## AMUSEMENTS

CONSTANCE TALMADGE AT THE BUTLER TODAY

Three business men spending a few days' vacation at one of the Palm Beach zippest hotels were treated to something better than a burlesque show when the pretty step-daughter of John Hardcastle demands that he marry the feeble old lady he has unwittingly committed. This is just one of the original bits from the Constance Talmadge production, "The Love Expert," which will be shown at the Butler today. Adapted from an original story, "The Love Expert" is said to be by far the most original and novel picture released in the last 18 months. Only one old reliable trait of the Emerson Loos (Lump) is found in this picture, and this is the theme. But in selecting this dominating note that sings its way through the entire picture, the authors have hit on the idea of specializing in all lines as a characteristic of this age. Their story is of the sort who overlooked all known sciences to make herself an expert on the subject of romance and emotion. To be explicit, the picture's a knockout.

Added to the feature will be a Ford Weekly and a Pathe Review. Tomorrow, Shirley Mason in "Girl of My Heart" the romance of a boarding and a two-act comedy, "Going Through the Ring," "Madame Peacock."

**MARRIAGE BUSINESS QUIET**

To date not a marriage license has been issued by Cupid Glass this month. During the month of December only three couples applied for "ethers papers" which is a decided decrease in the issuance of the sheepskins.

County Clerk Glass can assign no reason for the slump in business in this particular line, and assures all those who are contemplating the fatal step that he is on the job at all times and has plenty of "Holy Matrimony" certificates on hand.

The production of silver in 1919 was 7,477,000 ounces, against 10,000,000 ounces in 1918, a decrease of 25 per cent. The mines of Tonopah in Nye county, produced most of the silver of the state, but the output has been steadily decreasing in the last few years.

Production in this district decreased from 2,968,737 ounces in 1917 to 2,529,920 ounces in 1918, and to about 2,337,000 ounces in 1919. Some of the largest producers of silver in 1919 were the West End, Tonopah Extension, Tonopah Mining, Tonopah Belmont, Nevada Wonder, Rochester Silver, Montana Tonopah, Prince Gans, Nevada Packard, Elko Policy and mines at Virginia City.

In the Divide district of Esmeralda county the Tonopah Divide mine became an important shipper of silver ore. Most of the silver of the state comes from siliceous ore treated by cyanation, only a small part being won from concentrates and grade ore smelted. The output of copper, lead and zinc was decreased approximately 30 per cent from the totals of 1918. The Nevada Consolidated copper plant of Ely was operated at greatly reduced tonnage and the Mason Valley plant at Thompson was active only two months of the year.

## ADDITIONAL PERSONALS

S. R. MOORE, who has been on the sick list for the past month, was a passenger for the coast this morning, where he will enter a sanatorium.

JAMES SHIELDS departed today for San Francisco on a business mission.

PAUL REVERT, local manager of the Verdi Lumber company, left today for San Francisco and Reno.

J. W. SHERWIN, general manager of the West End Mining company, was an arrival from Oakland this morning.

## WINNERS TO RECEIVE LIFE PASSES IN NORTH

(By Associated Press) SEATTLE, Wash., Jan. 25.—Life passes to all athletic affairs held in the new big University of Washington stadium here are to be given by the university to all winners of "W" blankets. To win a "W" blanket, an athlete must win three letters in one sport or one letter in his senior year.

## COLUMBIAN BERRY IS FAVORITE IN SOUTH

(By Associated Press) WASHINGTON, D. C., Jan. 25.—Predictions that the Columbian berry, discovered in a hitherto unexplored forest region of the South American republic for which it was named, would revolutionize the American berry industry in the same way that the naval orange, also of South American origin, marked an epoch in the history of citrus growing, are made by officials of the department of agriculture.

## NOTICE TO ELKS

All Elks are requested to be present at the funeral of our late brother, Leo F. Morgan. Services will be held in the lodge room Wednesday afternoon at 4 p. m.

LOVELL DANIELS, Secretary.

## FIRST SOCIAL

Tomorrow, Wednesday evening, the Knights of Pythias will give the first of a series of socials during the winter months.

## BUY BEFORE THE BOOM STARTS

The time to buy an oil stock is before the oil has been brought in. As the old saying goes, you can't run the mill with the water that has passed. Buy before the boom starts.

Immense fortunes have been made in oil stocks by those who bought when the companies were still in the speculative stage. If you are looking for a sure thing, better put your money into government bonds, but if you are willing to take a chance, buy Nevada oil stocks. They are the best gamble in the world today.

## ILLIPAH PETROLEUM

as the best buy right now, as we firmly believe this company is right on the verge of bringing a commercial well, and it may be a gusher. This company's well is now cased from top to bottom. Depth of hole was 692 feet last Thursday and is probably considerably over 700 feet now. Liable to go into the oil sand any minute.

You can buy this stock today at 15 cents a share. It may be a dollar or more within the next day or so.
