James Harwood, a Texas stockman, was recently lynched for maltreating and branding his wife with an iron used for marking his cattle.

POLITICAL ADVERTISEMENTS.

Advertisements under this head will be inserted for \$2.50, with candidate's cards.

WILLIAM ALPERSON HERBY announces himself as a candidate for COMMITTEE CLERK. Of the House.

GEORGE E. DOBBS HERBY announces himself as a candidate for ASSISTANT SERGEANT-AT-ARMS. Of the Assembly, subject to the decision of the Republican caucus.

WILLIE DOANE ANNOUNCES himself as a candidate for PAGE OF THE SENATE. Subject to the good sense of the Republican caucus.

ISADOR JACOBS HERBY announces himself as a candidate for the office of PAGE OF THE SENATE. Subject to the will of the Republican caucus.

JIMMIE BENTON HERBY announces himself as a candidate for PAGE OF THE SENATE. Subject to the decision of the Republican caucus.

G. T. BURN ANNOUNCES himself as a candidate for PORTER of the Senate.

CLEM BERRY ANNOUNCES himself as a candidate for PORTER OF THE ASSEMBLY. Subject to the Republican caucus.

HOLIDAY PRESENTS.

FOR SUITABLE HOLIDAY Presents call on

G. W. KITZMEYER, Who has been gradually adding to his stock of

Furniture and Bedding, So that he can now offer a fine assortment of Good, New, and Late Style of furniture.

A nice lot of Ladies' & Children's Rockers Will be offered at specially low prices during the holidays. G. W. intends to stay in the business now, and would respectfully ask a share of the public patronage. Call and examine, and judge for yourselves. G. W. Kitzmeyer, Brick Store Corner of Carson and Telegraph streets.

ALL SORTS.

Wizard Oil at Geo. Thaxter's. The ice men fear a short crop this year. Lyon county thinks it needs a poor house of its own. Carson's turkey supply gave out yesterday afternoon. Room to rent within one block of the Capitol. Inquire at this office. You want to note the fine display of Christmas beef at George Hark's. Job Sternberg sold out his entire stock; the result of judicious advertising. There was a tremendous gathering at the Methodist Church last evening at the Christmas tree. Isn't it about time to start a Monument fund to appropriately mark the graves of Powning and Wren? The victims of the rascally stock brokers in Gold Hill are trying to get even by writing poetry at the robbers. The trusty who escaped last week was brought back yesterday. They found him in the woods near Donner Lake. Sweeny, Avery and Bryson announce extra relays of cold turkey and egg-nog today along with turtle soup and roast pig. Jones takes quite an interest in California politics but seems to fight shy of having any opinion of matters in the Sagebrush.

The great question which agitates the Chronicle and Footlight in Virginia City is whether or not Flannagan had a black eye. The editor of the APPEAL has decided not to accept Fair's offer of the management of the Washoe Minstrels. We had rather break broncos at \$2 a head. The attempt to raise a monument for Grant is not a success. When a President is dead and has no offices to give out, he has a hard time getting a monument. LOST.-A suitable reward will be paid by Mrs. H. M. Yerington for the recovery of a gold bracelet set with garnets. Lost between residence and Olcovich's store, Dec. 21. The Ormsby, St. Charles, Arlington, and Sweeny's Restaurant will spread extra Christmas dinners today each house vieing with the other to see which can conduct the leading spread.

Santa Clause did not forget the little ones at the State Orphans' Home. They are among the happiest in Carson; all dressed in their best, received a good armfull and went off smiling. The untidy, dirty appearance of a grizzly beard should never be allowed. Buckingham's Dry for the Whiskers will readily change their color to a brown or black, at discretion, and thus keep up your reputation for neatness and good looks. When ever the Bourbon organs of Nevada have exhausted their meagre vocabulary of abuse on the APPEAL, they expand their mouths a little wider, and accuse us of having once been a Democrat. They naturally expect a man to crawl into his hole when such a charge is made.

Words fail to express my gratitude," says Mr. Selby Carter, of Nashville, Tenn. "for the benefits derived from Aver's Sarsaparilla. Having been afflicted all my life with scrofula, my system seemed saturated with it. It came out in blotches, ulcers, and matter sores all over my body." Mr. Carter states that he was entirely cured by Aver's Sarsaparilla, and since discontinuing its use eight months ago, has had no return of the scrofulous systems.

