

NOT THE MAN FOR STOCKTON.

The name of the Rev. D. L. Munro, of Stockton, has been stricken from the roll of the Presbytery. Mr. Munro is the unfortunate man who took the maxims of the New Testament literally and, having committed a grave fault, arose before the congregation, confessed it and asked forgiveness. He did not get what he asked. He got what is known in the language of the unregenerate as the "G. B." He mistook the age. The congregation of the period wants its pastor, if he have wandered from the straight path, to cover up his tracks and not have a scandal over it. In fact they often stand ready to help him to cover said tracks from the prying and unsympathetic eyes of outsiders. The eleventh commandment is, "Don't be found out." What could be thought of the Rev. Mr. Munro for actually giving himself away? What his congregation thought was that he was not the man for Stockton; and we agree with them.

We are interested now to know what will be done with the candid old lady who arose in her place when Mr. Munro had finished his startling confession, and stated that she herself had often felt the promptings of evil-doing so graphically described by her beloved pastor, and she hoped her brethren and sisters would think none the worst of him for it!

BUFFALO BILL'S OPINION.

NEW YORK, December 2.—The Herald has a dispatch from W. F. Cody at Mandan, Dak., which says:

"Have just arrived from Sitting Bull and Chief Gall country. When I left yesterday they were still dancing, the men, women and children. They said they were going to dance all winter or die, and if they did it would be good medicine, as they would come to life in the spring and would not be cold and hungry this winter. In this part of North Dakota Sitting Bull is a great disturber and prophet. The situation is most critical. If it were spring there would be war, and as the Indians are so well armed and mounted, many a home would be laid low and many thousands of innocent lives be lost. Troops are arriving and getting in position, thus giving the unprotected settlers more confidence. If General Miles cannot handle this question no other man need try. The Indians are waiting for the coming of the Messiah. The winter has set in and if the Messiah does not get a move on himself the snow will blow through his whiskers so rapidly that he will forget to materialize."

A fight is expected soon now and when the smoke has cleared away, the battered Indian villages will be noble examples for the balance of the red devils.

A GOOD ACT.

Millie Panhurst the San Francisco girl who shot and killed the brute that ruined her should be held up to the world as a benefactor to womankind. All along the streets we find these unprincipled curs who spend their idle moments in scheming for the ruin of some young girl they know to be pure. Miserable whelps who live in such channels of thoughts and that have such degraded regard for virtue ought to be shot and the person who does the work should be as Millie Panhurst has been, acquitted by the jury.

The McKinley Tariff bill increases the duties on the following farm products: wool, hemp, flax, flax-seed, barley, horses and mules, eggs, cheese, potatoes, peas, beans, hay, hops, cattle, sheep, other live animals, malt, oatmeal, wheat, wheat-flour, butter and condensed milk, which farm products we imported last year to the value of \$45,530,523, thus giving profitable employment to a great number of British ships.

THE MANHATTAN

Life Insurance Co.,

OF NEW YORK.

ASSETS \$12,000,000.

BETTER THAN A

GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows:

Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.
