LIENSING LOTTERIES.—Mr. Editor: I had supposed that lotteries were strictly prohibited by our statutes, but on Saturday evening last a lottery was in full blast, the manager selling tickets in envelopes and dealing out money at the rate of one dollar for every two and one dollars received—an open and barefaced swindle. On suggesting the propriety of prosecuting the swindler, I was told he had been licensed and was therefore legally conducting his swindle. Will some one inform me under what statute lottery licenses are obtainable, and by whom issued?

Petition for Pardon of Hone and Cade.

A petition for the pardon of C. F. Hone and H. C. Cade, convicted of "unlawful assembly" and sentenced to 100 days each in the County Jail in default of payment of \$200 fine each, was circulated among the citizens of Carson yesterday. The petitioners ask that the fines be remitted except \$60 each to pay the costs of prosecution. When we saw the petition last evening there were about seventy names signed to it, including that of the foreman of the jury, and three jurors, before whom the case was tried. Following is a copy of the petition:

To the Hon. Board of Pardons, of the State of Nevada: The petition of the citizens of the county of Ormsby, State of Nevada, whose names are subscribed hereto, respectfully shows the Hon. Board of Pardons that on the 13th day of June, A. D. 1876, Charles Hone and Charles Cade were duly convicted in said county, of the crime of "assembling together to do an unlawful act, and separating without doing or advancing toward it," and that said persons were each adjudged by said Court to pay a fine in the sum of two hundred (\$200) dollars, in U. S. gold coin, and in default of such payment, to be confined for one hundred (100) days in the County Jail of said county. That said persons were and are wholly unable to pay said fines; and that by reason of their failure to pay the same, they are now confined in said jail.

Your petitioners further represent that the unlawful and ill-advised assembly in which said persons participated was formed under excitement, without deliberation, and by persons ignorant of the law. That said persons, as your petitioners believe, only designed indulgence in the foregoing talk, and neither in serious infraction of the law. That the said Hone and Cade, since said trial, have expressed deep mortification and regret at their participation in the unfortunate affair, which resulted in their present incarceration, and have faithfully promised future good conduct, which respects and promises your petitioners believe to be sincere. That said persons have families in destitute circumstances who are wholly dependent on them for maintenance.

Your petitioners further represent that by the prompt and decisive action of the authorities in suppressing the unlawful assembly in which said persons were engaged, all future danger of the same kind has been averted; and believing, as they do, that the said Hone and Cade have been sufficiently punished by their incarceration, respectfully petition the Hon. Board of Pardons of the State of Nevada, to remit the fines imposed upon them, and to grant them a discharge from custody; or, if it shall not seem just to the Board to remit said fines, then said fines, by order of the Board, may be so diminished as to place it in the power of said persons to pay the same.

And your petitioners respectfully represent that it is their belief that clemency as prayed for, on the part of Board of Pardons, will result in benefit to the people of this State.

Very respectfully submitted.

Special Meeting of the Members of the Presbyterian Society of Carson.

There will be a meeting of the members of the congregation who attend the Presbyterian Church in Carson, to-morrow evening (Wednesday, June 21). We understand the meeting is called for the purpose of taking action in relation to giving Rev. John Laird a call to take charge, or continue in charge, of the Presbyterian Church in this place—the time of his engagement here having expired. It is a rule in the church that on occasion of a meeting like this a minister shall preside. Rev. Mr. Gillies of Virginia City will be present. That there may not be any misunderstanding in respect to the time of the meeting, we will state that the meeting was first called for to-night, but last evening the Trustees of the church here called upon us, and showed us a dispatch from Mr. Gillies stating he could not come to Carson before to-morrow night, and asking that the meeting be postponed. This was done. The time of the meeting, therefore, is fixed to take place on Wednesday evening, June 21, at the Presbyterian church. Every member of the congregation is particularly requested to be present on the occasion.

THE FOURTH IN CARSON.—The Committee were engaged yesterday in arranging the programme for the celebration of Fourth in Carson. It will be published in a few days. It is now well ascertained that our celebration will be a grand success. The Storey county people will be here in large numbers. The soldiers and citizens and societies here will turn out in goodly numbers. It is suggested that our business men close their places of business on Monday, the 3d, and thus allow every one to have two holidays. The suggestion is worthy of consideration.

THE ROYAL ILLUSIONISTS will give entertainments at the Carson Theater next Friday evening and Saturday afternoon and evening. They came to this country from England, and perform some mysterious and startling wonders. They have been performing in San Francisco with marked success. On Saturday night they will give their famous Dark Senance, which will be the only chance our citizens will have to be present when the wonders there performed can be made manifest. See Advt.

IMPOUNDING DOGS.—The police were making things lively among the dogs yesterday. Those without tags were captured and caged. The consequence was several were hunting their dogs last night. The raid will be continued with vigor to-day. Tagless dogs are doomed.

FOR THE EAST.—Mr. O. G. Barber, of the firm of Gilson & Barber, Mrs. Dangelberg and Miss Ferris, were to start Centennialward last evening. Miss Ferris will remain at school in the east.

