The Chicago Fair.

Are you going to the World's Fair? Everybody is going if able. And now everybody is able, because an incorporation has been formed in Chicago, composed of the leading citizens and most responsible men there, and they offer the most enticing inducements at the cheapest possible rates.

They sell a ticket for \$131, that absolutely covers everything, on the installment plan. This certificate entitles the holder to first class transportation to and from Chicago from Carson during the Fair, transportation to and from depot and hotels for self and baggage, six admissions to the Fair with your lunch on the grounds, fourth, first class board and lodging for six days in their own commodious hotels and lastly their competent guides will see that all holders are shown around and miss nothing. Think of the crowded condition of Chicago during the fair and then of the ease and comfort of this method.

Only \$131 for everything and that as follows: \$6 down at time of signing contract, balance in equal monthly installments from time of signing till April 1st, 1893. It is a good bank company as holders may have their money back at any time, less the first six for expenses, etc. Certificates are transferable and non-forfeitable.

If you are interested get and read one of the small hand circulars. Agent in Carson

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

Don't think glasses are only for old people; it is a great mistake. A glass becomes to the over-burdened muscle of the eye as much of a necessity as food to the empty stomach or cane to him who has not the full power of his legs. If you have trouble with your eyes see Dallas Dodd and have a pair of glasses accurately adjusted. Difficult cases solicited from those who have failed to secure satisfaction elsewhere. Office at Ormsby House parlors. All work guaranteed to give satisfaction or money refunded. o16

Dr. Fox treats all diseases of the rectum, including hemorrhoids, fistula, fissures and ulcers, on modern scientific principles and radically cures without pain, without loss of blood and detention from business. \*

ALL SORTS.

A storm is on the tapis.

Senator Williams returned from San Francisco yesterday.

If you don't use Lily White Flour you don't get the best.

Slossen beat Schaeffer in New York at the big billiard game.

Carson ought to celebrate Admission Day in some fitting way.

A trial is all that is necessary to warrant the use of "Lily White" Flour.

Two Russians are talking of fighting a regulation duel in San Francisco.

Billy Smith of Australia whipped Con Beardon before the California Club.

The Johnson-Williams layout will be tried at 2 today for disturbing the peace.

Miss Forbes who has been visiting Miss Toby for several weeks returned to Hawthorne yesterday.

Tilden's will has at last been broken. He ought to have had the late Governor Stevenson write it for him.

Dr. Stimms, an Oakland phrenologist, has brought suit against Mrs. Stanton, a San Francisco physiognomist, for infringing a copyright.

The many friends of Mrs. C. C. Powning will be glad to know that she is steadily improving in health under the treatment she is receiving in Philadelphia.

Jim Townsend says: Wild or tame ducks, chickens, cordwood or money, taken for subscription to the Index. Also old clothes and cathartic pills.

The new German rifle carries but 223 grains and has initial velocity nearly twice ours. The bullet is of lead 1.06 inch in length and the casing of German silver.

At Erie, Pa., yesterday, in transferring a body which had been buried four days, evidences of a terrible struggle in the coffin showed that the man had been buried alive.

There may be some truth in the rumor that Rudyard Kipling has an American sweetheart. It is certainly difficult to imagine a man crossing the Atlantic for pleasure in October.—Chronicle.

The Deputy Sheriff has been out the past few days collecting liquor licenses from the women in the lower part of the city, and meeting with fair success. The tariff is \$20 a quarter where liquor is sold.

Direct is now king of the pacing world, having paced in 2:08 at Columbus. A dispatch says that the track is "kite shaped and down hill all the way." A track of that kind must be something of a novelty.

Mushrooms are still popping in waste places. In no other place in the world at this altitude, does the delectable fungus multiply itself so late in the season. Nevada is the only place on earth that produced a 14-pound mushroom.

The Chloride Belt says the outlook at Aurora is brighter than it was a couple of months ago. About 17 men are working in the old camp now. The Del Monte Mill will start up on custom ore for a short run next week.

At San Diego incandescent electric lights are lowered into the water at night and a large net placed below them. The fish are attracted by the glare and are plainly visible. When sufficiently full the nets are hauled up, and the catches are said to be enormous.

In the controversy now raging between Mr. A. C. Wheeler (Nym Crinkle) and Mr. Joseph Arthur, one writes like a gentleman and the other like an advance agent. One only has to read the letters from the two disputants published in the Dramatic news, to be able to decide which of them can write a play.

Having secured the services of the well known Carson shoemaker Mr. E. F. Morton, we are prepared to do all custom work and repairing at short notice, and in a first class manner. Jason B. Burlingame. o10

TWO SCRAPS.

R. W. Reid and James Mackay Hunt Trouble.

Yesterday afternoon about one o'clock Jack Mackay came into Kasper's saloon and announced his ability to lick any man in the county of Ormsby.

Several good scrappers were in the saloon, but no one said anything. He finally announced that he could hypaotize William Clarke and closed in to do so.

Mr. Clark dodged and swung a right-hander under the lee of Mackay's jaw, putting him severely to sleep. His nap lasted several minutes. Clark's hand was injured by the blow and is carried in a sling. His left eye is somewhat contused, but he says it was done by a cat.

This is the version of the Clark faction. The other side is still to hear from. But the scrap of the week was at Sweeney's saloon the night before.

About 10 o'clock R. Reid, the ex-Assemblyman, came in and said he could dust the ceiling with any in the city.

He then remarked parenthetically that he could lick the entire room and more from the outside. Receiving no response he said he would like to scrap with some regular puglist in good standing and advanced to Prof. Brady. The fettle youth landed several times on Reid's jaw and knocked him down in each instance.

He then picked him up and knocked him down again. During the scrap, which lasted about an hour, the place was the scene of great excitement. Reid wants a return match.

The Tug on the Comstock.

So much interest has been shown on the Comstock in the tug-of-war contest that arrangements are being made to have a big pull here. American, English, French, Canadian, Scotch, Irish and Italian teams will probably be organized, and it is possible that Gold Hill, Silver City and Virginia may take a pull at the cable. The colored people will also be invited to furnish a contingent. It was at first contemplated to give the Chinese a chance, but they are too light waisted to make it interesting unless given large odds as to numbers.—Enterprise.

French Tansy Wafer.

These wafers are for the relief and cure of painful and irregular menses, and will remove all obstruction, no matter what the cause, and are sure and safe every time. Manufactured by Emerson Drug Co., San Jose, Cal., and for sale only by A. E. Harris, City Drug Store. o281y.

It would seem that Ormsby is not the only county blessed with an economical attorney.

The following is from the Oakland Times: It would save expense to Placer county if the District Attorney who dismissed the charge against the train wreckers because it would cost too much to try them were taken out and made acquainted with the sustaining power of a telegraph pole. Almost any county would furnish the rope.

All Hallow Eve.

Next Saturday evening is All Hallow Eve, and Carson boys are notorious for raising Cain on that night.

Leading citizens have applied to the Sheriff for protection to property on that evening, and he proposes to see that good order prevails. Of course, he understands that boys will be boys, but at the same time the property of citizens must not be destroyed.

The taking away of gates and signs is larceny.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely in your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
