BASE BALL IN ENGLAND.

The base ball players have not been able to teach the stolid Brit- ishers anything about base ball. The London Truth says: The batsman did not hit the ball more than once in four five tries; when he did hit a ball he rarely got farther than the second base, and then ensued a vast lot of tom- foolery, the man at the base pre- tending to run and the man with the ball throwing it to the baseman, and so forth. This was repeated ad nauseam.

I am told that the great art in the game is in the "pitcher," i. e., in throwing the ball at the batsman, and the Daily Telegraph gravely informs its readers that "without touching the ground, and in mid air, the ball is made to spin and twist so that when close to the base plate it describes a sharp angle up or down, to right or left." The pitcher throws from a "box," fifty feet distant from the base plate where the batsman stands, and we are therefore asked to be- lieve that he can throw a ball for forty feet perfectly straight and then make it turn at will like a boomerang! Of course there are good pitchers and bad ones, but to ask any man who has ever played cricket to believe such a yarn as this is to tax credulity somewhat too far.

Ney's teams from Carson ought to arrive to-day or to-morrow. It is urgently necessary that they should, for the camp is enduring the horrors of a whiskey famine, thirsty Resurrectionists having sucked up nearly everything that will make drunk come. The folks here will be strictly temperate until another barrel is tapped, meanwhile pepper-sauce and Ja- maica ginger are in demand, for the Mill Creek millionaire must have some sort of a teaser going down his throat.—Homer Index.

A story is afloat that in the Southern part of this State a scheme is being planned to seize upon Lower California, declare it a republic, and then offer it as a State to the American Union. It is said that bands of men are now being enrolled for this filibustering enterprise, and that it is backed by a secret organization entitled "The Golden Field." The "Order" is said to have a large membership, and expects to march 1,500 armed men over the border inside of six months.—Grass Valley Tidings.

Warren J. Sheridan has just re- turned to San Francisco from Lower California gold fields. The Post says: "Mr. Sheridan's opinion of the district could only be expressed in a prolonged series of blanks and dashes. His ex- periences were rough, and he re- turns to San Francisco fully con- vinced that a Comstock boom taken in from the safe distance of Pine street will content him for the balance of life."

President Harrison is reported to have said in answer to a request for his opinion of the eight hour movement: I am in favor of any- thing that will conduce to the interests of the laboring classes, and as I believe that eight hours a day would give employment to many now idle, it would seem to be desirable that a full and free discussion of the subject should be had.

The thief who distinguished him- self the other day by forcing a Den- ver Bank President to turn over \$21,000 at the point of a revolver probably got his nerve in shape as a sleeping car porter on the C. P. R. R.

"The Kansas farmer who wants to go Oklahoma," says a local pa- per, "is the man who uses his \$200 harvester for a hen roost."

The Southern California Athletic Club have offered Kilrain & Sul- livan \$10,000 to fight under their auspices.

The Oklahoma boomers started for the promised land to-day.

TRIUMPH.

PEDIGREE.

Triumph by Prompter, Prompter by Wilson's Blue Bull, the sire of more horses with records from 2 15 to 2 30 than any horse that ever lived. McL. E. Clement, Secretary of the Missouri Trotting and Racing Horse Breeder Association is writing to Dr. Hicks, of Sacramento, owner of Prompter, says that he would rather breed to Prompter than any Stallion that is alive to-day. Triumph's dam is the celebrated St. Clair mare, Lady Brighton, owned by Mr. M. Toomy of Sacra- mento. His dam is now over 20 years old and can trot in 2 40 any day in the week. Senator Stanford in his catalogue of 1887 was breeding to 26 St. Clair brood mares and the most of his horses that have made the best records for 2 3 and year-olds are out of St. Clair mares, namely: Fred Crocker dam by St. Clair, two year old record 2 23 1/2; Bonito, dam by St. Clair, 2 year old record 2 21 1/2, 3 year old record 2 18 1/2; Manzanita, dam by St. Clair, 4 year old record 2 16 fastest on record.

I have got 400 acres of pasture land enclosed and mares sent in care of me on the cars will be taken to the Ranch and bred and good care taken of them. Pas- ture, Two dollars per month, or will keep them up for \$30 per month as I have over 100 fine box stalls. Accidents and escapes at owner's risk. There is a fine race track on the Ranch and I will take horses to train or colts to break at reason- able rates. I also have a few Gibraltar colts to sell. If you want a good colt I can sell you one cheap. Positively no shooting allowed on the premises.
