The Chicago Fair.

Are you going to the World's Fair? Everybody is going if able. And now everybody is able, because an incorporation has been formed in Chicago, composed of the leading citizens and most responsible men there, and they offer the most enticing inducements at the cheapest possible rates.

They sell a ticket for \$131, that absolutely covers everything, on the installment plan. This certificate entitles the holder to first class transportation to and from Chicago from Carson during the Fair, transportation to and from depot and hotels for self and baggage, six admissions to the Fair with your lunch on the grounds, fourth, first class board and lodging for six days in their own commodious hotels and lastly their competent guides will see that all holders are shown around and miss nothing. Think of the crowded condition of Chicago during the fair and then of the ease and comfort of this method.

Only \$131 for everything and that as follows: \$6 down at time of signing contract, balance in equal monthly installments from time of signing till April 1st, 1893.

It is a good bank company as holders may have their money back at any time, less the first six for expenses, etc. Certificates are transferable and non-forfeitable.

If you are interested get and read one of the small hand circulars. Agent in Carson

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

Don't think glasses are only for old people; it is a great mistake. A glass becomes to the over-burdened muscle of the eye as much of a necessity as food to the empty stomach or cane to him who has not the full power of his legs. If you have trouble with your eyes see Dallas Dodd and have a pair of glasses accurately adjusted. Difficult cases solicited from those who have failed to secure satisfaction elsewhere. Office at Ormsby House parlors. All work guaranteed to give satisfaction or money refunded. o16

Dr. Fox treats all diseases of the rectum, including hemorrhoids, fistula, fissures and ulcers, on modern scientific principles and radically cures without pain, without loss of blood and detention from business. o10

ALL SORTS.

Regular service in the churches today.

The evenings are exceedingly pleasant.

W. S. Bailey the cattleman, was in the city yesterday.

If you don't use Lily White Flour you don't get the best.

Ten thousand lives are reported lost by an earthquake in Japan.

The California Supreme Court has knocked out the pool rooms.

Misses Birdie and Bell Klein departed for San Francisco last evening.

Blaine says that Chili must give satisfaction, and Egan has been recalled.

A trial is all that is necessary to warrant the use of "Lily White" Flour.

Meyers has a new kind of potatoe known as the Antedeluvian Monster.

Grizzly Plug Cut makes the coolest smoke. A duceen with each can at Chas. H. Kelly's.

Over 300 convicts working in the Tennessee coal mines were released by free miners on Friday.

The San Francisco Grand Jury has cited Senator W. H. Williams to appear before it for contempt.

Carson's consolidated, colossal, colored carnival combination is the next on the boards. Nov. 13.

For fine watch and jewelry repairing go to Golden's. We are receiving new and elegant designs in jewelry every day. s1f

The blue pencil editor of the Enterprise must have been out of town when "The Water Flume Trust" item was smuggled in.

There is talk of getting up a souvenir for the plucky waiter girl at the Briggs House who smashed a plate over a fellow's head for insulting her.

The Capitol Minstrels have compiled their program, and it contains a number of features calculated to surprise a good many people when they see the first performance.

D. Circe, of the Carson Exchange, has donated to the Carson Rod and Gun Club a river canoe, 25 feet in length, and formerly used by Mr. Circe for wood driving on the Carson.

Sheriff Turner, of Lincoln county, arrived yesterday with two boarders for Warden McCullough. The men were convicted of murder in the second degree for killing a coal burner in Lincoln and were sent up for fifteen years each.

Sullivan is back from Australia broke, and is willing to fight anybody. Slavin is anxious to meet him. It would be a great fight. Sullivan never met such a punisher as Slavin, and Slavin never met such a right handed fighter as John Corbett is challenging everybody in the papers except Jackson, whom he appears to avoid.

A prominent English actress arrived in Europe says that in her opinion Mrs. Langtry will never again appear on the stage. It is said she is still wearing bandages around her broken jaw, and although she is under the care of one of the best surgeons in Paris it seems probable that her facial beauty is permanently marred.

C. P. Huntington has just had a strange experience in New York. He backed a newspaper to the extent of \$160,000 and is out every cent of it.

A man with a glib tongue and plenty of assurance frequently runs up against some individual who has some money and gets a backer for a paper.

It seems nice to have an organ but the bloom soon wears off the peach and the backer of the paper draws out a sadder and wiser man and spends the rest of his life trying to figure where all that money went to.

