The Calf Club of Virginia City has disbanded. Perhaps the calves couldn't come up to the qualifications in rotundity, size or shape. Misrepresentation.

A reputable citizen who has been in Virginia City for the past few days, informed an APPEAL reporter yesterday that business was very dull in that city, and that the mining strikes given credence in the new-papers had no foundation in fact. "But," he added, "you needn't say anything about that, as it might discourage people."

Now, it strikes this writer, that it is a good deal better in the long run to state such things just as they are, than to encourage the people when there are no grounds for the same. If the reports of strikes are untrue, no special credit is reflected on the parties who have given them circulation.

The University Cadets were yesterday organized into two companies by Lieutenant Neal, who appointed Frank Norcross as Captain of one and Francis Frey as Captain of the other, with a full complement of officers.
