LAWYERS WOULD WEAR GARB OF THE MINISTRY

Submit Names in Advance to American Unitarian Association in Boston.

(By Associated Press) BOSTON, May 10.—Two lawyers, two men who are employed in banks and one man who has been working in a department store are candidates for Unitarian pulpits, it was announced today by the American Unitarian Association in a report on recruiting the ministry, submitted in advance of the annual meetings of the association and other denominational agencies to be held here from May 21 to May 26.

In the list of 25 candidates are a number of men whose training has been in fields other than the ministry. With the above are listed a teacher of English in a western college, a director of community service, a government employe, several men now in business, and three men who are sons of Unitarian ministers. Only seven of the candidates were reared in Unitarian homes.

The Unitarian Laymen's League, which invited all active Unitarian ministers to attend summer schools of theology at Harvard in 1920 and 1922, and at the University of Chicago last year, will provide an institute next July. The ministers will be entertained by the league in the buildings of Phillips-Andover academy, Andover, Mass.

POLICEMAN ACCEPTS BAD MONEY FOR BAIL

(By Associated Press) HONOLULU, T. H., May 11.—"Officer, call a cop," was the cry that went up at central police station here when it was discovered that a Japanese arrested on a charge of assault and battery, had passed a \$50 counterfeit bill upon the desk sergeant for bail, had accepted a bail receipt for \$25 and change of \$25, and walked out of the station.

Police did not discover that the bill was counterfeit until the end of the day, when efforts were made to deposit it with other bail money in a bank.

The Japanese, Kuma Takamori, was arrested again in less than an hour and held for investigation without bail, until the matter has been explained. The original charge of assault had been preferred by his wife. He told the police he did not know the bill was counterfeit and that it had been given him by some other man. Police removed from his person the \$25 in "good money" that been given him as change.

WHISKY WITHDRAWAL WAREHOUSES HEAVY

(By Associated Press) LOUISVILLE, May 11.—Withdrawals of whisky from bonded warehouses for this year, on the basis of the last three or four months, will amount to about 2,000,000 gallons, which is perhaps only about 500,000 gallons in excess of normal medicinal requirements," R. A. Haynes, federal prohibition commissioner, told the Churchmen's Federation here today. Mr. Haynes compared this figure with 130,000,000 gallons of American made whisky which he said were consumed in the United States annually during the years immediately preceding prohibition, and with about 12,500,000 gallons with drawn from bonded warehouses on permits in 1920 and about 3,500,000 millions in 1921.

CHARITY WORK OFFERS FIELD TO ALL WOMEN

New York Observing Fiftieth Anniversary of Founding of Charities Associations.

(By Associated Press) NEW YORK, May 11.—A wide field is open to college women in charity work, according to Homer Folks, secretary of the State Charities Aid Association which today is celebrating the 50th anniversary of its founding. Miss Louisa Lee Schuyler, the great granddaughter of Alexander Hamilton, started the organization here in 1872.

"The college woman is almost always able to stand the strain of making difficult humanitarian decisions such as come up often in their work," said Mr. Folks, "and for that reason is being sought for charitable undertakings."

"When it is possible for her to take a higher course in some school which trains charity workers, after she has been graduated from her college, I believe it wise that she do so. The State Charities Aid Society is itself a sort of training center, and a great many college women who have made great successes in the field have made their start here."

Mr. Folks paid a tribute to the founder, Miss Schuyler, saying that it was through her foresight and efforts that charity for individuals and families of the state has been placed on a scientific basis.

"It is not an accident," he continued, "that many of our departments are in charge of women. All our social service for mental cases and for children are in the hands of women."

YACHT ENTHUSIASTS TO BUILD CLUBHOUSE

(By Associated Press) SAN DIEGO, May 11.—The San Diego Yacht Club, one of the city's oldest sporting organizations, has decided to build a \$10,000 clubhouse at Tent City, a waterfront point here. Ground for the quarters has been leased from John D. Spreckles for a long term.

The location of the clubhouse is ideal as the water at Tent City is clean. There is a deep anchorage close to shore and small sailing craft can beat down the bay to the harbor entrance, reaching the ocean in a short time from the clubhouse. San Diegans believe that eventually the yacht club will develop into an athletic club.
