ALL WANTS.

—Yesterday was like a day in May.

—For cold feet, get a Hot Water Bag at Thaxter's.

—Senator Stewart has introduced an anti-Mormon bill.

—A. S. Langley of Eureka, was commissioned as a notary yesterday.

—The Supreme Court has decided that Maxwell, the murderer of Preller, must hang.

—Captain A. W. Pray and family have moved from Glenbrook to their Carson home for the remainder of the winter.

—The water in the Carson river is increasing so rapidly that all the mills, including the Brunswick, will soon be in operation.

—Now that an Indiana woman is trying to reform the State officers, it is hoped that the county officials will not be overlooked.

—Judge Rising opened Court Tuesday and attended to certain probate matters, nothing of a criminal character being on the docket.

—Senator Harris of Genoa, has taken a hand in the barley war, and is now throwing barley at the market in Genoa for 1.25 a hundred.

—U. S. Deputy Surveyor H. H. Bence is in winter quarters with his surveying party at Ragtown in Churchill county. The weather is too cold for operations in the field.

—Ayer's Pills cure constipation, improve the appetite, promote digestion, restore healthy action and regulate every function. This medicine is pleasant to take and gentle in its operation. See article in Ayer's Almanac.

—The preliminary examination of Max Grosman will come up before Justice Witherell tomorrow at two o'clock. Mr. Grosman's lawyers are well fortified with evidence and anxious for a chance to vindicate the client.

—The Elko Independent says: The effects of the recent severe cold on stock is becoming apparent. We learn that in Pine Valley 19 horses in a band of 23 perished, and on South Fork 24 cattle out of 29 froze to death last Sunday night.

—Mrs. Mary Gallaghers, of South Bethlehem, Pa., is one hundred and four years old, and recently danced a jig to the music of a violin. She belongs to the famous family of the L. H. G. Gallaghers, and is an aunt of State Senator Gallagher.

—Ayer's Sarsaparilla is prescribed and recommended by eminent physicians, and is taken with perfect safety by old and young. Its cleansing and vitalizing effects are sure and speedy, and it is universally conceded to be the most effective of all blood purifiers.

—G. W. Hazard, of the G. A. R., who was donated \$40 by the County Commissioners of Storey a short time ago to aid him in reaching the Veterans' Home in Kansas City, Mo., played the same game on Corinth Post at Yuba City, Cal., and has been arrested as an impostor.

—In the item relative to the proposed banquet to Commander Saloman by Custer Post, the APPEAL neglected to state that the Ladies' Relief Corps of Reno and Carson had been invited to participate, and that the members of those organizations would be permitted to each invite one friend.

—Mrs. Read and the little daughter of John D. Winters are getting on as well as could be expected from their severe injuries caused by the explosion of the steam chest of the cooking range at their Franktown residence. They have suffered very much from their hurts. The little girl was badly scalded, and her injuries are more complicated than those of Mrs. Read. Her recovery will accordingly be much more slow.—Reno Journal

A Flucky Witness.

Frank Sallady, a poor man who lives in Mendocino Co., Cal., was offered \$200 to testify that he saw a man climb into the window of Mrs. Frankie White at two in the morning. The testimony was wanted in a divorce suit. Sallady refused, as he had never seen such a thing, and when the trial came off walked to San Francisco and swam Eel river to expose the villainy of the prosecution.

A RELIGIOUS CHARGE.

She Warns the State Officials from the Wrath to Come.

The following letter was received the other day at the Capitol building, addressed to the Governor and State officers:

LAWRENCEBURG, Ind., Jan. 13.