We wish to thank Mr. Geo. C. Thaxter through your columns for a large lot of fine books for Christmas presents to the children of the Home. Also Mr. Cohn for five boxes of fine apples and a large lot of wools, yarns, zephyrs etc. A. Williams. Supt. Belongs Where He Is. Yesterday Dr. Bishop, Superior tendent of the Insane Asylum, called at the APPEAL office and paid his subscription without having a bill sent.

A man of his marked peculiarities appears to have been located just where he belongs.

Artesian Wells Success.

J. S. Wilson of Loyaltan, one of the pioneer well-borers of Sierra Valley called at the Gazette office this morning. He is very enthusiastic over the revolution that is being brought about in the northern country by the artesian well system. To Mr. Wilson and Walter Ede is due the credit of getting the first machine and making the experiment of obtaining water a success. A year ago last May the first well was bored, and since, the Wilson Company has bored eighty wells ranging from 60 feet to 830 feet deep; each well giving a supply of water from five to 180 gallons per minute, ranging from the ordinary temperature up to 130°. Besides the Wilson Company machine, there were four others in the valley, two of which have gone to operate in other localities. The reporter learned through Mr. Wilson that Walter Ede would soon come to the vicinity of Reno with a machine which he now owns to make some experiments in getting water through artesian wells. -Gazette.

Christmas side.

The local dealers all report active business in this city this Christmas. The stores are all filled with people hunting Christmas gifts. Cagwin & Noteware's, John G. Fox's, George Thaxter's and George Kitzmeyer's are being very extensively patronized. The clothing and dry goods stores are all crowded.

It is all in all a jolly Christmas tide, and money seems to be plenty. A good many little fellows have been up in the mountains gathering Christmas trees and selling them at retail. Even if you don't want a tree, purchase it and put it up in the yard somewhere, to show respect to the good old custom of celebrating Christmas.

Don't stint your purse on presents; buy all the children anything they want. You can't lose anything on such an investment.

Irrigation

The Nevada papers are agitating the question of building reservoirs and canals by State aid, in order to increase the area to be cultivated. That is a subject in which Utah should be as much interested as Nevada, and its opportunities are much greater. There is water enough running to waste in Utah annually to double the present crops if it could but be turned upon the land that waits to receive it. There must be something like 80,000 people engaged in agriculture in this Territory. The number might be easily doubled if the people would but use the means at hand. In this region an inch of water is worth just as much as an acre of land. -Salt Lake Tribune.

A Good Deed, Well Performed.

Last evening, a poor family who were unable to invest in Christmas, heard a noise outside, as if a burglar was about. Going to the door they found a tall Christmas tree standing in front, loaded down with about everything that a family could well wish for, including provisions and good things for the grown folks, and fancy toys for the children.

A number of philanthropic and good hearted ladies of the city had clubbed together and fitted out the tree and had it placed where it would do the most good. The recipients of the gifts haven't the slightest idea where it came from wherein lies the beauty of such things.

The Lottery Question.

Some of the Nevada papers oppose the proposition to license lotteries on the ground that lottery gambling is detrimental to the public morals, and contend that if the law was enforced such gambling could be stopped. We contend that the law on this matter cannot be enforced. If people want lottery tickets they will obtain them if there is not a lottery agent in the State. Lottery gambling is one of those evils which the law cannot suppress as long as there is a lottery in existence. Therefore we say that if there is any benefit to be derived from it the State should have it. -News Reporter.

A Heavy Hog.

Some people think that hogs can not be raised to advantage in Nevada. This is a colossal mistake. Dies & Leonard have a hog in their butcher shop, which dressed, weighs 600 lbs. It was raised in Carson Valley and alfalfa fed.

THE COCAINE HABIT.

The Worst Slavery Known - New Revelations of Power.

Cincinnati Times-Star. When cocaine was discovered the medical world exclaimed "thank heaven!" But useful as it is, it is also dangerous, especially when its use is perverted from the deadening of pain for surgical operations to the stimulation and destruction of the human body. Its first effects are soothing and captivating, but the thralldom is the most horrible slavery known to humanity. J. L. Stephens, M. D., of Lebanon, O., was interviewed by our reporter yesterday at the Grand Hotel, and during the conversation the doctor said: "The cocaine habit is a thousand times worse than the morphine and opium habits, and you would be astonished," he said, "if you knew how frightfully the habit is increasing."

