## Railway and Transport Leaders Rescind Order of Walkout

### SPLIT IN THE TRIPLE ALLIANCE EXPECTED

(By Associated Press)  
LONDON, April 15.—Premier Lloyd George announced today in the house of commons that the miners had refused to reopen negotiations for a settlement of their dispute on the basis that had been suggested.

Announcement that the railroad men's strike, set for 10 o'clock tonight had been canceled, was made by J. H. Thomas, general secretary of the railway men's union. No explanation was immediately available on the railroads' action, but it was thought in some quarters it might indicate a split in the triple alliance. The transport workers' strike also has been called off, Thomas announced. "As far as the railway men and transport workers are concerned the strike is canceled," he said.

The premier read a letter to the house of commons from the Miners' Federation stating that the only condition on which a temporary settlement could be reached was one which must follow concession of the 150 principles of a national wages board and national pool.

William Straker, member of the miners' executive committee, categorically denied the report that Frank Hodges, secretary of the miners' union, had resigned.

Calling of a conference of representatives of the miners from all the coal fields at a date to be fixed tomorrow was decided upon by the executive committee of the Miners' Federation this evening. It took the action after hearing the decision of the railway men and transport workers to cancel their sympathetic strike. Frank Hodges, the miners' secretary, when questioned regarding the decision, said it meant the miners' strike would continue.

(By Associated Press)  
WASHINGTON, D. C., April 15.—Prohibition against shipment of arms and munitions to any country where they might be used for revolutionary purposes has been asked of congress by the state department.

Specially the departments request an amendment to the act of 1912 which prohibits such shipments to South American countries.

The senate foreign relations committee considered today the department's request, designed primarily, it was said, to stop munitions shipments to China. Members of the foreign relations committee said it was indicated that conditions in Ireland were a factor in the proposed revision.

### ZEB KENDALL, 1901 PIONEER VISITS CAMP

Zeb Kendall, the mine operator and broker, arrived from San Francisco this morning to make an examination of the Divide Extension property, which is shipping 20 tons of ore daily to the MacNamara mill with its high-grade values continuing. Twenty years ago the first day of this month, Mr. Kendall arrived here overland behind two ponies drawing a buckboard with his associate McKenzie, coming here from Delmar, Nevada.

Zeb had \$65 when he arrived here and he left it lying on his bed on the ground, together with his watch, when he arose from his slumbers the following morning. Zeb went up on the Mizpah hill to look over leasing ground and late in the afternoon he discovered his bed was broke and without a piece. He remembered leaving his watch and jewelry on his bed, and remarked that he would wager a \$100 I. O. U. that he would find his belongings where he left them. His wager was not taken. On his arrival at his buckboard camp, where now stands the McKim store building, at the corner of Main street and Oddie avenue, in plain view lay his money and watch which he had tossed upon his blankets when dressing in the morning. During the day several miners had
