REMOVAL OF LANGAN FAILS

SENATE BY VOTE 9 TO 8 UPHOLDS THE JUDGE

(By Associated Press) CARSON CITY, Nev., March 14.—Legislative action to remove District Judge Frank P. Langan for alleged delinquency failed today when the senate resolution lacked the two-thirds majority necessary for removal. The vote was 9 to 8 for adoption, 12 votes being necessary for a two-thirds majority in the senate. The assembly on Saturday adopted the resolution for removal by a vote of 29 to 7.

The senators voting for removal of Langan are as follows: Chapin, Fisher, Fitzgerald, Griffith, MacCallan, Rand, Scott, Sheehan, Unlache. Those voting against removal are: Josses, Harrington, Hesson, Kenney, Kent, Miller, Renrose and Durey. Durey, of Esmeralda county, was one of the senators who signed the committee report to remove, but he changed his mind and voted not to remove.

Great credit is due the four members of the Nye county delegation in the assembly, as they all voted for removal.

CALIFORNIANS WILL VISIT FISH LAKE MERGER CO.

Uvalde Burns, the Texas oil man, who recently made an examination of the Fish Lake field and was so well satisfied that he became a heavy stockholder in the Fish Lake Merger company, writes the Merger office from Los Angeles that a number of his California friends will visit Tonopah and Fish Lake within the next few weeks and will no doubt invest heavily.

He states he has met a number of oil experts who are more or less familiar with Fish Lake and they express great confidence that oil will be struck there by any company that goes after it with the right kind of outfit, such as has been secured by the Merger company, and is properly financed to carry out the undertaking.

Mr. Burns is expected in Tonopah Tuesday or Wednesday of this week.

KETCH ON STAND IN HAMON TRIAL

(By Associated Press) AIRDRE, Okla., March 14.—Frank L. Ketch, former business manager of Jake L. Hamon and now the administrator of his estate, today went on the witness stand in the trial of Clara Smith Hamon. Over the objections of the assistant county attorney, who announced that the developments of last Saturday were such as to indicate that Ketch would be charged as an accessory after the fact in Hamon's murder, Ketch testified that Hamon, after the shooting, had given him money with which to get Clara away.

(By Associated Press) BERLIN, Germany, March 14.—The government has addressed a note to the secretariat of the league of nations protesting against penalties being enforced by the entente for Germany's nonfulfillment of her states.

SCORES ROADS FOR TACTICS IN CUTTING WAGES

(By Associated Press) CLEVELAND, Ohio, March 14.—Wage reductions by the railroads without conforming to the provisions of the Cummins-Eason law should convince the American people of the insincerity of the railroads in their professions of respect for and obedience to the law, and the railroad workers will not agree to any such "hush-handed" application of the law as certain roads announced they intend to place upon it, President Lee of the Brotherhood of Railway Trainmen said today.

TO APPOINT COMMITTEE TO ADJUST DISPUTES

(By Associated Press) ST. LOUIS, Mo., March 14.—Armour & Co. have called an election in all departments tomorrow for employees to elect representatives to form an industrial democracy in which the employers and employees would have equal representation, and which would settle all matters of working conditions, wages and hours in the Armour plants.

The representatives elected tomorrow will form a temporary board which will work out permanent plans. The announcement of the company said it was planned eventually to have a plant conference board of five members in each plant, and a general conference board of three members selected from all the plants.

ASKS \$600,000 FOR SEWERAGE SYSTEM

(By Associated Press) HONOLULU, T. H., March 14.—Honolulu should be a standard of sanitary efficiency, a buffer between the continental United States and the possible disease epidemics in the far east, according to a letter sent by Governor Charles J. McCarthy of Hawaii to the secretary of the interior.

Governor McCarthy made this statement in pressing for presidential approval of a \$600,000 sewer bond issue for Honolulu. The governor also pointed out that the present population of Honolulu is greater than that of the entire Hawaiian island group at the time the present sewer system was installed.

EXPECT EMIGRATION TO WESTERN CANADA

(By Associated Press) WINNIPEG, Manitoba, March 14.—Estimates that 25,000 United States land seekers will visit western Canada during 1921 have been made by Walter Johnson, Winnipeg secretary of the Farm Lands Settlement association of Manitoba. A very large number of inquiries about lands have been received from the

HANG SIX PRISONERS AT MOUNT JOY PRISON

(By Associated Press) DUBLIN, Ireland, March 14.—Six prisoners who were convicted of complicity in the killing of British intelligence officers and members of the crown forces in Ireland, were executed at Mount Joy prison this morning.

