What for tailor?

THE MAKING of clothes to measure involves many intricate operations, each of these operations must be performed by an expert, otherwise the suit is irretrievably ruined and not fit to wear.

Our Chicago Clothes Makers, Ed. V. Price & Co., select their operatives with care and every man in their employ represents the best in the professions represented. This means more money expended, for high grade tailors command the best wages, but it also means better made, better fitting clothes for you at less price than the small tailor can or will give you.

They have facilities for absolutely fitting each suit over the lines and curves of the body—suits that carry distinctiveness and style and are their own insurance on durability.

Call and see the 500 Fall fabrics we are now showing.

Vigorous Styles for Young Men
 There is a vast difference between the clothing requirements of the YOUNG MAN and those of his elders. He likes a certain indefinable breeze and snap to his apparel that is in keeping with his vigorous spirits and his pure and unrestricted enjoyment of life. That we bear these points in mind when serving the younger element of the trade, is the principal cause for our great success among them. The designers, cutters and tailors of the
CONTINENTAL TAILORING COMPANY, Chicago
 for whom we are exclusive representatives in this territory, are constantly studying the requirements of the young men (as we have just described them), and if you are seeking such service at reasonable prices, you can do no better than to pay us a visit. We carry their complete line on display, comprising over 4000 different patterns in the latest foreign and domestic woolsens.
