

## BOOM IS ON

**SLEEPY HOLLOW SPIRIT HAS GIVEN WAY TO THAT OF PROGRESSIVENESS AND NEW ERA HAS DAWNED FOR CARSON CITY—DON'T WORRY, WATCH US GROW.**

The new era predicted for Carson City has arrived. New blood is causing the old Carsonites to realize that the conditions of the past have been supplanted by those of extreme activity. The constant demand for houses for rooms for building sites for materials for building and furnishing homes has caused the new comers to take advantage and catch every opportunity to get in on the ground floor. Carsonites, although very cautious are beginning to realize that unless they get busy all the good things will be taken up by outsiders. One of the most active new comers is Paul G. Lewis, of Lewis and Company, to whom much credit is due in bringing to the notice of our people our unsurpassed advantages.

The most needed relief demanded by new comers is houses and lots upon which to build the same. Real estate should be handled in much the same way as merchandise, making one price to all, and in that Lewis and Company are setting the pace. The property offered for sale by the Lewis company is the cheapest in this valley when it is understood that cement sidewalks, trees and a street railway are some of the improvements to be made in the district now on sale. The location of the tract, the old race track property, the fact that a dozen houses will be completed before the first of January, that the electric railway will run through the tract and that the whole district is to be modern in every particular, makes this investment one that can be recommended without hesitation.

We are beginning to realize that the best real estate investment on the coast is right here in Carson City, at home. With such men as T. B. Riekey, Wils Broffner, Jas. T. Davis, all of whom are well known for their enterprise and probity, and Paul G. Lewis, who is almost equally as well known for his progressive spirit, investors in this tract can put their money into a few lots without fear of being led into a financial trap.

There is little doubt that an investment in the race track lots will double the money put in before six months, and such an investment will return a handsome profit before the first of the year for the plans of the company are such that preclude the possibility of loss. The integrity of the men behind the company is such that no investor need feel afraid to put his money into it.

An unique record was made by the company in forming and placing on sale the lots in Valley Park and the race track tracts. Lewis and company are good advertisers and last night they succeeded in calling attention to their sale in a most unique manner. A huge horse and cart, labelled "Lots," transparencies calling attention to the aforesaid horse and farms and bells combined to make a noisy and laughable advertising parade. It caught on. The legends on the transparencies were humorous bits in race track and political parlance and nearly every man, woman and child in the city, lugged at the unique parade as it passed by. The procession will be seen every night this week.

Don't Worry, Watch Us Grow. We have grown, the new era is here, the old time sleepy hollow wistie has given way to the progressive spirit that has made other cities in this state blossom like a rose tree. Get into the band wagon, or forever complain of lack of public spirit and lack of business acumen.

**WANTED:** A bright boy. Lewis and Co., Nye and Ormsby County Bank building.

## TROUBLE ARISEN AGAIN IN GOLDFIELD

GOLDFIELD, Sept. 26.—The recent trouble between the Goldfield Sun and the Industrial Workers of the World, has broken out anew. A meeting of the local affiliates of the American Federation of Labor, will be held here tonight to consider the case of W. C. Peck, foreman of the Sun which was sold last Saturday by L. C. Branson to J. J. Barnell.

During the time that the Industrial Workers of the World boycotted the paper, Peck, it is alleged, went on the street and sold papers under the protection of Diamondfield Jack Davis, George Wingfield and others. When Peck returned to the Sun, it is claimed that the boycott was raised in condition of the discharge of Peck. H. C. Farmer, proprietor, and Everett Wood, editor, Peck has appealed to the syndicalist union and to the carpenters, painters and paper hangers unions.

## AMERICA TO INTERVENE

HAWAII, Sept. 26.—The Cuban revolution today stands on the verge of a second period of American intervention. The moderate party, which six weeks ago was in control of every office in the island, national, provincial and municipal, is tonight determined to abdicate everything and demand the United States to intervene. In fact, the government official from Honolulu, Peina down, is sincerely favoring forcible intervention.

## MAGDA, A GOOD BILL

Another good house greeted the Harper company last evening to see the production of Magda, Suderman's great problem play. Miss Harper does not give the tighest interpretation to the character that Nance O'Neil does; on the contrary, she makes Magda more human and womanly and one feels sympathy for the creature of peculiar temperament, a temperament that no one, excepting the pastor, whose love she rejected, ever understood.

The role of pastor was most acceptably filled by Joseph Detrick and the part of the father by Mr. Harper was one of the best features of the cast. The other parts, which really are but accessories, were filled by the company.

Tonight, All the Comforts of Home will be given. It is a comedy pure and simple and will make you forget even your losses at the track.

