JACKSON GIVES UP HOPE MINERS STILL ALIVE Big Railroads of Country Have Agreed to End Walkout

LEADERS STATE OVER 50 ROADS SIGN AGREEMENT

Thirty-Five Per Cent of Mileage Of Country Has Entered Into Separate Agreements

CONDITIONS NORMAL SHORTLY Believed That Other Roads Will Sign Up in Due Course and Business Get Healthy

WASHINGTON, Sept. 14.—The labor department announces that railroads representing 35 per cent of the country's mileage have signified their intention of ending the strike on the basis of yesterday's settlement providing for separate settlements. Roads representing 30 per cent more are ready to end the strike.

CHICAGO, Sept. 14.—Railroad strike leaders say over fifty roads have agreed to separate settlements.

CHICAGO, Sept. 14.—The proposal in the settlement agreement to refer the question to a commission of twelve—six shopmen and six rail representatives—is in strict conformity with the provisions of the transportation act, Mr. Hooper said. The question of seniority is not disposed of by the settlement, as neither party yielded its position, but the matter will be referred to a commission composed of both sides. The Southern Pacific and Santa Fe are not parties to the settlement.

Settlement on certain roads sustains the transportation act, and should questions upon which the strike was predicated come back to the board, the fairest and fairest consideration will be granted, says Ben W. Hooper, chairman, in a statement today.

DES MOINES, Ia., Sept. 14.—Employees here were advised by Jewish not to return to work on any railroad until they are properly authorized by officers of their system.

SAN FRANCISCO, Sept. 14.—The Southern Pacific announced it has not entered a settlement and did not intend to deal with the old shop organizations. President Levy of the Western Pacific said there was no little about the Chicago settlement to state the attitude of his company. The Southern Pacific, according to Manager Dyer, is in accordance with the labor board resolutions, and the company has entered contractual relations with the new organization called the Shopcraft Protective League.

INUNCTION SUIT STILL BEING HEARD

CHICAGO, Sept. 14.—Preparation of additional counter evidence against the government's case was started by the defense today. Conclusion of peace negotiations of shopmen yesterday permits the introduction of evidence to refute charges of conspiracy and sabotage. Despite a partial settlement of the shopmen's strike yesterday, the inunction fight in Judge Wilkerson's court on Daugherty's restraining order was continued, with government attorneys offering more evidence in support of their charges of widespread conspiracy.

OFFICERS FOR MESOPOTAMIA

LONDON, Sept. 14.—A thousand officers and men left Southampton today for service in Mesopotamia.

THE WEATHER table with columns for Local observer United States weather bureau, Temperatures, Wet bulb, Relative humidity, and Maximum/Minimum yesterday.

DIEDERICHS IS DICTATOR FOR NEW PROVINCE

Received Two Hundred Nineteen Votes as Boss of Province Of Primoria

VLADIVOSTOK, Siberia, Sept. 14.—General Diederichs has been chosen dictator of the Primoria by 219 votes against 19. N. L. Gondatti withdrew his nomination at the last moment, although his candidacy was covered. Old political observers at Gondatti were convinced that he would never accept the post and that it was only the desire to keep himself in the public eye that allowed the nomination to be presented. As the former governor general of the Primoria, Mr. Gondatti was considered one of the best administrators this district ever had.

The work done by his mission in the survey and study of the Primoria was very complete and the results of its investigations published in twenty volumes in all the standard work. He refused the ministry of commerce under the czar in order to devote all his energies to the far east and in the zenith of his power he was invested with almost viceregal authority. His name, as an administrator, is one of the most respected among the Russians of the far east, and hence their desire to elect him dictator.

On Aug. 8 General Diederichs was inducted into office dictatorially. The seals of office were handed over to him by the former head of the temporary government, S. D. Merkuloff, after a solemn service in the cathedral. He received the allegiance of the army and civil employees. Although the choice of Diederichs is in general popular, there are many who have little faith in a military dictatorship and think that it will not be popular among the workmen. He feared that the life of the present government will not be long and that with the departure of the Japanese the advent of the Reds is a matter of little doubt.

STEAMER YUCATAN SAFE

NEW ORLEANS, Sept. 14.—The steamer Yucatan, reported sunk, was floated after pounding on the bar all night and successfully making port. The tanker Yucatan is on the beach four miles north of Tampico.

MAY ADMIT IRELAND

GENEVA, Sept. 14.—A chance for admission to the League of nations now appears good. Michael Mac Donogh, Irish delegate reports. All that is necessary is for Ireland to give a sure indication she will be able to maintain order and ratify the Irish constitution.

GOING TO GENEVA

LOS ANGELES, Sept. 14.—Thomas Miles of Los Angeles, president of the International Boys' League, has been invited and has accepted the invitation to attend the session of the commission of the League of Nations at Geneva regarding child labor.