Having secured the services of the well known Carson shoemaker Mr. E. F. Morton, we are prepared to do all custom work and repairing at short notice, and in a first class manner. Jason S. Burlingame. o10

Why is This?

A few evenings since there was a fight in a Main Street saloon in this city, which lasted two hours. There was no police interference and no arrests.

All this comes from there being only one watchman on duty at night, and he cannot be in more than one place at a time.

Now the revenue in licenses from seven gambling games in this city alone is over \$600 a month, and a watchman's salary is only \$100 a month.

It is high time there was at least three watchmen on duty at night in this city, and the revenue collected from one source alone entitles taxpayers to this amount of protection.

Read Closer.

The Gazette is quite delighted with C. P. Huntington's letter to Jeremiah Lynch of the S. F. Grand Jury. It should read the letter a little closer. It closes as follows:

I would willingly give to the Grand Jury, and of course through them to the public, all the books of the companies named in your letter if I thought they would show where any money had been used for dishonest purposes. I have been opposed to using any moneys from the company's treasury for any political purposes. I am yours very truly. C. P. HUNTINGTON.

The italics are our own and merely show where Mr. C. P. H. is having a little fun with Jerry Lynch.

Following Blaine's Precedent.

There is really nothing in Chili's reply to the United States which need be twisted into an excuse for war. Some American sailors were killed by a mob and America demands immediate satisfaction.

Chili replies that the authorities are investigating the matter and that it is now too early to say what will be the result of their investigation. This is precisely the reply Blaine gave to Italy when repatriation was demanded for the shooting of the Italian prisoners at New Orleans.

Change of Time.

The new time table goes into effect today. The V. & T. passenger train will arrive at 9:40 and depart for Virginia at 9:50. The evening train will depart at the same time as at present, and passengers for San Francisco will have to wait in Reno and hour and three quarters before proceeding west.

A Slick Chicken Thief.

There is a man in Carson who was caught stealing chickens from a widow. He baited a fish line with grains of corn and yanked the chickens from her yard into his and ate them. When caught at his tricks he settled for the broilers to avoid arrest.

A Great Hit.

The presentation of the "Interviewer" on the Comstock was a great hit. Virginia never before saw such a rattling amateur performance and the town is loud in its praise of our local troupe.

A Bad Man to Rile.

Billy O'Brien of San Francisco, is what the boys call "hot stuff."

A few days ago three men jumped him and gave him a terrible beating. He was laid up in the hospital a couple of days, where he was sewed up and put on his feet.

He announced that in 24 hours he would hunt his assailants singly and send them to the hospital also. Inside of three hours he sent in No. 1 with a fractured skull. No. 2 came in about 10 in the evening with his nose flat to his face and an eye closed. About 2 in the morning No. 3 was brought in on a stretcher and his mother would not know him. Then Billy himself came in to see how they got along.

Railroad Travel.

In Australia the Government owns the railroads. It only costs a person \$6.50 to ride 1,000 miles there. Commutation rates for local service are still lower. A workman can ride to and from his work, a distance of six miles, for two cents a trip; twelve miles for four cents; twenty four miles for eight cents; thirty miles, ten cents. Yearly tickets, good for thirty-mile trips, are sold for \$17.40 This is a kind of centralization we need in this country, it centralizes bread and meat into the mouths of the workingmen's children and puts clothes on their backs. —Home Sentinel.

Public Parks.

In the course of a recent address by W. H. Mills, the Southern Pacific Railroad Company's Land Agent, the following interesting paragraph occurs: "Every town should have at least one public square from two to three acres with its pretty fountain and well cared for trees and plants, and its streets should be lined with graceful shade. Such grateful verdure would go far to relieve the monotony of the long, hot beams that shine from a sun in a brassy sky, of which we all get as tired as we do of a long tune from a hand organ."

In one thing the candidate for Governor on the Republican ticket in New York has a decided advantage over his opponent—he talks German as well as English, and when he gets in a German district he talks to the people in their own tongue, and they declare that it is absolutely amazing how excellent his language is. So far, so good; but while he is making his German speeches, the agent of the Democratic candidate is buying German beer for the people, and it is a fight between beer and intellect. In a case of this kind at the distance, the outcome looks dubious for the Republican candidate in a strictly German precinct. —Salt Lake Tribune.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and our prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
