

CONTROLLER HALLOCK.

Although the APPEAL has had many difficulties with Controller Hallock, they were all of a nature which in no way concerns his record as a public officer.

He has become looked upon as a sort of a Treasury watch dog and by reason of his careful scrutiny of the State accounts, has made enemies in some quarters.

He has the confidence of the taxpayers and his re-election is one of the certainties of the campaign.

NEVADA POLITICS.

Mr. C. C. Stevenson, Republican nominee for Governor of Nevada, is a brother of Gov. Stevenson of Idaho. He has been a resident of Gold Hill for a quarter of a century, and made a fortune years ago in the Baltimore American mine on American Flat.

Good-bye Hammer and Drill.

A dynamite gun has been invented in San Francisco for which the owners claim that it is not only a terrible weapon of war, but also that it will revolutionize mining.

From the Raleigh News and Observer: The earthquake at Gold Hill, Rowan county, was a frightful affair, from accounts. The people on top thought that the mines—735 feet deep—were sinking or caving in.

The report that the Storey miners are anti-Stevenson is denied by the miners. Stevenson, since his sojourn on the Comstock, has paid out \$3,000,000 in wages to miners.

Russell & Bradley, the heaviest cattlemen in the State, say they are tired of having it thrown up to them that they have helped to saddle Adams on the State.

Adams already wears a frightened look. He has a man against him this year who will spend two dollars every time Adams spends one.

The main trouble with the Democratic newspapers seems to be that they can't find a single spot where they can hit the Republican ticket. It's stout all through.