BRUMFIELD SUICIDES

SALISBURY, Ont., Sept. 14.—R. M. Brumfield, convicted of the murder of Dennis Russell in Douglas county, committed suicide by hanging himself in his cell here.

LUMBERMAN KILLED

SAN JOSE, Calif., Sept. 14.—C. C. Lester, city engineer of the largest pine orchard in California, died here of injuries sustained in an auto accident yesterday.

KING VICTOR SICK

NAPLES, Sept. 14.—King Victor Emmanuel is seriously ill, with a high fever.

CAPPER-TENCHER BILL SENT TO CONFERENCE

WASHINGTON, Sept. 14.—After fifteen minutes debate without a record vote the senate passed and sent to conference the Capper-Tenchler bill designed to meet the decision of the supreme court holding cooperative certain sections regulating trade in grain futures.

REGISTRATION OF ENGINEERS NOW PLANNED

If Licensed in One State Could Practice in Another Without Examination

CHICAGO, Sept. 14.—An arrangement between states which would permit an engineer registered in one state to practice in other states will be broached at a meeting of the council of state boards of engineering examiners to be held here Oct. 2, according to S. H. Harty of Jacksonville, Fla., president of the council. "A tentative plan will be submitted at the meeting," he continued, "whereby the several state boards can make the state laws operative for reciprocal registration without changing them." The states represented in the council comprise Arizona, Colorado, Idaho, Florida, Illinois, Indiana, Iowa, Louisiana, Michigan, Minnesota, New Jersey, New York, North Carolina, Oregon, Pennsylvania, South Dakota, South Carolina, Tennessee, Virginia, West Virginia and Wyoming.

With the announcement of the meeting comes a statement from the officers here of the American Association of Engineers that the committee on the classification of engineering positions has issued its first report. The committee, headed by A. B. McDaniel, educational specialist in the United States war department, is preparing an authoritative index of engineering positions in the United States. Its program, according to the statement, includes the securing of quotations in at least fifty practicing engineers in each position to be studied, and criticism by members of the profession of preliminary specifications for publication.

NO FLIGHT ATTEMPTED

ROME, Sept. 14.—Raid Amundsen, explorer, plans to winter near Point Barrow and has not attempted to fly across the pole, as reported from Copenhagen recently.

FAIR SEX NOW PROVE SELVES BIG GAMBLERS

Replacing Men Who Ply Wily Trade on Oceanic Liners Between Countries

NEW YORK, Sept. 14.—Women are replacing men gamblers aboard ocean liners.

"Little Eddie" Mallon, the watchdog of the piers, whose job it is to "spot" sea-going gamblers, is authority for the statement. He says the men claim they are going straight because they have found that travelers are too careful and ship's officers too watchful.

Most of the gamblers, says Mallon, came to that conclusion just about the time a White Star captain sent a well-known gambler to the detention hospital aboard his ship following a spirited little party in the smoking room, when fists were brought into action.

But where men have dropped cards and dice women have taken them up. The women are known to Eddie and to other detectives who help him watch the piers, but the problem is to catch them.

One big liner recently came into port and Eddie, as usual, met it at quarantine. He lost himself as soon as he was aboard. But by the time the liner had reached the pier he popped into view, sore and disgusted, with disappointment easy to be read in his face.

"I lost 'the duchess' again," he grumbled. His story was brief. He had received a wireless tip that there was a woman aboard, aristocratic and cultured; that she had been very sweet to several of the men passengers; that she had reluctantly consented to play bridge practically every

TURKS SLAYING GREEKS AS THEY ENTER SMYRNA

Raid Armenian Quarters and Assault Women With Undue Recklessness

INDULGE IN BOMB THROWING Population Thrown Into Riot as City Is Taken Over by Infuriated Troops

CONSTANTINOPLE, Sept. 14.—Smyrna is burning. The population is in a panic. All wives and children of native Americans are being evacuated to Athens. The cause of the fire is unknown. The Greek Armenian quarters were destroyed and the fire is rapidly spreading to other areas.

CONSTANTINOPLE, Sept. 14.—Scores of buildings in the European section are destroyed, including the American consulate. American marines formed a fire brigade, but the fire got beyond control. Property damage is estimated at millions. An Italian ship attempting to take off the Italian colony at Smyrna. The Italian government dispatched several vessels with provisions and medical stores and instructed Italian warships to concentrate in Smyrna waters.

ATHENS, Sept. 14.—It is reported Smyrna is in great disorder. Turkish entrance into the city was accompanied by bomb throwing, which drove the populace into a riot and wounded a Turk officer. The Turks, infuriated, started looting the city, razing the Armenian quarters, killing 150 persons and outraging women. It is reported 300 were killed in the Greek quarter.

