THE BEST BEER THAT MONEY CAN PRODUCE. EVERYTHING FIRST-CLASS. -AT- Bismarck Hall, Opposite Olcovich Bros. WM. BEKER, Proprietor. Call and see the new place. febltr

THE CITY ELECTION.

Programme of the Australia-Cannuck-Boodie Gang.

The Australia-Cannuck-Boodie gang met last evening and arranged a plan for carrying the coming city election.

On the Sunday prior to the great day the Boodlers' Union, a political protective association, is to ascertain who are the honest voters registered, and a secret committee will then be appointed to go round and assassinate all people who are liable to vote the anti-Boodie ticket.

Sam Wright has already received a contract from the Ring Board to bury the lot at 50 cents a head. The refusal of the Board to let the burial out at competitive bidding shows how the hard earnings of the taxpayers are being turned into the channels of rapacity and greed.

A Committee on Dynamite was appointed to blow up the houses of all Mugwumps. Persons finding a red cross marked in blood on their doors are expected to order their funeral outfits and ascension robes.

The Carson Guards will surround the polls and allow no one to vote who does not show his ticket. No ticket genuine unless the monogram of the Australia-Cannuck-Boodie outfit is stamped on the back in red letters.

Ballots not stamped in this way will not be counted.

The military are ordered to shoot dead all who do not vote the Boodie ticket straight.

Several hundred blank pardons are already signed by the Governor and can be filled out at a moment's notice.

In case a single Mugwump ticket is voted the Committee on elections are instructed to tear down the building where the voting is done and murder the spectators.

Several disbursing agents will be in each ward with barrels of money to influence voters. The Judges of Election are instructed to pay \$10 to all who vote the Boodie ticket.

Repeaters will be paid \$200 a day and no questions asked, as the Ring is determined to win or die. If the Boodie gang are beaten they propose to set fire to the town and murder all the inhabitants over 18 years of age, putting the balance on a Reservation near Walker Lake.

Filing it too thick.

A few days ago there was a small civil suit tried before the Justice of Peace Switch, the same man who declared the anti-trait law unconstitutional. It is always customary in such cases to have the winner of the suit pay the fees. The plaintiff a big raw boned rancher was called on to pay the jury of six, two dollars apiece. He immediately stood up in Court and queried: 'Pay the jury twelve dollars?'

'Yes,' replied the Court. 'Look a here Judge, 'aint this sorter piling it on thick? I just paid four of them fellers \$20 apiece. Do they want the earth, Sammer followed?'

The dead silence in the room was broken by a slight snicker from defendant's attorney and then the spectators went outside to snort. The sheriff called everybody to order and the jury filed out without asking for fees.

Senator Jones' Suietown Mine.

A California exchange says: J. P. Jones, the Nevada Senator, owns one of the best mines near Suietown, on Clear Creek, in this State. It is patented, and he has owned it for the past 20 years, and will neither sell, lease or work it. There is a shaft on it 150 feet deep. The last ore worked nearly 20 years ago, yielded \$60 to the ton. He has recently ordered the old tunnel to be cleaned out. Last week this work was completed and the vein at the other end of the tunnel exposed, from which samples of the ore were sent to the Senator. The ore is 'perfectly lousy' with free gold. The fact that he has had the tunnel cleaned out indicates that the Senator intends to reopen the mine shortly.

St. Charles Hotel Arrivals.

- J. B. Murphy, wife child, Genoa. G. B. Waldo, Mason Valley. T. P. Larkin, Markleville. John Armstrong, Markleville. W. R. Cameron, Bodie. DEPARTURES. Mrs. M. J. Seiva. Mrs. Movera. John Richards.

A good many people who invested in the \$400 an acre melon patches of California are now trying to sell at a discount.

A BAD NAME FOR CARSON.

How Irresponsible Lying Gives the Town a Black Eye.

A lady in this city yesterday handed the editor of the APPEAL a letter from a relative in Ohio, which shows how a town can be given a bad name abroad by any thoughtless person who chooses to malign it.

The following will suffice: 'Mr. --- and his family were talking of moving to Carson City to locate but at last decided on Reno. He received a Carson newspaper the other day which told how the whole city was in the hands of unscrupulous thieves and that a ring existed there to rob everybody.

With such bad accounts of the place I could not blame him for seeking a better locality. If I were you I would very soon get out of such a place.'

It seems a pity that the town should be so industriously lied about, as to give it such a name. Such reports only keep Carson City in the background as it has been kept in the background for years.

A man who has nothing to do but malign his own abiding place, had better hunt some other locality, more favorable to the peculiarities of his temperament.

ALL SORTS.

-Another storm is brewing. -Coal has been discovered in the Alta mine.

-The children are training for the school exhibition.

-Fisher & Decker will inaugurate a Bock Beer carnival to day.

-Some of the pressed pine from the Con. Virginia mine is on exhibition at Dempsey's saloon.

-Now is the time to put in your supply of garden seeds and Thaxter's is the place to buy them.

-The jury in the Call-Chronicle libel case are in a tight place; the lawyers have begun to read Bulletin editorials to them.

-The Mugs are skirmishing round to make up the balance of the City Trustee ticket. The head of the ticket is made up but there it stops.

-The contract for furnishing 1,000 feet of iron pipe to bring water from the reservoir to the Capitol has been let to E. B. Rail.

