

Spring Coats Are Sumptuous

COATS are nothing if not graceful and dignified this spring. There is something about them that suggests leisure or at least deliberation. They appear to be designed, not for hurrying mortals, but for those who have time to give heed to their draperies—not to speak of hanging on to them. It is quite the style to appear to hold the wrap about the shoulders and it must be conceded that this casual adjustment of the garment to the figure has "chic" of its own. The pretty model at the left of the two pictured is showing us one way of following the mode.

Both the coats pictured are representatives of favored styles; they are as much like mantles as coats. Even the models that have set-in sleeves are ample and rippling, managing to follow—at a little distance—something of the vague and changing lines approved by fashion which distinctly favors wraps that may be described

as sumptuous. Each of these coats is distinctly new in some style points. The model at the left is made of one of the heavier of spring pile fabrics and has its unusual collar striped with bands of black which may be of patent leather or of ribbon. Beige-colored coats with finishing and embellishments of patent leather are among the best of the season's offerings.

The coat at the right might be more accurately described as a mantle, shaped into wide sleeves at the sides. It is a very clever piece of designing with its body gathered into a length of the material which becomes a yoke-collar and scarf, all in one. The scarf ends are finished with handsome tassels.

RUSSIAN SOVIET CALLS MEETING

LONDON, March 4.—The Russian Soviet government has called many of its representatives in foreign countries to Moscow to hold a series of meetings for the discussion of questions of foreign policy and trade relations between Russia and those countries.

Among those who will attend the meetings are the following Russian agents abroad: Litvinoff from Riga, Kopp from Berlin, Hanetsky from Riga, Berzin from Helsingfors, Rothstein from Teheran and Kerzhentsev from Stockholm.

M. Kopp, Russian representative in Berlin, is quoted in a wireless message from Moscow as announcing on his arrival there that in the near future an organization would be established for the conduct of trade relations between Russia and Germany. He said that Germany would be able to supply Soviet Russia with a great many articles, in spite of the fact that German industries had suffered from the war and that much of her coal had been taken from her.

All that is now needed to make this debt cancellation proposal complete is to suggest that indemnities shall be paid to Germany.

SAMOA HAS FINE PRISON SYSTEM

(By Associated Press)
PAGO PAGO, Samoa, March 5.—American Samoa has a jail system that probably would appeal to prisoners in the states. Every Saturday afternoon at the American post, the civil prisoners are granted parole until 4 o'clock Monday morning. Most of the prisoners spend their weekends visiting relatives, many going long distances.

Parole rules were tightened recently when it was found several of the prisoners ransacked quarters of the naval officers at Tutuila, while enjoying their Saturday night freedom. The men received heavy sentences, with loss of the parole privileges.

Location books in triplicate now ready at The Bonanza office.