In Justice Court yesterday one man was sentenced to jail for ten days. Offense, getting drunk and disturbing the peace.

Great Fire in Virginia City

At noon yesterday, a fire broke out in the Globe Hotel in Virginia City. The Gold Hill News of last evening gives the following particulars: A brisk breeze was blowing from the southwest and the flames were carried with fearful rapidity in the direction of the Hale & Norcross works, and they were threatened with destruction. It seemed for a time that there was no escape. Miners from the Chollar and Norcross works manned the hydrant hose, and with the assistance of the fire engines the flames were checked. The buildings were mostly lodging and boarding houses, and a great many people were thrown out of house and home by their destruction. The fire spread with such fearful rapidity that scarcely a thing was saved by any one. Some came out with just what they had on their backs and no more. On C Street the Globe Hotel was the first to go. The house was occupied by John Kinsman, and was insured for \$4,250. It was worth very much more. Miss O'Neil kept a lodging house next door. She saved absolutely nothing, even losing what money she had in the house. Several lodgers were in the same fix. Two other houses belonging to the Globe Hotel property were burned. It is difficult to estimate their exact value. Three houses belonging to Mrs. Collogan, upon which there was no insurance, were destroyed. Loss, \$3,500. Henry Deitz lost his residence, valued at \$2,000. Crossing over to D street the residence of Mr. W. H. Holland was consumed. Loss, \$4,000; insurance, \$1,200. Mrs. J. R. Evans lost two houses valued at \$2,000; no insurance. Mr. Black's residence also went. Loss, \$2,000; no insurance. Mrs. J. W. Gault, who is now in San Francisco, had three houses burned, valued at \$3,500. Not a thing was saved and there is but little insurance upon the property. Mrs. Blake also lost her residence. Loss, \$1,000. Rev. Mr. Kelley lost furniture to the amount of \$500 as also did Mr. A. Wastel.

THE BOARD OF TOWN TRUSTEES held a meeting last evening. All members present except Mr. Driesbach. Mr. Bender, who had previously been appointed a committee of one to procure hose for the fire engines, reported that he had procured a set of the new patent rubber hose, and that it worked so completely satisfactory that he had concluded to order 500 feet more of the same kind. Mr. Bender also reported that the committee had employed Mr. Kendrick, a machinist, to repair the S. T. Swift engine. Mr. St. Clair was appointed a committee to confer with the Board of County Commissioners in relation to the expense of maintaining the S. T. Swift engine. Mr. F. D. Sargent asked permission to use the hydrants for the purpose of supplying his street sprinkler with water. Laid over for future action. Mr. Trapp of the Warren Company reported that the Warren engine has about 600 feet of hose and wants 500 feet of new hose. Curry Engine Company also needs 500 feet of new hose. At suggestion of Mr. Bender Mr. St. Clair was appointed to act with him on hose committee. The following bills were allowed: E. C. Scott, street work, \$12.00; Carson and Tahoe Lumber and Plume Company, \$33.44; Reinstein & Gibson, \$11.75. Board adjourned.

SENTENCED.—John Belcher, convicted in the District Court of Storey county for the crime of rape upon a girl of six years, was yesterday sentenced to the State Prison for 21 years. The Chronicle says: "When led in to his cell inside the rail, and with his elbow upon the table in front leaned his chin upon his hands and looked unmoved upon the Court. The Judge, before passing sentence, referred in the severest terms to the revolting crime, made more especially so by the tender years of the victim—a child of six years—and concluded by sentencing the prisoner to 21 years in the Penitentiary. During the Judge's remarks the man evinced no feeling whatever, and received his sentence perfectly unmoved."

CARGOT FIRE.—A car load of wood, on the car, standing alongside the Carson Exchange, took fire last evening, supposed from sparks from an engine. Timely discovery and efficient action prevented any very serious damage.

MARRYING WHEREVER HE WENT.—For a hard visaged and tough looking individual, one G. H. Parton, with half a dozen aliases, is the most talented person in the art of capturing wives and spending other people's money who has passed this way for a long time. He went through yesterday on his way from Shelbyville, Tenn., where he was captured on Saturday night. He is about 36 years of age. While operating in New Madrid he was known as G. W. Wilson. He sold sewing machines, married a wife, and contracted numerous debts. Abandoning both the debts and the wife he went to Helena, Ark., and there married another wife and made more debts, and abandoning them he went to Little Rock, Ark. This was in 1874. He set up as a sewing machine agent and contracted more debts; whether he took another wife or not is unknown; but one fine morning he and a span of horses, a fine spring wagon and two new sewing machines were missing. Parton was next heard of as a sewing machine operator at Minden, La. Soon after his arrival there he won the affections of a charming widow of not over twenty years, and after making her his wife he contracted debts to the amount of \$3,000. He then fled. When he was caught in Shelbyville he was about to take another wife.—Memphis Avalanche, June 7.
