

# ROLLING MILL WORKER GIVEN LIFE PENSION

(By Associated Press)  
CLEVELAND, Ohio, March 2.—Edward Quilly, who worked in Cleveland rolling mills before steel was made in America, before the Bessemer converter had been introduced and before the open hearth period, has just been pensioned by the American Steel & Wire company, United States Steel Corporation branch with the longest service record of any of the 4700 employees pensioned by the steel company. His length of service includes 56 years 4 months and 16 days and in all that time he was not once late to work, his record shows.

Mr. Quilly started to work when he was 10 years of age, packing spikes for the old Cleveland Rolling Mills company, later absorbed by the American Steel & Wire company, which in turn was taken over by the United States Steel Corporation. He began working when iron rails were made by the "puddling" process. He has seen the growth of rolling mills from the days when they were operated by hand.

# SEVEN MILLION LETTERS REACH JAPAN YEARLY

(By Associated Press)  
TOKYO, March 2.—Letters delivered by the Japanese postoffice annually average 7,000,000. Parcel post packages number 88,000,000, telegrams 27,000,000 and telephone messages 230,000, according to Mr. Noda, minister of communications. There are 2800 postoffices throughout the country comprising some 150,000 offices and employees.

During the past 15 months, 204 new postoffices, 459 telegraph and telephone offices and 112 telephone exchanges were established.

In the course of last summer the Iwaki wireless station was established, which enables Japan to make direct communication with North America, while another wireless station of equal power will shortly be completed in Osaka, with a view to establishing direct communication with the European continent.

One regret is, the minister states, that Japan lags seriously behind the European powers in the matter of a postal service, which is actually established in Europe, but in this country is only in the experimental stage. During the present year it is the government's intention to give all the encouragement required for increased application of science for the advancement of postal efficiency.

## Make Room!—One at a Time!!

Price of 33 cents a dozen on all grades of eggs was obtained for its members.

Four receiving stations are operated by the co-operative organization and the eggs are carefully graded there and shipped to various parts of the nation. It is planned to store a larger number of eggs this spring than in the past and the association will put these on the market next winter, with the idea of giving the producers the benefit of high prices.

Retiring from business, Bank But fat for sale at very reasonable price. P114t.

## BEARS DEPEND UPON RANGERS TO FEED THEM

(By Associated Press)  
TACOMA, Wash., March 2.—Seven bears on Mount Rainier are now being fed by rangers. The bears are fed on the mountain, depending upon forage, guides and rangers for their food.

Avalanche Lily, one of the bears, started the colony, following her operations of a year ago when she woke up prematurely from her winter sleep and was fed by a ranger at the inn. In the spring six other bears were added to her family and this winter they refused to go to sleep.

The bears have become quite tame, in fact, so tame that they do not hesitate to break into buildings in search of food. This winter the snow is up to the fourth floor of the inn, where the bears broke so many windows that hurricanes had to be built against them.

The bears are tolerated because in the summer they prove a great attraction to the thousands of tourists who visit the Rainier national park, of which the mountain is the feature.

## COLLEGE YOUTH IDEAL PRODUCT FOR BASEBALL

(By Associated Press)  
NOTRE DAME, Ind., March 2.—When Johnny Mohardt leaves Notre Dame university late in February to go south with the Detroit American League baseball club, organized baseball will have secured a man who closely approaches the ideal college product. Mohardt has reached the stratosphere in college baseball and fast ball and is a monogram man in track. He has completed one of the most difficult courses a university has to offer with a general average of over 90 per cent for his four years' work and is regarded as one of the most brilliant students who has ever left Notre Dame.

Mohardt came into national prominence late in the football season of 1920 when he replaced George Gipp's performance in the football game at West Point which made Gipp an all-American. Sport critics recognized the same Mohardt as the captain of the Notre Dame baseball team of 1921 but the best major-league offers that came his way were referred to Coach Hoke. Mohardt retained his amateur standing returned for the last year on the gridiron which stamped him as one of the passing marvels of the game and one of the greatest backfield men of the year.

