SPINNEY will guarantee to disperse for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays, from 10 to 11. Consultations free. Thorough examination and advice, \$3. Call or address,
