AMUSEMENTS

REPORTED MISSING HERE TODAY
 Regular matinee and only one
 night show starting 7 p. m. One
 moving picture that lives up to its
 advance notices is "Reported Miss-
 ing" which will be the headline at-
 traction at the Butler today. Owen
 Moore and Tow Wilson, as principal
 laugh makers keep the audience in a
 state of laughter bordering on hys-
 teria. The story concerns the ef-
 forts of a wily Oriental ship owner
 to do away with young Ricardo
 Boyd. (Owen Moore), who has an
 option on a fleet of vessels which
 the Chinese sea master wants. He
 has Boyd shanghaied and then the
 fun and thrills begin. Tom Wilson,
 as Boyd's mate, gives the perfor-
 mance of his career. His every move
 seems to prompt laughter. The
 scene in which he draws his trusty
 razor and starts out to carve up all
 the Orientals handily is the funniest
 seen in a long time. The thrilling
 scenes include a shipwreck, a race
 between a hydroplane and a sea sled
 and a terrific fight in the strong
 hold of the Oriental villain, Nita
 Naldi, late of the Folies, and Lau-
 rine Garon, the world's most beauti-
 ful flapper, furnish the feminine
 decoration and they certainly do ap-
 pear to the masculine eye. Tomor-
 row Anita Stewart, in "A Question
 of Honor."

Nye county will give Harry H.
 Atkinson a tremendous majority at
 the election to be held on Tuesday.
 The people are proud of their candi-
 date and they know that he will
 render efficient service to the tax-
 payers as attorney general.

The Woman's Relief Corps will give
 a card party and supper at Odd
 Fellow's hall on Thursday evening,
 November 16. All invited. N6-101

TO THE VOTERS OF TONOPAH TOWNSHIP

As election day is drawing near,
 I take this means of reminding my
 friends that I am a candidate for re-
 election for the office of justice of the
 peace of Tonopah township and
 if elected I promise the people of
 Tonopah that I will attend faithful-
 ly to the duties of my office in the
 future as I have done in the past.
 I respectfully solicit your support.
 W. T. CUDDY.
 N4-21

WHY WILLIAM FORMAN SHOULD BE ELECTED DISTRICT ATTORNEY OF NYE COUNTY

Because if elected his future conduct in office can be judged by his past record as a lawyer and citizen.
 Because he has lived in Nye county seventeen years and spent his time and money in upbuilding the county.

Because he is the author of and secured the enactment of the "Nevada Industrial Insurance Act," under the terms of which act the injured workmen and dependents in this state have been allowed and paid over two million and a quarter dollars since July 1, 1913.

Because he ranks as one of the leading lawyers in the state and has had extensive practice in both state and federal courts.

Because the office of district attorney is one of the most important in the county and he has the ability and qualifications to fill the office.

Because he believes that the prosperity of the county depends upon keeping the wheels of industry going and in the payment of good wages to workmen.

Because he is acquainted with the needs of the county and its people, is a taxpayer and his prosperity depends upon the prosperity of the county.

Because he has never failed or refused to give legal advice to clients who were unable to pay for such advice, and has never turned down a client with a just cause on account of the inability of such client to pay a fee.

Because the office of District Attorney, should, like that of Judge and Justice of the Peace, be non-partisan, and the incumbent be independent of all entangling alliances and free to act for the whole people of his county.

THE PROOF IT HAD TO COME Caught In Their Own Trap

Under the heading "Stream Adjudications of Nevada," the Democratic state central committee, on behalf of its candidate for Governor, published a tabulation on October 27, 1922.

Are the people of Nevada to be deceived by such claims when the truth and the facts are as follows:

THE DEADLY PARALLEL

Claim for Democratic Candidate for Governor 1919-1922

Record from Official Reports

Stream	Completed Acres	Unfinished, adjudication pending
Humboldt River	280,000.00	Official report of state engineer W. M. Kearney, 1915-1916, shows all Humboldt River work completed ready for final judgment. Present preliminary order of State Engineer almost a copy of publication of 1916.

White River	4,051.10	Official report of State Engineer W. M. Kearney, 1911-1912, 1913-1914 and 1915, shows 4,051.10 acres adjudicated.
-------------	----------	---

Salmon River	18,433.78	Official report of State Engineer W. M. Kearney, 1915-1916, 1917-1918, 1919-1920 and 1921, shows completed order of determination 13,000 acres.
--------------	-----------	---

Goose Creek	995.97	Official report of State Engineer W. M. Kearney, 1915-1916, 1917-1918, 1919-1920 and 1921, shows completed order of determination filed in court.
-------------	--------	---

Clear Creek	1,269.16	Official report of State Engineer Seymour Case, 1917-1918, 1919-1920, shows practical completion of Clear Creek adjudication, which was afterwards completed, ready to be filed in court by State Engineer Case. Shows 1,269.16 acres.
-------------	----------	--

Muddy River	5,107.70	Official report of State Engineer Emmet D. Boyle, 1909-1910, 1911-1912, 1913-1914, 1915-1916, 1917-1918, 1919-1920 and 1921, shows the following: "The rights of appropriators of the Muddy River were determined in this office under former State Engineer Henry Thurston. The statement of findings by the State Engineer's office, showing the rights to the use of water from this source, was found in the appendix to the report" (1909-1910).
-------------	----------	---

Carson River	55,017.90	Official report of State Engineer Emmet D. Boyle, 1909-1910, 1911-1912, 1913-1914, 1915-1916, 1917-1918, 1919-1920 and 1921, shows the following: "The adjudication of vested rights in the use of water from this source was begun during the administration of former State Engineer W. A. Chandler who completed determinations on the East and West forks, issuing certificates of appropriation to all users of these branches, and who determined the rights of appropriators on the main river from the confluence of the East and West forks to Churchill Canyon in Lyon County, issuing certificates to all those appropriators diverting water between the points named."
--------------	-----------	---

Current Creek	600.00	Court's decision rendered March 11, 1921, decree entered April 25, 1921; 600 acres adjudicated to five users.
---------------	--------	---

Rice Creek	833.00	Hearing on the Rice Creek adjudication held on June 29, 1922, decrees presumed to have been entered on the same date, 833 acres adjudicated to two appropriators.
------------	--------	---

Why was all reference omitted to the following stream showing work performed prior to 1919?

Evans Creek and tributaries	6,819.49 acres	(Official report State Engineer, 1915-1916, page 97).
-----------------------------	----------------	---

Little Humboldt River and tributaries	50,535 acres	(Official report State Engineer, 1915-1916, page 96).
---------------------------------------	--------------	---

Steel Creek and tributaries	6,008.01 acres	(Official report State Engineer, 1915-1916, page 96).
-----------------------------	----------------	---

Cherry, Pine and Cottonwood Creeks	109.86 acres	(Official report 1911-1912, page 293).
------------------------------------	--------------	--

The official report of the State Engineer for 1915-1916, before Mr. Scroggins was thought of as State Engineer, contains the following:

"Humboldt River and Tributaries. Date of Compilation of claims, March 1, 1916.

"The total area of land involved in this compilation is 328,440 acres. For individual claims included in the compilation reference is made to the tabulation on page 7-20 inclusive." (See also official publication Abstract of Claims to the Waters of the Humboldt River and tributaries, 288 pages, March 1, 1916).

Is the governorship of Nevada to be won on such fictitious claims of accomplishments as Mr. Scroggins sets up?
