LEGIONS HEAD SENDS MESSAGE TO VETERANS

PARIS, Dec. 17.—In a message to the Inter-Allied Veterans' Federation which opened its second annual conference here today, Hanford MacNider, national commander of the American Legion, declared the federation will be a major factor toward the prevention of future wars and any limitation of armaments, armistices or any international agreements.

The federation is a union of veterans' societies which are made up of men who fought in the armies and navies of seven of the Allied countries during the world war. Delegates are present from the United States, the British Empire, including overseas dominions, France, Belgium, Italy, Rumania and Czechoslovakia. The American member of the federation is the American Legion.

LUCKY'S RACE TRACK NOW IS AERIAL CENTER

(By Associated Press) LOS ANGELES, Dec. 17.—Aeroplanes, seven miles from here, become one of the great aerial centers in the United States with the enlargement of the Army Balloon School at Rose Field there to an Army Balloon and Airship school. The war department has sent the largest military airship ever seen on the Pacific Coast, the Airship D-3 which participated in the recent aerial bombardment of the German battleships off Hampton Roads, Va. This is added to a pony blimp, twenty captive balloons and eight free balloons now at the post. It is the first airship school in the west, and similar to the army school at Langley Field, Hampton, Va.

RETURN OF LUXURY TAX HARD TO GET

(By Associated Press) PARIS, Dec. 17.—Several French newspapers are protesting against what they term "the misplaced generosity" of the government in refunding to Americans when they return to the United States, the ten per cent luxury tax they have paid on purchases. The newspapers say the government is giving away hundreds of thousands of francs in this way which rightfully belong to the country.

Americans have read these protests with not a little surprise. Many who have tried to get back the total of their luxury tax, have discovered the difficulties are many. The first and most essential demand of the government officials at the port of embarkation is that all receipts of purchases must be presented. Luxury tax concerns women almost entirely and most of them forget or lose these receipts.

Those who know of this demand are comparatively few, so the luxury tax so far as most homeward bound Americans are concerned, usually remains in France.

GORKY TELLS OF CONDITIONS IN RUSSIA

STOCKHOLM, Dec. 17.—Maxim Gorky, Russian novelist and formerly chief official, looked tired and ill when he arrived here enroute for Berlin. He said his principal purpose in visiting Germany was to secure the printing of manuscripts which circumstances had not permitted to be done before.

"It is a big parcel," he said "which I bring along and its contents are of the greatest importance to humanity for they include a new method for the treatment of tuberculosis. In food and fuel Gorky said Russian scientists were comparatively well off, thanks to the support which they have had from abroad, but what they mostly needed was moral support encouraging them to new efforts and it was from that point of view that it was essential their works should be published.

"The position of Russian intellectuals is terrible and practically hopeless," said Gorky. "It means that as dreadful a catastrophe as could ever fall upon a nation has fallen upon Russia. Investigations made by Professor Manukin show that in Petrograd 22 per cent suffer from anemia, 29 per cent have cancer, 11 per cent are drunkards, and 16 per cent gone mad."

CHINESE DISH MADE POPULAR BY SOLDIERS

COBLENZ, Dec. 17.—American "chop suey" has been introduced to the Rhinelanders—and they like it! The chop suey idea was conceived by an American soldier, Walter E. Smith, who opened a shop when his enlistment expired, after 15 years in the army.

Germans didn't pay much attention to the little cafe at first, but curiosity got the best of them at last and finally they began patronizing the place, and the food, served with Chinese trimmings, is quite popular now with the native men and women.

JOB WORK AT THE BONANZA

Burglars Don't Seek the Light!

Darkness is their stock in trade. They work by stealth—unheard and unseen—their movements cloaked in secrecy. It's honest folks that see the light. They are the only ones who can risk it.

It's the same way in business. The merchant who is not sure of his goods does not dare to advertise. Advertising would hasten the end of his business career—put him to a test he could not meet.

The merchant who advertises, deliberately invites your inspection. He tells you about his product and then lets it stand on its own merits. You can depend on him. He knows his product is good.

That's one reason why it pays you to read the advertisements in THE BONANZA. It is through advertising that you are able to keep in touch with the good things that progressive business houses are spending their money to introduce and keep before you.

Advertisements are interesting, instructive and profitable. They throw a powerful light on the very things that concern you most. READ THEM!