CONSTANTINOPLE, Sept. 14.—The American sub-chaser 96, which arrived here, reports an appalling situation in the harbor. The harbor is filled with bodies of refugees who stampeded when the last vessel departed prior to Turkish occupation. Fifty thousand are without food or water in the boiling sun with arms uplifted pleading to be taken away.

LONDON, Sept. 14.—The cabinet will meet tomorrow in full session to discuss a myriad of political phases in the situation brought by the Turkish victory, the most important of which is control of the straits.

REPUBLICANS TAKE BALLINA, IRELAND

BELFAST, Sept. 14.—Ballina, County Mayo, has been recaptured by the republicans, who swooped down on the government troops. The national garrison is in the cathedral attending requiem mass for the slain comrades and others in bed. Soldiers are actually armed and in position to fight, though hopelessly outnumbered. Two civilians were shot and it is estimated a total of sixteen were killed in south Ireland in the last few days.

GERMANY STILL BROKE

PARIS, Sept. 14.—Germany has notified the reparations commission she is unable to pay £1,500,000 due tomorrow as payment of her private pre-war debts to the allied nations.

night at sea; that she had collected rather heavily at the end of each sitting. "I talked to about five men about her," continued Eddie, "and not one would complain. She was a woman, they said, and they were not willing to accuse a woman of cheating at cards. So I had to let 'the duchess' come ashore and she has just passed her baggage. She will probably be back on the French line next week, laughing at me. "That's the big trouble now. We could beat the men at the game, but now men passengers who have lost either won't admit a woman could outwit them, or else they won't complain. The women are getting away with it simply because they are women."

GREAT OPERAS PRODUCED WITH GREAT ARTISTS

Six Plays Will Appear Under Guidance of Stars, It Is Finally Announced

CHICAGO, Sept. 14.—The Chicago Chamber Opera company has been formed on the cooperative artists plan to produce six American operas this winter. Mrs. Archibald Freer, its chairman, a society woman, has announced. "This is the first plan of the kind ever to be launched," said Mrs. Freer. "Each opera will be a genuine American production and will be heard twice. Miss Rachel Knosolving is manager of the company." Mrs. Freer said the new company was an outgrowth of efforts to promote opera in English and to encourage American musicians and composers, as advocated by the Opera in Our Language foundation and by the David Bispham memorial fund. Mrs. Freer is national chairman of both foundations, as well as chairman of the Chicago company. Mrs. Edith Rockefeller McCormick is vice chairman of the national organization.

"The response which our work is receiving," said Mrs. Freer, "is indicated by a resolution which the General Federation of Women's Clubs passed at its convention in Chautauque, N. Y., last June, a copy of which has been sent to me by the national chairman of music of the federation, Mrs. Marx Obendorfer."

"There has been for many years the need for a truly American plan to promote public interest in the American singer and composer, thus establishing an American school of opera and national opera houses where genuine American opera shall be produced in our language. "That the General Federation of Women's Clubs pledges its interest in furthering the plan of the organization now working toward this end."

PACIFIC COAST FOOTBALL BOYS GETTING BUSY

First Official Practice Begins Tomorrow Preparatory To Coming Season

SAN FRANCISCO, Sept. 14.—Football squads of the Pacific coast conference universities and colleges, most of them "ousted" at the University of California, will hold their first official practice tomorrow. California has held the conference championship for two seasons and it is the aim of every team on the Bears' schedule to inflict upon the Berkeley team the first defeat it has suffered since 1920.

From the University of Southern California campus in Los Angeles to Washington State college at Pullman, wherever conference squads are gathering, they are pointing out that this will be the year to defeat California, for the Bear machine, they say, has been wrecked by the loss of its 1921 line, from tackle to tackle. California students themselves, however, are doing little worrying for they have faith in Andy Smith, their coach, and in his power to train some of his extra backfield stars and second string men to hold down positions on the line. "Brick" Muller, the all-American end, is back, so is Capt. Charlie Erb, they point out, claiming that the veteran backfield men and ends will be strong enough to offset any weakness the line may have, if it is to have any.

The Bears meet both the Washington conference teams, Washington State and the University of Washington this year, and strong competition is expected. Last year California defeated both the far northern teams. Washington State has eleven letter-men backs, a veteran for every position except center. Washington

WIFE OF HART PREPARES SUIT FOR DIVORCE

Father Visits Son and Says Youth Was Very Glad to Make Acquaintance

LOS ANGELES, Sept. 14.—Attorneys for Mrs. William S. Hart announced today she will file a divorce suit on the ground of extreme cruelty immediately. They said Hart reached a \$200,000 settlement with his wife. She will ask for more when the divorce comes up. Hart visited his wife's home yesterday to see their week-old son. Hart said the baby was glad to see him. The father wept after the meeting.