"What are its effects?" "It is the worst constitution wrecker ever known. It ruins the liver and kidneys in half a year, and when this work is done the strongest constitution soon succumbs."

"Do you know of Dr. Underhill's case here in Cincinnati?" "That leading physician who became a victim of the cocaine habit? Yes. His case was a very sad one, but the habit can be cured. I have rescued many a man from a worse condition."

"What, worse than Dr. Underhill's?" "Indeed, sir, far so. Justin M. Hall, A. M., M. D., president of the State Board of Health of Iowa, and a famed practitioner, and Alexander Neil, M. D., professor of surgery in the Columbus Medical College, and president of the Academy of Medicine, a man widely known, Rev. W. P. Clancey, of Indianapolis, Ind., from personal experience in opium eating, etc., can tell you of the kind of success our form of treatment wins, and so can H. C. Wilson, formerly of Cincinnati, who is now associated with me."

"Would you mind letting our readers into the secret of your methods?" "Well, young man, you surely have a good bit of assurance to ask a man to give his business away to the public; but I won't wholly disappoint you. I have treated over 20,000 patients. In common with many eminent physicians, I for years made a close study of the effects of the habits on the system and the organs which they most severely attack. Dr. Hall, Dr. Neil and Mr. Wilson, whom I have mentioned, and hundreds of others equally as expert, made many similar experiments on their own behalf. We each found that these drugs worked most destructively in the kidneys and liver; in fact, finally destroyed them. It was then apparent that no cure could be effected until those organs could be restored to health. We recently exhausted the entire range of medical science, experimenting with all known remedies for these organs, and as the result of these close investigations we all substantially agreed, through following different lines of inquiry, that the most reliable scientific preparation was Warner's safe cure. This was the second point in the discovery. The third was our own private form of treatment, which, of course, we do not divulge to the public. Every case that we have treated first with Warner's safe cure, then with our own private treatment, and followed up again with Warner's safe cure for a few weeks, has been successful. These habits can't be cured without using it, because the habit is nourished and sustained in the liver and kidneys. The habit can be kept up in moderation, however, if free use be also made, at the same time, of that great remedy."

"Yes, it is a world famed and justly celebrated specific. Like many other physicians, I used to deride the claims made for it, but I know now for a fact that it is the world's greatest blessing, having sovereign power over hitherto incurable diseases of the kidneys and liver, and when I have said that, young man, I have said nearly everything, for most diseases originate in, or are aggravated by, a depraved condition of the kidneys."

"People do not realize this, because, singular as it may seem, the kidneys may be in a very advanced stage of decomposition, and yet, owing to the fact that there are but a few nerves of sensation in them, the subject will not experience much pain therein. On this account thousands of people die every year of kidney disease unknowingly. They have so-called disorders of the head, of the heart and lungs and stomach, and treat them in vain, for the real cause of their misery is deranged kidneys, and if they were restored to health the other disorders would soon disappear."

Dr. Stephens's experience, that can be confirmed by many thousands whom he has treated, adds only more emphasis to the experience of many hundreds of thousands all over the world, that the remedy he refers to is without any doubt the most beneficial discovery ever given to humanity."

"What is it good for?" "TARRANT'S EFFERVESCENT SELTZER APERIENT. Cures Constipation, Sick Headache and Biliousness. It promotes the Appetite, and invigorates the stomach, to which it imparts tone and vigor, and enables the digestive organs to perform their functions with ease and expedition. It is pleasant to the taste, portable in form, and gives immediate relief in all ordinary ailments arising from a disordered stomach or constipated habit. Take no medicine, but demand the genuine Tarrant's Effervescent Seltzer Aperient, which can be found in every well-regulated drug store."

Blumenthal & Cohn are sole agents for the Merced Woolen Mills Blanket

86 NEW SONS ONCE AGAIN WE INVITE THE PUBLIC TO CALL AT OUR HEMPORIUM AND INSPECT THE NUMEROUS ARTICLES THAT WE HAVE JUST RECEIVED, SUITABLE FOR HOLIDAY PRESENTS OUR NECKTIE AND SCARF DISPLAY IS UNSURPASSED! SILK HANDKERCHIEFS IN ABUNDANCE. Suspenders of the Latest and Neatest Patterns. AT