The men were hanged in pairs at intervals of one hour. Twenty thousand people gathered outside the prison during the hours the executions were being carried out. All work was stopped until 11 o'clock, and even the postoffice was closed and telegraph service suspended.

The scene in front of the prison was impressive. The crowd began assembling at dawn, and by 7 o'clock the yard and roadway and all about the prison were thronged. An altar had been improvised near the main doors and on walls and trees in the prison yard sacred images and pictures had been placed.

Everywhere candles burned, scores of persons in the dense throng holding them aloft during the long vigil here and there priests or women led in prayers or hymns in which every one joined earnestly. Hundreds who were kneeling in the roadway were being trampled when an armored car forced its way through the crowd.

MAY RAISE MEMORIAL TO ADMIRAL DEWEY

(By Associated Press) MANILA, P. I., March 14.—The Dewey Memorial committee, which has undertaken to devise means for raising \$200,000 for the erection of a monument to the late Admiral George Dewey, who planted the American flag in the Philippine islands on May 1, 1898, has decided to offer a prize of \$2500 for the best design of a statue of the admiral, in an open contest. The site of the monument is to be the old Spanish fort San Antonio Abad, on the shore of Manila bay about two miles from the center of Manila. The site is perhaps five miles from where the Spanish fleet lay when Dewey issued his historic order, "You may fire when you are ready, Gridley."

LIFE SENTENCE IS IMPOSED FOR ATTACK ON GIRL

(By Associated Press) CHICAGO, March 14.—The sentence of life imprisonment imposed on a man by Judge Frank Johnson, Jr., brought scores of messages of congratulation to the judge from women's organizations.

The court records show that this sentence, imposed on William Topfer, a banker, for attack on a 15-year-old girl, is the heaviest ever given in Cook county for such a crime.

UPRISING IN MOSCOW SAID TO BE QUELLED

(By Associated Press) COPENHAGEN, March 14.—Advices from Holmingsfors state that the fortress of Krasnaya Gorka has been recaptured by the soviet troops, and that the garrison now consists chiefly of cadet corps.

The Moscow uprising is reported to have been quelled after the severest street fighting. Conditions in Kronstadt are said to be serious, owing to lack of food.

Leon Trotzky, soviet war minister, has ordered big howitzers to Oranienbaum, on the gulf of Finland, opposite Kronstadt, after executing M. Kolesov, chief officer of the dying station, and 44 other rebels, the advices say.

R. R. UNIONS ASK THAT SUBPOENAS BE ISSUED

(By Associated Press) CHICAGO, March 14.—The railroad labor unions today notified the federal railroad labor board that they could not proceed with the hearing over national agreements unless the board complied with their request to subpoena various railroad executives to appear before the board.

Frank P. Walker, attorney for the brotherhoods, told the board at the opening session, he was "greatly surprised" to find that his request for subpoenas had not been complied with, and that it was useless for the labor side to go on with its testimony. The testimony of the railroad heads is essential to charging that railroads "joined with Morison and Gary's railroad heads in a concerted attempt to ruin the labor unions forever."

The railroad labor board requested four railroad heads to appear before it Wednesday morning to testify in the hearing over national agreements. They were T. DeWitt Cuyler, chairman of the Association of Railroad Executives; W. W. Atterbury, vice-president of the Pennsylvania railroad; Carl R. Gray, president of the Union Pacific; and R. S. Rinkard, assistant to Mr. Atterbury.

SILVER HILLS MINE IN THE FORMATION AT 200

Harry Stimler's promise that he would make a mine out of the Silver Hills property at Tule Canyon, where William A. Ingalls, former sheriff of Esmeralda county, who died recently, extracted fortunes from the upper workings, is rapidly being fulfilled. He has encountered the red mud slip against which the vein filling in the upper levels showed all the values in former high-grade shipments. In a short drift along what is apparently one wall of the vein he has broken into bunches of quartz and showings of black metal that correspond to the ore broken at the 50-foot level where "Bill" Ingalls broke hundreds of tons of high-grade silver ore which was shipped to Candelaria and returned values sufficient to pay for the extraordinary expenses of transporting the ore over a high mountain on the backs of horses, the hauling to Candelaria, the high milling charges, and in addition, transformed Ingalls into one of the capitalists of those early Candelaria days.