DEAR READERS:—God will warn you to let you know his will. You must pray to Jesus for the forgiveness of your sins, and for the Holy Ghost. If you belong to a lodge you must avoid that and take the sacrament and get baptized if you are not. In Revelation, chapter fourteen, verse eleven, is the trial for men who belong to a lodge. And the smoke of their torment ascendeth up for ever, and they have no rest day nor night who worship the beast and his image, whose ever receiveth the mark of his name. Psalms, chapter eleven, verse six: Upon the wicked he shall rain snares, fire and brimstone; this shall be the portion of their cup. Second Peter, chapter three, verse ten: But the day of the Lord will come as a thief in the night in the which the heavens shall pass away with a great noise and the elements shall melt with fervent heat, the earth also, and all the works that are therein shall be burned up. Revelation, chapter twenty-one, verse twenty-one: And the twelve gates were twelve pearls, every several gate was of one pearl, and the street of the city was pure gold as it were transparent glass. If you repent you will reach this place; if not you will be lost forever. I was a child of the devil, but Jesus came and drove the devil out of my heart and gave me the Holy Ghost. I first learned of the State officers of Nevada by reading the papers, and I wrote this because I wish to save you to Jesus. I have written similar letters to officers of other States, and saved a good many who never knew Jesus until through me. When you feel like corresponding with a good woman write me in confidence. After reading this please give this to your minister to read to your congregation.

Yours truly,
 CHRISTINA SNYDER.

Belonging a Desert.

H. M. Yerrington, President of the Carson & Colorado Railroad, and his associates, D. O. Mills, Nicholas Luning and other capitalists, have just concluded an arrangement with Professor Thomas M. Chatard of the United States Geological Survey, to take charge of their soda works at Owens Lake, Mono County.

Mr. Chatard was sent last Summer by the Government to examine soda deposits throughout the West, as he was considered a leading authority on this and similar questions. He has been induced by this syndicate to resign his position under the Government, and will leave for the West on the 1st of March.

The scheme of the capitalists is one of the most stupendous ever undertaken in the West. They propose diverting the waters of Owens river, allowing the lake to dry out, and carrying the waters beyond the lake into Death Valley, thus making a garden of the most desolate wilderness of the West, and opening thousands of acres for settlement.

They then propose to extend the Carson and Colorado Narrow Gauge Railroad to a connection with the Atlantic and Pacific, in this manner making a very profitable railroad out of the C. & C.

A SOUTHERN FLUD.

The War of Extermination Between the McCoys and Hatfields.

CHICAGO, Jan. 21.—A special from Cattlesburg, Ky., says: The war of extermination between the Hatfields and McCoys is still going on in the wilds of West Virginia. Saturday a party numbering twenty overtook the Hatfield gang near Captain Hatfields house. During the fight which ensued Bud McCoy of the pursuing party was dangerously wounded, and Will Dempsey of the Hatfield gang was killed. The capturing party, which now numbers forty, is still in pursuit.

The excitement throughout Pike county is increasing daily, as the Hatfields have warned the people that they propose to kill them and burn their property. They have sent word that they intend to burn Pikeville and extricate their six comrades now in jail there. The jail is strongly guarded day and night.

Foolish Waiters.

Four or five bakers had a row with their employers a few weeks ago, and asked the Cooks and Waiters' Union to help them.

About 2,000 cooks and waiters quit work, and after being out of employment a couple of weeks and losing their wages, are now begging to be taken back. The proprietors of the restaurants refuse to take them saying that they do not want the men who, while getting good pay, rush off to take a hand in every strike that comes along. Now, who has been benefited?

Concluded to Stay a While.

Yesterday Dr. Harmon placed a half column advertisement in the APPEAL, concluding to stay for one more day. At noon he took time to rush in and remark that he did not know when he would leave, as the advertisement had piled such a rush of custom on him that he hardly had time to eat. In all his travels through the country he says he never saw such quick response to advertising as he found when making an announcement in the APPEAL.

The Rarest of Combinations.

The delicacy of flavor with the efficacy of action has been attained in the famous California liquid of Figs. Its pleasant taste and beneficial effects have rendered it immensely popular. It cleanses the System, cures Costiveness, etc. For sale by George C. Thaxter, agent.

Vim.

Seats are going rapidly for Vim, and the house promises to be a very large one. Neil Burgess is the attraction, and those who want to put in three hours of solid fun will get their fill here.

—Joseph Pulitzer, editor of the New York World, arrived at Los Angeles from the East by the Southern Pacific train yesterday. It is his intention to remain some weeks at Pasadena, taking trips through the adjoining country.
