AS TO CORNERING SILVER.

The London World suggests that had the Chicago wheat bulls put up a fraction of the money in cornering silver and lifting the London price of it, that they actually put up in cornering wheat they would have affected their object of lifting the wheat price, far more effectually, while incurring far less risk. There is meat in the suggestion says the San Francisco Examiner; and when the silver depositee certificates of Mr. Jordan get into free working order in New York, some pretty operations may ensue. These would not affect the World's prices for wheat alone, but of many other staples and for the time being the India exchanges and India trade would be disorganized. A very moderate sum of money (as sums are accounted in these days) would suffice under ordinary circumstances to lift the price of silver on London 4d to 6d an ounce—say 10 to 20 per cent. The only reason that it has not been undertaken is because no one has had an interest in undertaking it. But the day that Mr. Armour or any other of the great operators shall find his account in advancing the value of an Indian product, the least part of his difficulty will be in finding the money sufficient to put up the price of silver and along with it, the Indian exchanges. The minimum price at which any commodity is sold is the cost of producing it at the place of cheapest production. In regard to wheat, this place at present appears to be India. If Indian wheat can be sold in London at 30 shillings, (and nothing under), with silver at 41 pence the ounce standard, then with silver at 48 1/2 pence, the wheat cannot be sold under 33 shillings. Now the minimum price for the cheapest wheat is the starting point from which simultaneous value for other wheat will ordinarily be rated, and the point from which their prices will range. The World quite truly says: "Very little buying would have greatly affected the silver market here, and there would have been no necessity for incurring all the heavy charges attendant upon locking up in Chicago warehouses, so large a quantity of wheat." The Americans, in the opinion of this authority laid violent hands on the wrong end of the stick, and will be found wide awake enough the next time they undertake anything of the sort, to get hold of it by the right end.—Sentinel

PACIFIC COAST ITEMS.

The trial of Hong Dy for the murder of Mrs. Billou was commenced at Colusa yesterday. Los Angeles is contending with crooks, gamblers, confidence men and burglars. Koss and Buoy, the desperate train-wreckers, escaped from the Albuquerque, N. M., Jail Thursday night. A petition is being circulated at Marysville to put all the prisoners in the County Jail at work on the streets. The Sunset telephone line has been extended from Napa to St. Helena. The line is being extended to Calistoga. Herman Lassen attempted to wreck a Northern Pacific express train near Helena, M. T., and was arrested Sunday. Edwin Seavey, a native of Buffalo, N. Y., committed suicide near Malaga, Fresno county Thursday, by blowing out his brains. Fire-crackers set fire to and destroyed the barn of H. W. Robinson at Riverside on Thursday night. Four horses were lost in the building. An ice manufactory has been started at St. Helena, and which expects to be supplying ice to the people of Napa county in one month from date. The Sutter county high license has gone into effect. There remains only three saloons in Sutter county, two of which are in Yuba City and the other at Live Oak. A Tremendous water spout rushed down the Santa Rita Mountains last Monday and swept everything before it. At the Vail ranch 200 head of cattle were lost. The railroad track at Panaca, A. T., was overflowed.

AN OPEN LETTER.

SANTA CRUZ, Cal., June 3, 1887. Dr. Prentice, 625 Sutter street, San Francisco—My Dear Doctor: Please allow me to congratulate you (as well as myself) on the success of your treatment in my case. As I told you when we first met, two months ago, I had suffered untold agony for 21 years with the piles, often being unable to perform any manual labor for weeks at a time, being compelled to resort to morphine to subvert the pain. I felt as if I were a burden and hardly worth living, the constant pain and irritation driving me nearly crazy, after trying many remedies without any permanent relief. I happened to see one of your advertisements and concluded to try once more, and thank the good Lord and Dr. Prentice, I am now a well man and again life seems worth living. I should be glad if some of my suffering friends of Norwalk, Florida, and Scotchgan Maine, could be treated by you. Yours with great gratitude, ROBERT WILLIAMS. P. S.—At present I can be found at Spaulding's saw Works, 17 and 19 Fremont street, San Francisco

DEAFNESS.

To those suffering with Deafness; 185 liberated souls have been able to hear the voices of their fellow men.
