AMUSEMENTS

MARY PICKFORD AT THE BUTLER TODAY

Mary Pickford, who has delighted so many millions as the glad girl in "Pollyanna," will be seen at the Butler theatre today in her United Artists Corporation picture, "Suds," in a role said to be entirely different from anything in which she has heretofore appeared.

The story was adapted from the stage play "Op o' Me Thumb" in which Maude Adams appeared with such great success in Charles Frohman's Empire theatre in New York. The cast was especially selected by Miss Pickford as being especially adapted to the roles in which they appear. The street scenes are set in the slums of London in which the story takes place and are exact reproductions of certain quarters of the big metropolis which were photographed by the star's English representatives and reproduced in her studio in perfect detail.

The story has to do with the affairs of Amanda Affick, a pug-nosed, homely little slavey in a French laundry in the slums of the English city. Amanda is the most woe-begone character imaginable and as the other girls in the laundry have their sweethearts, and no man has ever designed to notice the little slavey, she weaves a wonderful romance for her own benefit and the benefit of the girls in the laundry, about the owner of a shirt which had been left to be washed some months before the story opens.

Amanda tells the girls that she is really of a very high station in life, but her father, the arch-duke, has sent her to work in the laundry to be sure that she will be loved and courted for herself alone and not for her vast fortune. She informs the eager listeners that when "Grace Greensmith, the man whose name is on the laundry ticket accompanying the shirt, appears for his wearing apparel, it will be a signal that all

PRINCE ANDREAS REPORTED DEAD

(By Associated Press) LONDON, April 4.—Prince Andreas of Greece, brother of King Constantine, has died from wounds received in the fight near Brussa, says a Constantinople dispatch to the Evening News, quoting a Turkish announcement.

As well as she can return to her rightful station in life. Amanda is continually getting into difficulties both in and out of the laundry and when Lavender, the horse which pulls the battered delivery wagon, is about to be sold for glue, she rushes to his aid and takes the horse to her own humble little room, three flights of stairs up in the tenement. How she and the horse are ejected by the other exasperated tenants is one of the most amusing scenes of the story.

Tomorrow, Grace Darling in "The Discarded Woman," a highly dramatic story, true to life, and a picture that has a special appeal to every woman.

ASSESSMENT NOTICE

Ben Hur Divide Mining Company
Location of principal place of business, Tonopah, Nye County, Nevada. Location of property, Klondyke Mining District, Esmeralda County, Nevada.
Notice is hereby given that at a meeting of the Board of Directors of Ben Hur Divide Mining Company held on the 1st day of April, 1921, an assessment No. 1 of one cent per share was levied upon the capital stock of the corporation, payable immediately in lawful money of the United States to the Secretary-Treasurer, at the office of the company, in Tonopah, Nevada.
Any stock upon which this assessment shall remain unpaid on the 3rd day of May, 1921, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 11th day of June, 1921, to pay the delinquent assessment together with costs of advertising and expenses of sale.
By order of the Board of Directors. (Signed) R. J. KELLY, Secretary-Treasurer, Tonopah, Nev. April 2-June 2.

ANNOUNCEMENT

CALIFORNIA PETROLEUM AND REFINING COMPANY

OF COLUSA COUNTY, CALIFORNIA

THE OIL INDUSTRY, this company owns a perpetual lease upon 720 acres, right in the heart of the new oil district in Colusa County California and is now prepared to take subscriptions for treasury stock. The directors of this company a short time ago, authorized the sale of 100,000 shares of the Treasury stock at 25c per share, but since that time the company has practically made arrangements with the California Corporation Commission to sell its stock in that state, and when those arrangements have been completed the company will open an office either in San Francisco or Los Angeles and the price of the stock will be raised to 50c per share.

line is that most wonderful structure commonly called a "dome" or sign post for geologists. Undoubtedly this dome was forced up by great pressure, for it seemingly has no connection whatever with a glacier slide, considering the distance it lies from the nearest mountains, which is a low range, and practically only foothills.

The quality of the oil produced in that section is almost without an equal, and according to a cross section map made by the Tuscan Oil Company which is operating in that district, which I have examined thoroughly, and no doubt that company has proven to be correct, by the drillings of their well. I find that the formation and all surface indications are most excellent. After a further and more thorough examination which I will make very soon I will forward to you a full detailed report, and the possibility of your property.

STATEMENT OF MR. T. J. MEDDOCK

THE CALIFORNIA PETROLEUM AND REFINING COMPANY
Gentlemen:
I take pleasure in sending you a brief statement upon your oil holdings of Colusa Co. California.
First of all, you are centrally located in what is almost certain to be in the near future one of the great oil producing districts of California. Next in

TO THE PUBLIC

After studying the outlines of this wonderful structure in the picture herewith presented and considering its significance in the oil world you should not fail to grasp the opportunity now available, visit our office now open, and see samples of oil produced in that district. The highest grade lubricating oil yet discovered, and brings the highest price paid for a crude product, also specimens of the formation, an oil shale with all sorts of fossils and shells cemented together. Although the district is quite new there are many drills now at work and many more will be working soon.

Respectfully
(Signed) T. J. MEDDOCK,
Licensed and Authorized Engineer of the State of California.