PLOT BLOW STEAMER NIPPED IN THE BUD

BELFAST, Sept. 14.—The Ulster government has discovered a plot to blow up or scuttle the steamer Agents on which 300 Sinn Feiners are interned at Larna Lough, County Antrim.

PEARL DIVING WILL STOP TEMPORARILY

PAPEETE, Tahiti, Sept. 14.—Pearl diving in the Paumotu archipelago will not be carried on this season at the extensive scale of former years, according to merchants here. One state that the 1920 crop value at over 5,000,000 francs is as yet unsold, and they are without resources to finance any major undertaking on the former scale.

GOVERNOR BLEASE PLAINLY DEFEATED

CHICAGO, Sept. 14.—Ex-Governor Cole L. Blease of South Carolina was defeated by Thomas G. McLeod for the democratic nomination for governor. In the Massachusetts gubernatorial contest Governor Cox had an easy victory for the republican nomination. Governor Groesbeck of Michigan easily defeated two opponents for the democratic nomination.

FEWER BIRTHS AND DEATHS IN ENGLAND

LONDON, Sept. 14.—There has been a general reduction in births and deaths in England and Wales during the second quarter of this year, according to official figures. Births totaled 200,509 or 7,023 less than the previous quarter. The birth rate is the lowest recorded in any second quarter except during the 'war period. Deaths totaled 125,235 or 45,152 fewer than the previous quarter.

RICH OIL FIELDS IN CALEXICO ARE FOUND

CALEXICO, Sept. 14.—Vast oil fields where oil lies on the surface have been discovered in Lower California by B. Enriquez of Calexico and two others, who filed application for permission to prospect. hopes to regain its place on the football map this year and Coach Enoch Bagshaw says the team will be 75 per cent stronger than it was a year ago, particularly in the line. Down at Stanford university they are banking their hopes upon a veteran team and upon a brand new coaching system imported from Pittsburgh university. Since the days when the two played Rugby, Stanford has not defeated California at football. University of Southern California's "big game" of the year will be against California in Los Angeles and the Trojans want to send the Bears back with a trimming. Even Trojan supporters, however, doubt if this can be done this year, for U. S. C. lost several stars of the 1921 team, which failed to defeat the Bears.

PREPARATIONS FOR REMOVAL BODIES MADE

Crew on Thirty-Six Hundred Level Is Within Forty-Five Feet of Goal

WHOLE CAMP LOOKS GLOOMY Ninety-One Feet of Ground to Be Broken on the Thirty-Nine Hundred Level

JACKSON, Calif., Sept. 14.—The race to the Argonaut is OFFICE 23 and is no longer a head-and-shoulder race, for Jackson has abandoned hope that the men are alive, and are preparing to remove the bodies. The 300-foot crew must clear forty-five feet of drift before reaching the 75-foot quartz wall. The 300-foot crew has nine-one feet of hard rock to drill before reaching the Argonaut. "The people feel that preparations are being made to break the thirty-nine hundred level," newspaper men were told by the Kennedy mine property between midnight and daylight.

MALAMUTE DOG FOUND TO BE BIG NUISANCE

ANCHORAGE, Alaska, Sept. 14.—The mammoth dog on the peninsula in Alaska, transportation, has proved to be such a nuisance to ranchers in the Anchorage valley, who have lost dogs, goats, hogs, chickens and even horses to these half-wild animals, that hunt in packs, that an open season has been declared on all stray dogs. The malamutes, accustomed to hunt his own kind in the unsheltered regions, considers every animal but man his prey.

DIRIGIBLE AT AKRON

AKRON, O., Sept. 14.—The army dirigible C-2 arrived here at 11:25 this morning from Langley field in eleven hours on its way to Los Angeles, and is expected to resume its flight tomorrow.

AMENDMENT WILL PERMIT RECLAMATION DEVELOPMENT

WASHINGTON, Sept. 14.—The amendment of Hatch to the administration of the Liberman loan bill to an appropriation of \$20,000,000 for completion of development of western land reclamation projects was adopted by the senate today, 28 to 23.

BONUS BILL STANDS

WASHINGTON, Sept. 14.—Efforts to send the soldiers' bonus bill back to conference for insertion of the land settlement option failed in the house.

UKIAH THREATENED WITH DESTRUCTION

UKIAH, Sept. 14.—Fire, which has threatened this city, is under control. A change in the wind swept the flames away from the town. Business here was closed temporarily and most of the population is fighting the fire.

BUTLER THEATRE advertisement for PEARL WHITE in "WITHOUT FEAR" and other shows.
