

Bell's Wife.

A writer in the Cleveland Leader says: "Mr. Bell, the telephone man, is worth \$6,000,000 and he has the most elegant residence in Washington. A man told me to-day that his wife is very beautiful, and that she is deaf and dumb. Bell became infatuated with her beauty and married her. In experimenting on an audiphone that she might be able to hear, he discovered the principle of the telephone. In this way his wife indirectly made his fortune. Her husband's fortune is not the only one Mrs. Bell has made. Andrews the portrait painter, owes his start to his picture of her face. Before that he had been unknown. He came here from Cincinnati, and had but little to do. Mrs. Bell gave him a sitting and he had the luck to catch one of her most beautiful expressions. The picture was shown at Corcoran's gallery and crowds went to see it. The unknown artist was unknown no longer. Orders poured in and he is now the portrait painter of the Capital.

A Third Line.

It does not seem to be generally known, says the Hawthorne Bulletin, that a third line of railroad to the East is now nearly finished. It leaves the Southern Pacific at Mojave, connecting with the Atlantic and Pacific on the Colorado River, at the Needles. This line makes the distance to St. Louis 250 miles shorter than by any other route, and while lessening the time on through freight, will, it is expected, do considerable toward advancing the interests of Nevada. There are immense borax fields in this section which will doubtless send their products east over this route as soon as the C. & C. is complete to Mojave.

A new theory in favor of a diet of meat is advanced by Professor Feser, of Munich, who has made some experiments upon animals with a view of establishing the connection believed to exist between diet and liability to infection. He found that animals fed upon vegetables were quickly attacked by the disease with which they were inoculated, while those which had been fed exclusively upon meat resisted the effects of the inoculation. Thus, he thinks, the fact is clearly proven that men whose food is largely composed of flesh are much less liable to infection than those who are abstemious in this respect.

Talmage compliments Father Barry for the latter's efforts to break up opium dens in New York. He says he hails the movement as one of the healthiest of the times.

John W. Mackiy and family left Paris in their own Palace car to attend the coronation at Moscow, a piece of extravagance which is creating some comment in Europe, so the telegraph says.

U. S. Indian Agent McMas- ters has appointed Mr. Matt Rhein and wife as Farmer and Teacher of the Walker Lake Indian Reservation, and they will enter upon their duties July 1st.

Yesterday's rise in Hale & Norcross was hailed with joy in stock circles. But a few years ago an advance of that kind would have been regarded as a mere bagatelle.

Director of the Mint, Bur- chard, estimates that the value of the gold product of California last year amounted to \$17,000,000 in round numbers.

40--CENTS ON THE DOLLAR--40

GREAT BANKRUPT SALE!

LOSS OF LIFE BY THE WISCONSIN CYCLONE.

A PUGILISTIC MEETING IN INDIANA.

AN INFERNAL MACHINE IN A CATHEDRAL.

DISASTROUS FOREST FIRES IN VERMONT.

The Cyclone.

RAVINE, May 21.—Jas. Kapel, living in a house on the lake shore, saw the cyclone coming and started for the house of Mr. Helker to get into a cellar, his wife and child being with him. When about half way there the storm caught them. Mrs. Kapel fell and lost her hold on the child, which was carried rapidly toward the lake. A large Newfoundland dog of Mr. Helker ran and caught the child and held it until the danger was over, thus saving it from being carried into the lake. Mr. Kapel grasped his wife and saved her. The scene among the dead, wounded and dying was painful beyond description. In many instances surviving relatives had lost all semblance of reason. Physicians were not numerous enough to give prompt attention, and numerous bleeding victims were riddled in bullets, while anxious relatives ran in every direction to secure medical aid. There seems to be a disagreement as to the number killed, which is from ten to thirty. Mayor Fish says it is thirteen. Three or four persons are missing, and it is asserted that some were blown into the lake, where the cyclone ended, and of course any such will not be found till they rise to the surface of the water.

THE LOSS OF LIFE IN ILLINOIS. CHICAGO, May 21.—Associated Press advices up to midnight of Saturday compute the loss of life in Illinois by Friday night's storm at from 61 to 63.

The Ring.

CHICAGO, May 21.—Early yesterday morning about 200 members of the sporting fraternity from this city assembled at Hammond, just across the Illinois State line, in Indiana, for the purpose of witnessing a mill between two local bruisers, Thomas Lynch, a brakeman, and James Welch, a boiler maker, who had met once or twice before without settling the question involved. Thirty-nine rounds were fought in one hour. Both men were badly punished, and Lynch was declared the victor. When the party returned to this city the principal seconds and several of the spectators were arrested and held in bonds.

BALTIMORE, May 21.—About eighty survivors of the Fifth Virginia Infantry (of Stonewall Jackson's brigade), accompanied by a number of residents of Augusta and Rockbridge counties, Virginia, passed here last night on their way to Niagara Falls to participate in the twenty-second anniversary of the Twenty-eighth Regiment of New York Volunteers. They have with them the flag they captured from the New York Twenty-eighth at the battle of Cedar Mountain, August 9, 1861, which they will return to the Twenty-eighth.

PITTSBURG, May 21.—The arbitrators selected to settle the railroad and coal miners' strike obtained a license from the Court on Saturday, and both sides pledged themselves to abide by the umpires' decision, and the miners agreed to go to work to-day at the operators' terms—three cents per bushel—pending the umpires' decision. The general belief is that this ends the strike.

DENVER, May 21.—This morning, in the case of William H. Bush, charged by ex-Senator Tabor with embezzling \$21,000, the jury in five minutes returned a verdict of not guilty. Tabor received a terrible scoring from Bush's lawyer.

CLEVELAND, Ohio, May 21.—Julia R-nachere, a beautiful young woman, was married on her dying bed 1st Wednesday to C. W. Symour. On Friday she died. On Sunday she was buried. To-day her body was exhumed by order of the Coroner and an autopsy held. Evidence of abortion was discovered, and Seymour and the midwife, named Sylvia L. Webster, are under arrest, charged with complicity in her death.

NEW YORK, May 21.—The Sons of Liberty, at a meeting yesterday, denounced the Brooklyn bridge authorities for holding a opening ceremony on the Queen's birthday. It was the intention of the meeting to burn the Queen in effigy, but the presence of police prevented such a demonstration.

CASTLEBAR, Ireland, May 21.—The body of a steward named Quinn, who has been missing for four months, was found in the lake near here with a heavy chain around his neck.

NEW YORK, May 21.—Report of the New York Commissioners of Account show that the trade commission through the City Treasury by Carol, a capon clerk, amount to \$170,000.

MONTPELLIER, Vt., May 21.—The most disastrous forest fire that ever occurred in Vermont, started yesterday in the vicinity of Groton. An immense tract was burned over and a large amount of property destroyed. The loss is estimated at \$150,000.

An Atlanta (Ga.) dispatch says Mrs. Dr. R. L. Ly, daughter of the late Senator Hill, jumped from a runaway buggy on Sunday and received injuries that were at first considered fatal. She is now expected to recover.
