MYSTERY SURROUNDS DEATH OF GIRL

ST. LOUIS, Mo., Nov. 5.—Miss Edna Ellis, 18 years old, was found mysteriously slain in a clump of weeds in a vacant lot in a populous district of this city today. Her throat had been slashed and a broken razor was found near the body. The girl had been severely beaten.

MURDERER OF SHERIFF HUNG

SALEM, Ore., Nov. 5.—Emmett Bancroft, alias Neil Hart, was hanged in the Oregon penitentiary at 8:27 this morning for the murder of Sheriff T. H. Taylor at Pendleton, July 25.

Pendleton became, in spirit, at least, a town of the old west again when Hart killed Sheriff Taylor, and with five companions, broke from the Umatilla county jail and fled to the timbered hills. There was talk of a lynching when the men were taken back to Pendleton and, on the first night the men were in the jail, a crowd gathered and ropes were seen in the glare of the automobile headlights. W. R. "Jinks" Taylor, brother of the dead sheriff, who succeeded to his office, told the crowd that he would not have favored mob violence. With shouts of "Guess you're right, Jinks," the crowd broke up.

Rich Ore Is Found in Winze at Broken Hills

(By William P. DeWolf.)
BROKEN HILLS, Nev., Nov. 5.—The richest ore that has yet been encountered on the entire Broken Hills property is now being mined in a winze sunk to an incline depth of 30 feet from the bottom of the 90-foot level in the Belmont incline shaft. Eight inches of the vein at the bottom of the winze, in this, the deepest working in the Belmont incline shaft, assays from \$500 to \$1,000 a ton, according to O. E. Schiffer, mine superintendent for the Broken Hills Silver corporation. Above and below the 30-foot incline level—75 feet perpendicular depth—ore is being sacked for shipment from five additional stopes on the same vein.

A new 4x7 perpendicular shaft is being sunk with feverish haste to get under the rich ore at a depth of 150 feet and is going down at the rate of three feet per day. Three shifts of miners are sinking it.

Regarding this development, Consulting Engineer and Geologist A. V. Thompson says:

"At the 150-foot point a crosscut will be run southeast 75 feet to intersect the vein. Drifts along the vein will then expose the ore shoots

NEW YORK, Nov. 5.—With the size of President-elect Harding's electoral vote virtually settled at 404 of a possible 531 and the complexion of the new senate set down as 59 Republicans and 37 Democrats, the Republican leaders today waited for the returns on eight contests in six states to fix the exact size of the Republican house majority.

ALICE ARM, B. C., Nov. 5.—To buy a silver mine at a sheriff's sale for \$200, the property being sold to pay wages due the purchaser, and then to sell the mine a few years afterwards for \$75,000, has been the good fortune of Pedro Salina, of this city, who just disposed of the Esperanza mine to a group of Vancouver men.

In Nye county two Republicans and two Democrats were elected to the assembly and the state senator is Democrat.

In the senate there are five Republican and five Democratic hold-over senators. PARIS, Nov. 5.—A special diplomatic mission of Felix Palvaeni, owner of El Universal, of Mexico City, from the Mexican government to various European governments, has been finished, he has announced.

Senor Palvaeni has arranged with the British government to renew diplomatic relations with Mexico in December when General Obregon assumes the presidency.

In Belgium Palvaeni was received by King Albert, in Spain by King Alfonso and in France by President Millerand.

HOLLAND MAY BE REPUBLIC

THE HAGUE, Nov. 5.—Possibilities of becoming a republic are in prospect for Holland under recommendations submitted today by the committee appointed to revise the constitution.

If these recommendations are adopted, Holland will have a chance of doing away with royalty unless little Princess Juliana, only child of Queen Wilhelmina, and Prince Consort Henry, some day gives birth to a son by a husband whom the Dutch parliament approves of as her consort. The princess now is 11 years old.

ROSCOMMON, Mich., Nov. 5.—Mrs. Jane Johnson, 65 years old, mother of three children and sheriff-elect of Roscommon county, today outlined the platform on which she will go into office, succeeding Sheriff Johnson, her husband.

"I can land bad men or bad women myself if necessary," she said, "but as a matter of precaution I will appoint my husband deputy. In the intervals between searching for and caring for prisoners, I will look after my children and domestic duties in the county jail."

Men Lost on Hunting Trip Finally Located

Word was brought into this city this afternoon by a rancher named Cordova that he had seen Jack Noon, Billy Jacobs and Sam Nesbitt, who, it had been feared, were lost in the Pahraganai valley, about 15 miles south of Sharp's ranch on Monday, at the head of Cherry Creek valley.

An axle of their axle was broken and it is thought that they are waiting for repairs. Noon, Jacobs and Nesbitt left this city two weeks ago next Sunday on a hunting trip in Pahraganai and after about two days' hunting Noon became lost from the others. After four days he was found near the head of Pahraganai by some cowboys and rejoined Nesbitt and Jacobs. They sent a wire from Caliente that they would return to this city on last Tuesday and their failure to return has

BRYAN ADVISES WILSON RESIGN

CHICAGO, Nov. 5.—William Jennings Bryan in Chicago yesterday gave out a statement suggesting that "President Wilson should resign at once." Bryan said: "Now that the American people have decisively declared against the league of nations as written by the president, it would seem desirable to carry out the verdict immediately."

"The president should resign at once and turn-over his office to Mr. Marshall on the condition that on the convening of congress in December, Mr. Marshall appoint Senator Harding secretary of state and himself resign."

"The law then would make Mr. Harding president, and, with the Republican support in congress, he could at once put into operation the plan for the United States to enter into an association of nations for peace."

GOMPERS MAKES VOTE COMMENT

WASHINGTON, D. C., Nov. 5.—Samuel Gompers, president of the American Federation of Labor, declared today in his first statement regarding Tuesday's election, that the non-partisan policy of the federation had been more completely justified than ever and that the utility of separate party action had been more convincingly demonstrated.

"Every forward-looking man and woman must feel some deep regret because of the great passion toward reaction," Gompers said, "but meanwhile democracy will right itself at the proper time."

PROTEST ACTION JAPANESE CONSUL

WASHINGTON, D. C., Nov. 5.—Residents of Los Angeles have made a formal complaint to the state department that Ujira Oyama, Japanese consul at that place, had displayed "pernicious" activities in advising voters to oppose the anti-Japanese land law in the elections in California Tuesday. JAPAN PLANS PROTEST OF NEW LAND LAW

Objection to California Law Will Be Based Upon Conflict With Treaty

TOKYO, Thursday, Nov. 4.—When confirmation has been received that the people of California voted for the four proposed land laws, Japan will lodge a protest in Washington pointing out that the measure conflicts with Japanese treaty rights, according to Yurumochi, an independent organ, which quoted unnamed foreign officials. Formal negotiations, the newspaper says, will follow for an agreement permanently removing the cause of the trouble. The Hochi Shimbun reports the Japanese ambassador in Washington and Secretary Goby have reached an agreement by which Japan will stop immigration to the United States in return for which America will accord to Japanese in America the same treatment as other foreigners. Marcus Okuma, former premier, in an interview declares that "only thoughtless people have talked of war between Japan and America over California."
