It is oval shape, about 18 inches long and a foot wide, and has the appearance of having been hollowed out by artificial means. It was plowed up at Gardner's a few days ago. It is lava rock formation, and was probably used by Indians years ago to grind acorns on. There is a big circus headed this way with five rings and ten tents. Johnson Sides on Polygamy. Yesterday afternoon Johnson Sides, the Indian interpreter was engaged in stuffing a band of braves in front of the County Building, when Pat Corbett of the prison, and Jim Moore, U.S. Marshall stopped very near old Johnson and opened a discussion on polygamy. Corbett held that the whole thing was a ridiculous piece of business and was a blot on the American nation. Moore was about to agree when Johnson stepped up and said: "What's matter you fellows?" "Why, Sides we want to know what you think about Mormons," replied Corbett; "A smile of satisfaction passed over the Indian's face as he remarked. "Well you see gentlemen, I used to run a gang something like Brigham Young did and what's matter with me having few dozen wives. Oh, you make mistake gentlemen, Mormon's all right."

Joe Buck Acquitted.—The jury in the Indian case went out at 2:30 P. M. yesterday and returned with a verdict of acquittal shortly after 5. Little trouble was found in arriving at a conclusion, and hilarity occasioned by the announcement of the verdict to the Indians was something marvelous. It was the general impression about town that the jury would find him guilty and he would receive a light sentence, simply for the purpose of impressing upon the Indians the serious consequences of taking the law in their own hands. The other Indians the Reservation say that the whole will be explained to the various tribes, and that in the future nothing of the kind will occur. Judge Edwards was counsel for the defendant, and made a strong fig for his client. RUBICON SPRINGS.—The new stage line will be in running order by the 15th to run between Bellevue and Rubicon. Furlong in Trouble. The Examiner of Wednesday morning has the following: William Holmes and Charles Steele were last night arrested on charges of grand larceny on complaint of John Furlong, a recent arrival from Carson City. The arrests grew out of a foot race which was run over the Bay District track last Tuesday afternoon. It was a dash of one hundred yards between E. T. Dobbins a sagebrush sprinter, and W. E. Ross, a footracer from Watsonville. Seven hundred dollars was staked on the event, with Furlong backing Dobbins, while Holmes put up the lucre for Ross. Dobbins was engineering the scheme and had arranged with Ross for the latter to lose. Holmes learned that he was to be played for the dupe and defeated the scheme by cultivating Ross and offering him inducements for which he agreed to run the race out on Furlong and Dobbins. Steele was appointed stakeholder and Mike Lucie the pugilist agreed upon as starter. The race took place at the appointed time. The men toed the scratch and Ross made a brush over the line and Lucie fired the pistol. Dobbins made an effort, but Ross had secured such an advantage at the start that he won without difficulty. After the race Furlong and Dobbins claimed that they had been robbed, and upon the winners refusing to refund their part of the stakes, swore out the warrants upon which Holmes and Steele were arrested. Price 10 and 75 cents per bottle. WHAT ON EARTH—Is the reason people will not, cannot, or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing.—W. H. Chedie Druggist. However careful one may be in selecting meats it always remains with the butcher to allow them the opportunity. The late hard winter caused a rapid decline in fine beef and lambs but some Nevada cattlemen were fortunate enough to be well supplied for their own shops. M. C.
