PEACE MEETING UNDER WAY  
4 KILLED WHEN PLANE FALLS

CRASHES INTO HIGH  
TENSION WIRES AND  
BURSTS INTO FLAMES

(By Associated Press) MODESTO, Cal., July 14.—A six-passenger airplane of special construction, which was "blazing trail" for commercial flying between Oakland and the Yosemite valley, crashed to earth here today, killing Pilot Harold "Bud" Coffey and three passengers. The machine struck a high tension wire while falling, setting it afire and burning the occupants so badly they could not be recognized. Coffey was identified by a ring he was known to possess.

Besides Coffey, the names of those killed are: John H. Kauskf, Berkeley; A. D. McLeish, Berkeley, and B. Jacuzit, Oakland, a member of the West Berkeley firm that built the airplane. The plane fell 600 feet. It is supposed the engine became stalled in midair. According to eyewitnesses, the weight of the human cargo accentuated its plunge to earth. The spot where the plane fell is at the corner of Madison and Linden streets, eight blocks from the main business section.

The bodies were so badly mutilated and burned that the police stopped the taking of pictures of the wreck. A large crowd which gathered about the fallen machine had to be restrained while the work of recovering the bodies was going on. So tightly were the bodies wedged under the wrecked machine that it was an hour or more before they could be extricated.

3000 IRISH HELD  
IN INTERNMENT  
CAMPS TO DATE

(By Associated Press) DUBLIN, July 14.—More than 3000 Irish men and women are interned in camps, and almost as many more in jail under sentence or awaiting trial, or held for other reasons. The estimate of military authorities as to the numbers who ought to be interned runs, if rumor is to be credited, into tens of thousands.

The chief military operation in Ireland is a round-up. Dublin has furnished several examples. Large areas of the city have been, from time to time segregated. Nobody is allowed in or out until a thorough search has been made of the houses, and until all the men in the district have been cross-examined. Sometimes these searches of a district in Dublin have lasted a couple of days. Every day on a smaller scale something of the same kind is in progress.

HARDING'S  
PROPOSAL

(By Associated Press) WASHINGTON, D. Unqualified acceptance by the Chirop government also was received. The silence of the Japanese government as to a discussion of the far eastern problems was not believed, however, to have interposed any serious obstacle to the carrying out of the plan. It was indicated that a formal invitation would be forwarded to Japan the same as to the powers which have transmitted full and unqualified acceptance, and in the end, officials believed, Japan would agree to participation in the dual program.

(By Associated Press) LONDON, July 14.—Eamon De Valera, the Irish Republican leader, arrived at No. 10 Downing street at 4:30 p. m. today for a conference with Lloyd George. The outlook for a lasting peace in Ireland is brighter than it ever has been in history, declared De Valera. "I am sure," he added, "that the atmosphere in England and Ireland is right for peace. The only thing that is necessary now is for us to get down to rock bottom."

Published reports that an agreement was reached at the recent Dublin conference between De Valera and the southern Unionists regarding the terms which will be demanded from the British government at the conference in London were categorically denied at De Valera's headquarters this morning by Secretary Children of the visiting Irish party. De Valera, it was indicated, will enter today's conference with no set formula or policy, but is ready to consider any suggestions regarding a parley in which the Sinn Fein, Ebor and the British government would take part.

Notwithstanding the drizzling rain, the great crowd which had gathered at the entrance of Downing street waited patiently for some announcement from the momentous meeting. Shortly after De Valera entered the "cabinet" house a crowd knelt at Whitehall and began to recite the rosary. The Irish leader drove directly to Downing street in a motor car accompanied by Art O'Brien, president of the Gaelic League in London, and Robert C. Barton, member of the Irish delegation. A large crowd, mostly women, which had gathered around the hotel, swarmed about the automobile as it departed, cheering and waving Sinn Fein flags.

De Valera and Premier Lloyd George conferred over two and a half hours. At the conclusion, Art O'Brien, president of the Gaelic League of London, stated that it terminated "amicably."

One of the men who accompanied De Valera to the conference said: "We are satisfied with the results of the conference." In the communication states the free exchange of views took place between Lloyd George and De Valera and their relative positions were defined. The conference will be resumed at 11:30 a. m. tomorrow morning. Sir James Craig, the Ulster premier, has been summoned to London to confer with Premier Lloyd George on the Irish situation. It was announced, Sir James at present is in Belfast.