## F and A. M.

There will be a special communication of Carson Lodge, No. 1, F. & A. M. Thursday evening, Sept. 27 at 7:30. Work in the F. C. Degree. By order of the W. M.

## E. D. VAN DERLATH, Secy.

Mrs. Sam Cohn and daughter, Miss Lettie, arrived this morning from San Francisco.

Mrs. Ray Furlong and small son, Jack Raymond Furlong, arrived this morning from Reno and will probably reside here. Ray has resigned his position as fireman on the passenger engine to accept a more lucrative position here.

Mrs. J. E. Muller, Mrs. Frank Evans and Miss Alice Cameron were passengers this morning for Lake Tahoe.

## HATS

On Monday September 24th, I will receive from the east my first invoice of trimmed and untrimmed hats, at which time I will be prepared to fill orders on short notice. Further comment is unnecessary as my work is well known.

MRS. K. KNOWLES, Rooms 13 and 14, Arlington hotel.

## REPUBLICAN CONVENTION GOES THROUGH MOTIONS

The republican county convention met at the court house today with Will David in the chair, and after the caucus had completed its labors nominated the following ticket: State Senator—J. F. Woodbury. Assembly—Fred Fellows, Henry Kaiser and Harry Gifford. Sheriff—Jack Gray. Clerk and Treasurer—Ed. Patton.

Auditor and Recorder—J. Sterns. District Attorney—E. E. Roberts. Commissioner, long term—Robert Fulton. Commissioner, short term—Mildard Catlin. Justice of the Peace—G. N. Folsom. Constable—A. D. Grant. One of the candidates assured the convention that he would continue to "act in the past as he had in the future" on all party questions, but the ball was not noticed by the delegates.

After the adjournment the delegates dispersed quietly.

## SURVEY COMPLETED

The corps of V. and T. engineers have completed their work surveying the proposed switch to the Rocky Hill mine in Galena in the Washoe district, and yesterday twenty men began construction work. The switch will be 1000 feet long.

## A REGRETTABLE INCIDENT

A regrettable incident occurred last night during the presentation of Magda at the opera house. A small boy, he could not have been very large or he would have had more decency, amused himself by flipping shot, evidently from a sling, upon the stage. Two of the missiles struck Miss Harper inflicting painful, though slight injuries, but the pain was nothing to the insult, as she at first considered it. But it was simply the act of a thoughtless youth who doubtless never dreamed of hitting anyone.

Boys who cannot appreciate a play like presented last night should stay away.

The management will see to it from this time forward that the boys who attend performances at the opera house will behave.

## TODAYS RACES

A good crowd was in attendance at the track today and betting was lively. The track is in fine condition and the races are run strictly on the square. A good program is assured for tomorrow and a day of sport will be the result.

The results of today's races are as follows.

First race—one half mile dash—entries, Ruth Wells, Sadie Burch, Sam G., Silver Maid, Goldfield. Won by Sam G., Goldfield second; time 49 4-5. Second race—five and one half furlongs, entries, Wisteria, Alice J. Galvanic. Won by Wisteria, Galvanic second, time 1:09.

Third race—three fourths mile dash entries, Hippenax, Ruvia, Hortius. Won by Hippenax, Ruvia second; time 1:17 1/2.

Fourth and last race—five mile relay, entries, W. L. Blackwell, J. M. Raycraft and I. L. Winters; won by Winters.

## ADVERTISED LETTERS

Ladies List—Eva Button, Miss Nettie Reed.

Gents List—A. Hausman, Rene de Label, Elder J. W. Thomas, Prof. S. A. Wittmer.

Mr. and Mrs. Will Hostler.

T. R. HOFER, Jr., P. M.

All the comforts of Home at the opera house tonight.

## RESTRAINING ORDER ON THE COMBINATION

Deputy United States Marshal Mack will leave here tomorrow for Goldfield where he will serve a restraining order on the Combination mine, commanding work to cease. The order is issued by Judge Ross of San Francisco. The complainants are the owners of the Goldfield Mohawk Mining company. They state that the Combination people have been stealing \$5,000 worth of ore a day from the apex on Mohawk No. 2 and Slim Jim Fraction mines.

The Mohawk company asks for a perpetual injunction and \$100,000 damages. All work on the mine will be held up until the matter is settled and the complainants are ordered to pay a bond of \$20,000 to appear in court in San Francisco, October 15.

## TO BECOME A BARON

It is reported that King Edward will make William Waldorf Astor a baron because one of his sons recently saved a British soldier from drowning. Here is another strong argument against race suicide.—San Jose Daily Mercury.

## APPRECIATION DISPLAYED BY PRISONERS

The prisoners displayed their appreciation of Miss Harper's kindness in presenting the little comedy this afternoon for their amusement in presenting her with a handsome turquoise ring, set with native Nevada stones. The ring is a beautiful piece of jewelry, containing three stones set lengthwise and will be greatly prized by the recipient of the gift.

