TEXAS OIL! QUICK ACTION FOR YOUR MONEY Think what it means to invest your money where production is absolutely certain. Drilling operations have commenced on our acreage tract in Iowa Park field, the latest excitement. This is the beginning of a 10-well drilling campaign. REMEMBER, we have a total of 25,000 acres with substantial holdings in every proven territory of Central Texas. Your \$1, your \$50 or your \$100 invested in this company entitles you to any benefits derived from any section of our entire 25,000 acres. ALSO, you will share equally in any future holdings we may acquire. Stop and think a moment of the enormous acreage which this company owns—that they are capitalized for only \$250,000. Stop and think what this means. The quick thinker and the one who reads between the lines is the one who makes a fortune. \$100 invested in Alberta stock last week, and we have holdings adjoining this property, made \$14,000 in 3 days. To share in the development, to share in the production and to share in the profits of this company, it will be necessary for you to act immediately.
