HALL'S HAIR RENEWER.

The great popularity of this preparation, after its test of many years, should be an assurance, even to the most skeptical, and it is really marvellous. These who have used HALL'S HAIR RENEWER know that it does all that is claimed.

It causes new growth of hair on bald head—providing the hair follicles are not dead, which is seldom the case; restores natural color to gray or faded hair; prevents the scalp becoming dry and itching; prevents the hair falling out or becoming brittle; causes it to grow long and thick.

HALL'S HAIR RENEWER produces its effects by the healthful influence of its vegetable ingredients, which keep the hair and scalp cool, moist and healthy, and a plentiful supply of blood to the hair, and causes it to grow long and thick.

Buckingham's Eye FOR THE WHISKERS

Colors them brown or black, as desired, and is the best dye, because it is harmless, and produces a permanent natural color, and being a stimulant, prevents the hair from falling out, and is more convenient of application than any other.