Pittsburgh, Cleveland, Cincinnati, Detroit and the National League clubs at Chicago and St. Louis sent representatives with flattering offers to Mohardt and several medical schools offered him places on their coaching staffs after he had announced his intention to continue his study of medicine. He finally cast his lot with Ty Cobb and President Navin of Detroit upon receipt of their promise that he would be allowed to leave major league ball in time to enter school in the fall where he will pursue his ambition to become a surgeon.

# IMPORTANT NOTICE

To Secretaries of Corporations Doing Business in Nevada But Incorporated in Other States

OUR CHARGE \$9.00

SECTION 1.—All foreign corporations doing business in the State of Nevada shall, not later than the month of March in each year, beginning in the year 1914, publish a statement of their last year's business in some newspaper published in the State of Nevada. If published in a daily newspaper, such statement shall be published for a period of one week, or if published in a semi-weekly or tri-weekly newspaper, for a period of two weeks; or if published in a weekly newspaper for a period of four weeks.

SECTION 2.—The secretary of the company publishing the statement shall file a copy with the assessor of each county of the State of Nevada, in which said company is doing business.

SECTION 4.—Any district attorney in the state is competent to sue to recover the penalty, or the attorney general. The first county suing through its district attorney shall secure the penalty, and if no suit is brought for the penalty by any district the State shall have the right to recover through its attorney general.

The TONOPAH DAILY BONANZA will make publication required by law, which includes the filing of a sworn affidavit of publication with the assessor of each of the counties of the State, within which the company is doing business; an affidavit of publication will also be furnished secretaries.

## RED NOVELIST DIES; FAMILY GETS ENDOWED

(By Associated Press)  
MOSCOW, March 2.—Vladimir Korolenko, Ukrainian novelist and social worker, who recently died at Pskava, was buried with all the honors of the bolshevik state which has also endowed his family for life. This in spite of his firm repudiation of the bolshevik regime and his insistent refusal to support the communist program as a means of effecting reforms for which Korolenko suffered exile and had battled throughout his life.

Even the radical communists who made up the membership of the recent all-Russian soviet congress at Moscow honored the memory of Korolenko by standing in silence for three minutes when the news of his death was received.

## SAN FRANCISCO READY RECEIVE MANY MILLIONS

(By Associated Press)  
SAN FRANCISCO, Cal., March 2.—Approximately \$25,000,000 will be spent in San Francisco during the summer of 1922 by visitors and delegates to the many conventions scheduled for this city, according to Robert L. Webb, secretary of the San Francisco Convention and Tourist League. Close to 100 conventions are to be held here, Mr. Webb said. Probably the most important will be the national gathering of the Order of the Mystic Shrine. This year will be the biggest convention year San Francisco has had since 1915, when the Panama Pacific International exposition brought scores of meetings here.

Retiring from business, Bank But fat for sale at very reasonable price.

## ALBERT FALLEN WAS FRIEND OF MANY OFFICERS

(By Associated Press)  
SAN FRANCISCO, Cal., March 2.—Police men of San Francisco lost a friend in the recent death here of Albert Fallon, property owner, who made handoffs his hobby and who presented about 200 sets of the fitted suits to local officers.

Fallon made a study of handoffs, considering them an extremely important part of the police equipment. Whenever a new policeman

was assigned to a beat on which Fallon had property, the latter would invariably get acquainted with the officer and send him a pair of hand cuffs.

Fallon, it was well known to police circles, told him for possession of their experiences with handoffs. Each year he sent for catalogues showing the new styles and would discuss the changes made in their manufacture.

**FAMILY IS ILL**

Mrs. Minnie Rowe and her daughter, Miss Dorothy, and Mrs. E. J. Burgess and two children, are all confined to their home suffering a light attack of the flu. Mrs. Minnie Ambler, daughter of Mrs. Rowe, is recovering from the same of the influenza.