This is the third season that Miss Harper has appeared at the prison and the prisoners always look forward to her visits with pleasure and interest.

Each member of the company also received a gift, the ladies obtaining one of the dainty hair chains manufactured by one of the inmates at the prison as well as a stick pin. The gentlemen received a stick pin, while Sam Howard so charmed one of the boys who was once on a time a dancer himself, that he was given a handsome hair watchchain in addition to the pin.

## WEDDED IN RENO

Dr. Ernest Krebs of this city and Miss Ida Green of Yerington were married Sunday afternoon at the Riverside in Reno. Justice Frank Bell officiating.

Miss Ella Root and Agnes Perkins were bridesmaids.

Doctor and Mrs. Krebs have arrived in this city and will go to house keeping soon.

## FUND INCREASING

Father Tubman announces that four additional gifts to the fund for building the catholic cathedral here. George A. Bartlett has donated \$250. Patrick Thomas of Ramsey has given \$100, and a man who withholds his name from the public has presented \$100, while Joe Josephs has also given a large sum.

Senator Newlands will speak at the railroad day celebration at Ely. His subject will be "The Effect of the San Francisco Disaster on Nevada." The best speakers in the state will be there and arrangements are being made to entertain 5,000 people.

A number of people came over from Reno this morning to take in the races.

A fine bill at the Park theatre to night.

## HARPER COMPANY PRESENTS PLAY AT PRISON

The inmates of the state prison were again made happy this afternoon by a visit of the Harper company. The entire cast was present and gave one of their comedies for the edification of the boys, who enjoyed every line of the play.

An impromptu stage was arranged which lent realism to the scene and the presentation was made more ludicrous by the substitutes for real properties.

The prisoners appreciate all the things that are done for them, although they may not at all times be able to express this gratification, and they made E. S. Kendrick the bearer of their thanks to the company.

## STENSLAND ACCUSES OTHERS

NEW YORK, Sept. 26.—Paul O. Stensland, confessed embezzler of funds from the Milwaukee Avenue State bank of Chicago, of which he was president, is on his way to Chicago, a passenger on the Twentieth Century Limited, ready and willing, he says to admit his guilt, but at the same time determined to accuse others whom he claims were equally culpable for the wrecking of the institution with attendant losses of millions of dollars.

## LARGE FREIGHTING AUTO

The largest automobile ever built in Reno and one that will revolutionize the ore freighting trade in this state if it proves a success, arrived yesterday on the train from Milwaukee and will be taken to Bodie, Cal., near the Nevada line to haul supplies from Hawthorne to the mining camp.

It has a 90 horse power engine and a capacity of seven tons and is expected to do away with the expensive mule teams now employed in hauling freight into Bodie and surrounding camps. The auto is made by the Four Wheel Drive company of Milwaukee and cost \$5,000.

## NEARLY COMPLETED

RENO, Sept. 26.—Alonzo Tripp, formerly general manager of the Tonopah railroad, arrived in Reno last night en route to San Francisco. He stated to the Journal that the Silver Peak railroad will be completed by the first of the month. The line leaves the Tonopah road at Coleridge. Eighteen miles of the track is already built.

"The Bullfrog and Tonopah road," he declared, "has been constructed for twenty miles and it will be built entirely by the early part of December. This line will open up that country it traverses and do away with the expensive mule teams that are now used to transport freight. Combination Extension, 5 62 1/2. Ohio, 25. GOLDFIELDS. Adams, 68. ## QUARRY OF VALUABLE MARBLE DISCOVERED

W. E. Lindsay of this city has a sample of the only black and gold marble ever found in the United States and this sample came from a point in Nevada, not far from Mina. This particular grade of marble has hitherto come only from Egypt and the discovery of the Lindsay quarry is indeed fortunate at this time.

The specimen is a beautiful one, the streaks of gold marking it in a striking way. Mr. Lindsay already has six tons of it ready to ship to San Francisco and the supply is apparently indefinite. He is working under the difficulty of being unable to secure laborers and the shipment is necessarily delayed in consequence but, if all goes well, he has a small fortune in sight.

## MEETING OF THE FUSION CENTRAL COMMITTEE

There will be a meeting of the central committees of the Democratic and silver parties in the district court room at 7 o'clock Friday evening. Business of importance. A full attendance is desired.

E. H. Marr and wife have returned from Glenbrook where Mr. Marr has been engaged in building the new hotel.

Harry Groom, press feeder at the Nevada Press company, is very ill at his mother's residence on Fifth street. His trouble is appendicitis.
