THE HARMONICA PLAYERS.

One of the Band Tells of His Success.

"I tell you what, boys, the harmonica's goin' to be the boss musical instrument in the West from this on."

The speaker was a small boy addressing a crowd in a corner grocery. He had appeared before an enthusiastic Carson audience the night before and was telling of the exploit.

"There was nine of us on the stage all at once, and the minute we struck a chord you could hear a pin drop."

"Some guitars too, wasn't they?" asked a listener.

"Yes; six harmonicas and three guitars. The guitars did the heavy bass work, and we led and flourished up and down the treble register with the trills. The music was the clean thing rolled in sand, I tell ye."

"Git applauded?"

"Eh? Applauded! It just pulled down the house, I'm tellin' you. I saw a woman in the front row split her kids wide open applaudin'."

"Goin' to travel?"

"We may organize a company and go on the road if the Transcontinental Bill is repealed by Congress. We've already talked to Bill Stewart about havin' it repealed. If the clause about theatrical people is hauled off for a spell we take the road. Just now however, we'll run up and down the V. & T. to get the people accustomed—I mean educate the people up to our style of playin'."

PACIFIC COAST ITEMS.

—Callanan, who murdered Ferris at San Bernardino, has received a life sentence.

—Phil Richards, the Nevada City private banker, who was blinded by unknown assailants last month, refuses to say who committed the deed.

—Marion Todd, a young married man with an excellent reputation, has been arrested at Ukiah for the robbery of the Little Lake stage about two years ago.

—The suit of D. C. Clanton vs. The Woodland Democrat and Yolo Mail for \$25,000 damages has been transferred by change of venue to Yolo county.

—The Atchison, Topeka and Santa Fe and the Southern Pacific have issued new freight rates on East-bound freight to Los Angeles 20 to 30 per cent. lower than previous rates.

—Fifty-seven hundred dollars were raised in Ukiah in about three hours Monday and sent to Cloverdale to pay for the right-of-way for the Cloverdale and Ukiah Railroad out of Sonoma county.

—J. E. Dixon, the proprietor of the Russ House at Tucson, A. T., has been lost on the road from Arivaca, whither he had gone and was returning. Trailers have started from the place where Dixon had left the road.

—Richard Hull, at Ozden, while drunk, loaded an old-fashioned pistol, and while putting a cap on one of the tubes a charge was exploded killing his 10-year-old stepson, who was watching him, and wounding himself in the calf of the leg.

—George W. Tyler attempted to make a speech before Judge Pressley at Santa Rosa Monday in a divorce case notwithstanding his disbarment, and continued to talk until peremptorily ordered to take his seat. He will appear Monday to show cause why he should not be fined for contempt.

—Wm. Hansen, a Dane, living down the coast from Monterey about thirty miles, has been shot by parties it is supposed, who desired to obtain possession of the claim upon which he is living. He is unable to speak, but can write, only in the Danish language, and the arrival of his sister will throw some light on the attempted murder.

LOCAL MINING NEWS.

Stray Bits of Information From Along the Big Ledge.

Sol Frankel having completed the upraise on C. Street is now summering in Germany.

John Mackay's boiler is now beyond the reach of danger and the core gives high assays.

Bob Keating has returned from the Springs and his lower levels are in a better condition.

There is talk of plugging Warren Sheridan up with the Carbonic Gas machine in the hopes of extinguishing the alcoholic fires now raging in the neighborhood of the main shaft.

Levy made a heavy bullion deposit at the Washoe Club a few nights ago the other party holding a straight flush. The Janitor had to play the hose on him.

Sam Jones talks of erecting a house on the 1200 level of Crown Point so as to be on hand at any moment ready to board up a strike.

John Kelly is again in Bodie and the stockholders of the various mines are re-organizing the old Protective Association known as the 601.

One of the men employed to watch the Combination pump, fell asleep the other day and the machine ran so fast that the lower levels came very near being pumped dry. He was promptly fired and a more wide awake man put in his place.

The Secretaries of the various mining companies at the Bay have organized a union and raised the divy on all newspaper advertisements for delinquent sales, to 75 per cent, half down and the balance when the publisher settles with the Company.

They have asked the foundry men to fall in line.

The Asylum Matter.

The Reno Journal which was the only paper in the State which published the charges against Dr. Bishop, prints the following.

The investigation of the charges preferred against Dr. Bishop by Wm. Thompson will be commenced today before the Board of Commissioners, consisting of Governor Stevenson, Controller Hallock and Treasurer Tully. The care of the insane is the most sacred of duties, and no personal feeling should interfere with a calm and searching inquiry into all the details of the asylum management. Undoubtedly many of these charges have been embellished to a highly sensational degree, and founded upon the most frivolous information. The Journal is satisfied that many of them will seem ridiculous after they have been explained. The gist of the entire matter is the application of the battery as a means of punishment. If Supt. Bishop has been guilty of such punishment he has forfeited all claim to public or private sympathy, and should himself be punished. But as the Journal has known of his character there has never been cause to believe other, than that he was of a kindly and sympathetic nature, incapable of injuring an insect, much less brutal to inoffensive insane humanity. The Doctor most emphatically denies that he has ever used the battery as a means of punishment. There is no question but that the application of electricity is beneficial, and high authority endorses its frequent use with the insane. Dr. Bishop declares he has not been severe with it, and might have produced better results had he applied it more frequently. The Commissioners should fairly and fully probe the questions presented, an reader and impartial verdict.