Experts who were engaged by the Silver Hills company, after the property was acquired by the Loring and Stimler interests, seemingly refused to follow the trend of the ore bodies on their dip and on their rake to the west, consequently a great deal of work was done under their supervision that could not possibly locate the ore bodies unless a great horizontal fault had occurred.

NAME SUFFRAGIST FOR HALL OF FAME

(By Associated Press) PORTLAND, Ore., March 14.—Abigail Scott Duniway, "mother of equal suffrage in Oregon," has been chosen by the Oregon chapter of the Daughters of the American Revolution to represent the state in a Hall of Fame to be established at the association's convention in Washington, D. C., next month. Mrs. Duniway, who died in 1915, was a pioneer in the suffrage movement in the Pacific northwest.

RIOTING CROWDS IN VIENNA BEAT MANY HEBREWS

(By Associated Press) VIENNA, Austria, March 14.—Anti-Jewish disorders which broke out here last evening threatened for a time to develop into a serious situation, but the police late in the evening succeeded in dispersing the rioting crowds and in preventing a possible loss of life.

Shops owned by Jews were damaged by stones thrown by the rioting crowds, and in some cases Jews were beaten.

JUDGE REFUSES STATE'S PLEA IN BASEBALL TRIAL

(By Associated Press) CHICAGO, Ill., March 14.—Judge William E. Dever today refused to comply with the motion by the state asking that the trial of the Chicago White Sox baseball players and others, who are charged with throwing the 1919 world's series, be taken off the court roll.

The judge ordered another hearing for Thursday, at which time, it is believed, the date for the trial will be set.

ANNOUNCES SPECIAL SESSION

(By Associated Press) WASHINGTON, D. C., March 14.—Congress will be called in special session April 1, Senator Lodge announced today.

charge of the company, he, with a force of practical mining men, went after the ore in a direction nearly opposite to that in which the experts had headed. As a result, he has picked up the ledge on the 200-foot level, showing the red mud slip along the northerly wall of the vein, and in a few rounds has found conditions there almost identical with those on the 50-foot level, where most of the development and stopping-work was done in the early days. Bunches of quartz containing all the evidences of high values that are shown in the upper ore have been broken and are now found on the newest portion of the mine dump, the red mud slip has persisted since the ledge was struck, and samples containing metal that is associated with the ore on the top levels are now common.

A party of Tonopah and Goldfield visitors, including Alex Ferguson, cashier of the John S. Cook & Co. bank at Goldfield; P. C. Flaler, as representative of the press of Tonopah, and others, made a visit to the mine yesterday, and after looking over the recent developments, great satisfaction was expressed as the indications found within the last few days. It is the opinion of many people who have examined the mine recently that the Silver Hills, or Tule Canyon district, will be among the first, if not the very first, to have a rush in the spring months of this year.

DR. A. F. UPHAM NEW HEAD OF IDAHO U.

(By Associated Press) MOSCOW, Idaho, March 14.—Dr. Alfred H. Upham will be inaugurated president of the University of Idaho here March 29 or 30, it was announced recently. Every college and university in the west will be asked to send representatives to the inaugural ceremonies. Dr. Upham succeeds Dr. E. M. Lindley, who has become chancellor of the University of Kansas.

DIVIDE EX. HAS 4 FEET ASSAYING \$1008.40

The north take on the 200-foot level of the Divide Extension this morning showed four feet of ore the ledge having widened one foot since Saturday. An average sample across the face gave a return of \$1008.40 per ton. This vein in the mine gives a known length of 120 feet. It is what is known as a cross fraction vein and must enter the lay-out ground.

William B. Hart, the superintendent of the dividend, arrived from San Francisco this morning to press up the work on the crosscut on the 200-foot level, which will cut the each ledge of the Divide Extension.

The ledge in the raise on the 200 level of the Extension is the richest yet mined in the Divide district. The sample taken across its four-foot face was an honest average sample and the return of \$1008.40 per ton is astounding, but it is a fact and the ore is there as a proof to back up the sample. Visitors who went underground today in the Extension and saw for themselves are unanimous in reporting the new discovery as "simply marvelous, she's a whale, the ore and the values are there, biggest and richest yet!"

The company started its 20-ton daily ore delivery to the MacNamara mill this morning. The Wittenberg Transfer company having taken the contract to transport the ore. The trading in the stock this morning showed much activity, opening at 77 and closing at 62 sales. If the high values in the north raise continue for some time, it would be no trouble for this mine to supply the government with the required silver needed.
