising rapid development to depth.

Preliminary developments are now under way and it is the purpose of the management to start sinking at an early date. A 25-h.p. Fairbanks Morse hoist has already been purchased for immediate shipment to the property, also a truck, necessary for carrying in supplies.
