

JAPANESE LABOR IN REVOLT DEPORTERS OF JAPANESE SCORED

STEPHENS DECLARES UNWARRANTED ACTION IS SERIOUS SET BACK

(By Associated Press)
SAN FRANCISCO, Cal., July 21.—The Japanese in California and the immigration residents of the state will be observed, according to a statement by Governor Stephens, following the Tarlock Japanese deportations. The statement said that Japanese demonstrations in Merced and Stanislaus counties were not condoned by the better citizenship of those counties. Officers and citizens of those counties will make a grave mistake if another such occurrence is permitted there. Stephens is the leader among the statesmen in a movement that now is expected to complete cessation of immigration to America of all people ineligible to citizenship. Rapid progress is being made, but every day brings such as that at Livonia, Mich., and Mexico, materially injures the cause and sets us back tremendously.

U. S. ATTORNEY MAY LOSE JOB FOR MISUSAGE

(By Associated Press)
SAN FRANCISCO, Cal., July 21.—An investigator of the department of justice bureau of investigation, in the Tarlock district investigating the deportation of between 50 and 100 Japanese fruit and melon workers by a mob of white men yesterday, it was announced here.

OIL INDUSTRY GIVES PROMISE GREAT RESULTS

(By Associated Press)
MOJAVE, Cal., July 21.—James Shea, president of the local Fruit and Vegetable Workers' union, and former member of the San Francisco club of the Coast League, was today arrested at Tarlock charged with kidnapping and inciting to riot in connection with the deportation of Japanese arrested.

**MARGARET HYLAND IS
BRIDE OF C. GUY BALL**
At the home of the bride's parents, Mr. and Mrs. John Hyland, Margaret Hyland was last evening united in marriage to C. Guy Ball, Justice W. T. Cuddy officiating. The ceremony was performed in the presence of only the immediate relatives and close friends of the contracting parties, following which a wedding supper was served. The bride is well known among the younger set of Tonopah. She is a graduate nurse and until recently was employed at the Mine Operators' hospital. The groom has resided at Goldfield and Tonopah for the last 15 years and until a few months ago was employed at the Belmont mine. Those present to witness the tying of the nuptial knot were W. D. Jenkins and Mrs. R. H. Hodge, who attended the couple; John Hyland, Mr. and Mrs. E. F. McCool and the Misses Dorothy and Lorraine McCool.

TEXAS SOLONS SEEK PENALTY FOR 'RAIDERS'

(By Associated Press)
AUSTIN, Texas, July 21.—Representative Patton presented to Governor Nott a petition bearing the signatures of 49 members of the house, requesting the executive to submit a bill to the Texas legislature now in session providing penalties for persons "disgracing themselves and violating the laws of the state by inflicting punishment upon persons against whom no legal complaint had been filed."

FRENCH PLAN TO SEND TROOPS TO UPPER SILESIA

(By Associated Press)
PARIS, July 21.—France, it was declared in official circles, will send reinforcements to Upper Silesia, whether or not Great Britain joins in the movement. The French move will be made, it was declared, to insure the safety of 10,000 French soldiers who are already on the ground. French official circles received a distinct shock from the British government's reply to the French suggestion that allied reinforcements be sent into Upper Silesia, and in some quarters the Anglo-French relations were described as critical.

MINING CONDITIONS IN DISTRICT ARE RAPIDLY BECOMING NORMAL

Mining conditions in the Tonopah district are rapidly becoming normal, and it will now only be a short period of time until the former heavy monthly production will be in line with that of three months ago. This is best evidenced by the number of strikers that now is noticeable at the Belmont, Extension and other well-known producers, while gradually smaller properties in both the Tonopah and Divide districts are resuming operations with every indication that they will be running at full blast within two or three weeks. Laying aside all personal feelings and prejudices, it is generally conceded in every section of both the Tonopah and Divide districts that the strike has run its course. The large companies have fully made up their minds to operate their properties regardless of all attempts to injure ore production in this district. Business men, professional men and laymen now are realizing that the strike is lost and the future of this town depends upon united action to bring about a readjustment of conditions. With the mines of Tonopah and Divide operating steadily it should be borne in mind that much of the money earned by employes brought in to take the place of men who walked out three months ago, will find an outlet by being sent to their homes in various parts of the west. In time many of the married men will bring in their families, but until that time does arrive the money will be diverted to other channels than that which is conducive to the welfare of this community. The Bonanza believes it is time that every person interested in the future of Tonopah should reason with himself. Let us get down to brass tacks and accept conditions which are as inevitable and as certain as the coming of day. We should no longer fool our own

SOLUTION OF IRISH QUESTION IS OBSCURE

(By Associated Press)
LONDON, July 21.—A bill for a conference to attempt a settlement of the Irish question has not been found, it was announced in an official communique after the conference between Lloyd George and De Valera. De Valera and his colleagues will return to Dublin tomorrow and will communicate with Lloyd George after further discussions with their followers.

PARIS, July 21.—An appeal to all nations, asking that they "organize to provide immediate aid for the millions of Russians now suffering from famine in the region of the Volga river and territory to the southwest" was heard last night by the executive committee of the Russian constituent assembly. Well, if the women of Germany are making provision of salt and sugar there is only one thing to be said about it, and that is that the salt and sugar is coming in handy.

JAPANESE WILL TAKE PART IN BIG QUESTIONS

(By Associated Press)
TOKYO, July 21.—The Japanese cabinet, Naoki-Tsuda, Shoinon, says has decided to participate in the proposed Washington conference with a general program of not discussing questions affecting territorial rights of participants, and open out to discuss the Shanghai and Yape questions, which it is held may be decided by the Paris peace conference.

SENDING OF TROOPS TO KOBE DOCKYARDS INFLAMES WORKERS

(By Associated Press)
TOKYO, July 21.—A tense situation appears to be developing between labor on one hand and government and capital on the other. The dispatch of troops to Kobe in case of the necessary strike there has inflamed the workers, many of whom at recent meetings in Tokyo advised a plan to organize new Japanese labor into a vast federation similar to the American Federation of Labor in defiance of Japanese law, which does not recognize labor unions. It was also decided to inaugurate a strike of 250,000 workers in Tokyo unless shorter hours and wage scales were granted.

FRANK HELM SLEEPS IN LOCAL CEMETERY

(By Associated Press)
SACRAMENTO, Cal., July 21.—The Japanese Extension Agency issued a statement condemning the action of those who deported Japanese from the Tarlock north. It was an "injustice to the Japanese" and an "injury to the cause of exclusion," it said.

LOCAL SHEET MAKES NO UNUSUAL ERROR

(By Associated Press)
WASHINGTON, D. C., July 21.—The state department is without official knowledge of the deportation of Japanese workers from the best fields in California. Until such reports are received, it was said, no official cognizance will be taken of the incident. We still believe the best plan is to keep cool in to see the thermometer back to degrees. Carpenter has signed on for another fight. He's going to stay here until he finds an American he can talk.
