**REPUBLICANS TO CELEBRATE TONIGHT**

Plans are being made by local Republicans for a big celebration tonight starting at 7 o'clock. The band will be on the streets and a parade will be staged. As it seems almost impossible to find a Democrat tonight, it is expected that the jubilation tonight will be one of the largest ever put on in this city.

## AMUSEMENTS

**DOROTHY DALTON AT THE BUTLER TODAY**

Dorothy Dalton, in an intensely human drama of domestic life, "Guilty of Love," will be the attraction at the Butler today.

Miss Dalton has the role of Thelma Miller, a New England girl, who left penniless by the death of her father, goes to New York and secures a position as governess in the home of the rich Mrs. Watkins. The latter's brother falls in love with Thelma and her father, trying to keep them apart, sends Norris abroad. Upon his return, Thelma is about to become a mother. She compels him to marry her at the point of a revolver and then leaves him. Years afterward Norris comes upon her as a schoolteacher in a little New England town and a dramatic event finally effects a reconciliation between them. It was adapted from Avery Hopwood's stage play, "This Man—This Woman." Added to the program will be the first of a new brand of two-reel comedies entitled "Kiss Me Carefully."

# BOSTON OIL & GAS COMPANY

A NEVADA CORPORATION

2,000,000 SHARES. PAR VALUE 10 CENTS

This company is operating under a permit actually issued by the Secretary of the Interior by which work will proceed at once or as soon as machinery can be installed. This is no long distance promise of the chance of getting a permit. The license under the seal of the Interior Department is here, and there is nothing to prevent the Boston Oil & Gas Company from going ahead without any of those nerve-racking waits that at one time threatened to impair confidence in the oil resources of the Fallon field. The Fallon Oil Field is now known to be proven territory, as the consensus of all geologists is that geological conditions are ripe for bringing in another great oil field that may prove the surprise of the world.

**ANNOUNCEMENT**

After a very careful investigation of the Fallon Oil Field I have decided to enter the activities of that District. My investigations included personal examinations, a careful consideration of the reports on the district by Geologists of high reputation, and an exhaustive report by a geologist sent into the field by myself. I am fully convinced that the Fallon Field will soon become one of the large producing districts of the United States. With this in view I have incorporated the Boston Oil & Gas Company, which owns permit granted by the Secretary of the Interior upon Section 9, Township 18 N, R 31 E. The land is in close proximity to the discovery well of the Fallon Oil & Gas Company and is considered by geologists to be as good as any in the district. The Boston Oil & Gas Company is being financed by New York and Boston capitalists, but a small amount of stock has been set aside for my Nevada clients.

**NEVADA—THE VIRGIN OIL RESERVOIR OF THE NATION**

**PROSPECTS OF OIL**—We look for the greatest boom Nevada has ever had as soon as the Fallon Gas & Oil Co. receives its permit, which has been promised by the government adjuster within the next few days. Well No. 1 will then be reopened so that the public will see that oil in commercial quantities has been found in the Fallon field. Seven rigs are actually drilling and more are getting ready. They are waiting for their permits, of which only five have been issued to date. Watch for the race to strike oil when these drills begin churning up the earth.

**ALLOTMENT FOR TONOPAH**

The first offering of a small block of shares in the Boston Oil & Gas Company through the TONOPAH BANKING CORPORATION or the H. C. STIMLER CO., Mirpah Hotel, will be sold at 12 1-2 CENTS PER SHARE.

The second allotment has already been underwritten in Boston at 25 cents a share.
