AN ADMIRABLE PLATFORM

The democrats of Indiana at their late convention adopted an admirable platform which deserves success by the support of all honest citizens. The following plank is especially worthy of careful attention by democrats and independent voters, in every state as a fair statement of the conditions imposed on the people through republican legislation and the remedy proposed when the democrats are entrusted with power; the platform said:

"For nearly ten years the republican party has been in absolute control in all departments in the national government, with power to change unjust conditions and to rectify evils. Yet during that time colossal combinations of capital have dominated the people and have stifled competition and unfairly limited the opportunity of the individual citizen. Wealth thereby illegally obtained has been unsparingly used to control legislation and corrupt elections. No honest effort has been made or is being made by republican legislation to cure or eradicate these evils. We denounce the hypocrisy of the republican party, which, while pretending to legislate against these conditions, deals only with the symptoms and not with the disease. The fair, tyrannical features of the so-called protective tariff have made these things possible, and no permanent relief can be secured until as obnoxious features are removed. We demand that this be done by a tariff for revenue only.

"The growth of the trusts and other inordinate and dangerous combinations of capital, the tremendous and rapidly increasing absorption and centralization of the wealth of the country in the hands of chosen few, all due to premeditated and systematic legislation in behalf of special interests by the republican party, demand a change in the policies imposed upon the country by that party and make the passage of restrictive laws an imperative necessity."

APOLOGIZE TO GENERAL MILES

Charles P. Neill, commissioner of labor, and James B. Reynolds, sent to Packintown as commissioners from the president, have reported that conditions are terrible and that all manner of diseased meat are palmed off on the public.
Did not General Nelsen A. Miles,

tell us something about "embalmed" beef soon after the Spanish-American war? If memory is not at fault General Miles was roundly denounced by republican newspapers as a "trouble breeder."

When the Gakwar of Baroda visits Chicago will local pride escort him through Packintown?

Beef trust revelations are described as "revolting." So is the public. Why the great sausage makers bought hogs at all is a mystery to readers of the beef trust report.

It is reasonably sure bet that congress will be glad when the president adjourns for this term.