-The verdict in the Hall and Phillips case was not rendered until yesterday. Miss Hall gets her clothes on paying \$22 and the jury fees.

-Simmons, who has been charged with the burning of the Hotel De Monte, has been held to answer before the Superior Court, with bail fixed at \$25,000.

-Mr. Richards, of Virginia, has gone to Cohn's ranch to purchase mules for freighting. He reports times better in Virginia than they have been for years.

-On a farm in Newberry County S. C. two stout negroes can be seen drawing a plow guided by a negro. These people have rented the land, but have no working animal.

-No news of late from the Government building. Mr. Ryland wrote to Washington recently that the fence was in good condition and would last some time yet.

-The police Courts of Brooklyn are now fine people \$200 who jump from the Brooklyn Bridge. This will probably put a stop to the fool-hardy pastime.

-The Queen of the Sandwich Islands passed Reno day before yesterday. Powning tried to swap her a Reno lot in his addition, for a 140 acre sugar plantation. The Queen fought shy of the proposition.

-Who wouldn't be a sand lot agitator? Dennis Kearney has been appointed agent in San Francisco for the Red Star line of Atlantic steamers, plying between Antwerp, New York and Philadelphia, and also of the American line plying between Philadelphia, Liverpool, Queenstown and Scandinavian ports.

-When thieves fall out, honest people get their dues. The California sugar ring has just been broken. For years Californians have been obliged to pay from one to four cents per pound more for sugar that was shipped through San Francisco to the East, than New Yorkers have to pay for the same article. The thieves have fallen out now, and we can afford to put a few more grains of sugar in our coffee than usual.

The Two Million-Acre Grant.

The following proclamation has been issued by Surveyor-General Jones:

STATE OF NEVADA - LAND DEPT. Carson City April 28, 1887. Notice is hereby given that under an Act of Congress of June 16, 1880, granting the State of Nevada 2,000,000 acres of land in lieu of the Sixteenth and Thirty-sixth Sections, relinquished to the United States, the State has yet 1,100,000 acres to dispose of, and applications will be received at the State Land Office for any non-mineral land in the State not otherwise disposed of.

These lands will be selected upon the application of any citizen of the United States, or anyone who has declared his intention to become such, and sold under the existing laws of the State, the regulations of the Honorable Board of Regents of the State University, and the rules of this Department.

Lands selected under this grant will be sold in tracts of from 40 to 640 acres at \$1.25 per acre, whether within or without the limits of the C. P. R. R. Grant.

Easy terms of payment are given. Twenty-five cents per acre must be paid at the time of application; the remaining one dollar per acre may be paid at any time within twenty-five years from the date of contract. Interest at the low rate of six per cent. must be paid annually on deferred payments.

Timber Lands must be paid for in full at time of application. No applications will be received for unsurveyed lands, nor until the official plats have been filed in this office.

J. E. JONES, Surveyor-General and Ex-Officio State Land Register.

The Composition of Hand Grenades.

The public has often wondered what there was in 'hand grenades' to extinguish flame so suddenly and completely. A recent analysis shows Hayward's fire grenade to contain one fourth chloride of lime, chloride of magnesium about one ounce, with smaller quantities of salt bromide of potash and chloride of barium. The Harden contains a solution of common salt and chloride of ammonium, while the new Schonberg grenade contains merely a solution of salt and carbonate of soda. The cost of materials is about six, ten and two mills for the respective grenades.

H. G. May & Co.

The undersigned will supply families with produce and fruits as follows, delivered at Sacramento:

- Peas.....26-cs
Asparagus.....5-cs
Rhubarb.....5-cs
Artichokes.....4-cs
New Potatoes.....4-cs
Lettuce.....15-cs doz
Green Onions.....15-cs doz
Nice Oranges.....2-cs doz
Bananas.....50-cs doz
Strawberries.....15-cs pound

Send them a trial order for one dollar. H. G. MAY, & Co., Box 437, Sacramento. a231w

The Carpet Question.

ED APPEAL: - I have read your article and interviews on State supplies. I have to say that if the State will let such matters out to bidders and specify what goods or brands it wants, it will never be placed at a disadvantage by anybody. When it lets out a bid for body Brussels it leaves the door wide open for bids ranging from \$1.25 a yard to \$2.60. Specify the grade wanted and if it does not get the grade the bid calls for, it has its own recourse.

A CARPET DEALER.

Good Way to Plant Slips. C. A. Richards placed cuttings of the locust, poplar and cottonwood species in bottles containing water about a week ago and they have already thrown out roots and buds. He will place soil in the bottles in a few days till all the water is absorbed and then break the bottles and place the slips in the ground without disturbing the dirt around the roots. It is very seldom that the slips fail to grow and he has planted almost all his trees in that way.-Reveille.

Old Duggett is talking of going to the Sandwich Islands again to play short cards with his Majesty, and will say after a slight alteration of Shakespeare: The play's the thing, To catch the pedro and the King. -Wizard Oil at Geo. Thaxter's.

Can it be Possible? We Say Yes!

If You Don't Believe it, Come and Convince Yourself.

- WE HAVE 450 SPRING AND SUMMER SUITS. 250 DRESS SUITS. 200 BOYS' SUITS.

1000 BOYS' AND MEN'S STRAW HATS, And Other Goods, too Numerous to Mention.

We Must Dispose of them in 60 Days, so have Put Prices Down to Bed Rock.
