

TRUE AS THE GOSPEL.

California has a direct, friendly and inalienable interest in the prosperity of Nevada. It will be well for us when Nevada has 500,000 people, and still better when she has a million.

And now we have a free coinage bill to fight for and those who fight for it can do so without fear that the loss of the bill will be as bad a disaster as it would have been a month ago.

COAST NEWS.

A large area of grass land was burned over at Merced Falls Wednesday.

An unknown man was killed by the South-bound train at Livingston, Merced county, Cal., Tuesday morning. He was evidently a forger, was dressed as a laboring man, and had thirty pieces of soap of various varieties in his pockets.

The Humboldt Standard has set the people of Eureka, Cal., wild by stating that tests made of the rock supplied by the contractor of the jetties contains free gold that assays from \$20 to \$50 a ton.

CROP NOTES.

Currants and gooseberries grow in abundance this year, and the trouble of picking is all that is necessary to get them.

The hay stacks are appearing all over the valley, waiting for the press.

The second crop of alfalfa is now ready to be cut.

Considerable fruit was killed in the bud.

Nevada's potatoes will secure the cake this year.

Corn is thriving throughout the State, and considerable feed will be stowed away in stacks.

The grass crop was rather late this year because of the valley floods, but is all the better for its lateness.

Vegetables are in their prime now, and the price is becoming lower.

The grain is showing its yellow tinge, and inside of two weeks the reapers will be in full swing.

If summer keeps up its lick the ice crop is liable to be good—for the ice man.

Bat Silver 108 3-4.

The quality of beef and other meats procurable at the butcher shop of M. C. Gardner, Jr., cannot be surpassed anywhere.

A RARE OPPORTUNITY.

Good Agricultural Land for \$10 to \$20 per Acre.

The Pacific Improvement Company has recently purchased twelve thousand acres of land in the heart of Tehama County, for the purpose of promoting subdivision and settlement.

The primary object of the purchase of this body of land was the breaking up of large holdings for the purpose of promoting its settlement in smaller quantities and its devotion to diligent husbandry.
